Brian Tucker, Coleman A. Baker, 2014-01-02 Combining the insights of many leading New Testament scholars writing on the use of social identity theory this new reference work provides a comprehensive handbook to the construction of social identity in the New Testament Part one examines key methodological issues and the ways in which scholars have viewed and studied social identity including different theoretical approaches and core areas or topics which may be used in the study of social identity such as food social memory and ancient media culture Part two presents worked examples and in depth textual studies covering core passages from each of the New Testament books as they relate to the construction of social identity Adopting a case study approach in line with sociological methods the volume builds a picture of how identity was structured in the earliest Christ movement Contributors include Philip Esler Warren Carter Paul Middleton Rafael Rodriguez and Robert Brawley **Conflict and Identity in Romans** Philip Francis Esler, 2003-11-07 What is the purpose of Paul's letter to the Romans Esler provides an illuminating analysis of this epistle employing social scientific methods along with epigraphy and archaeology His conclusion is that the apostle Paul was attempting to facilitate the resolution of intergroup conflict among the Christ followers of Rome especially between Judeans and non Judeans and to establish a new identity for them by developing a form of group categorization that subsumes the various groups into a new entity Romans: A Social Identity Commentary William S. Campbell, 2023-01-26 William S Campbell provides a comprehensive commentary on Paul's most challenging letter In conversation with reception history and previous scholarship he emphasizes the contextuality of Romans as a letter to Rome using social identity theory combined with historical literary and theological perspectives to arrive at a coherent reading of the entire letter Because Paul has never visited Rome and is not the founder of the Christ movement there Campbell argues that his guidance and teaching are formulated more cautiously than in his other letters Yet the long list of people who had previous links with him and his mission to the gentiles demonstrates that Paul is well informed about the situation in Rome and addresses issues that have arisen With Christ the Messianic Time is beginning but there was some lack of clarity in Rome about the implications of this for Jews and gentiles Rather than ethne in Christ replacing Israel as some in Rome possibly concluded Campbell stresses that Paul affirms the irrevocable calling of Israel and that simultaneously the identity of ethne in Christ is also called alongside the people Israel thus the integrity of the identity of both is affirmed as indispensable for God's purpose now revealed in Christ Campbell fully demonstrates how Paul in Romans achieves this by the social and theological intertwining of the

Strauss, 2019-11-19 A Comprehensive Guide to Discipleship in the New Testament and Today's World Although the concept of discipleship is an integral part of New Testament teaching it has largely faded from discussion in both the academy and the local church To revive and reclaim this teaching for believers in the twenty first century editors John Goodrich and Mark Strauss have assembled an expert team of scholars to uncover what every New Testament book teaches about discipleship providing a comprehensive biblical picture In addition other contributors explore discipleship in the context of the local church spiritual formation and the life of the mind Together these essays point the way forward for becoming more like Jesus Christ and helping others do the same in our personal and corporate lives An impressive roster of scholars who have addressed a vital but often neglected topic in both the church and in the academy Rich with insight Following Jesus Christ represents a major advance in this essential area of study Craig A Evans Houston Baptist University We are treated here to a survey of what discipleship means in the New Testament from experts in the field and we also see some of the wider dimensions of discipleship in this important work All those wanting to understand discipleship will find this to be a valuable resource Thomas R Schreiner The Southern Baptist Theological Seminary

A Tale of Two Churches UnChan Jung, 2021-09-07 Though a majority of commentators have admitted or naturally assumed that there were many divergences amongst the Pauline churches many tend to concentrate on similarities more than dissimilarities contra John M G Barclay Craig de Vos Especially the previous scholarly treatments of divergences in the Pauline churches have shed little light on certain areas of study in particular the early Christians socio economic status The thesis therefore underlines the conspicuous differences between the Thessalonian and Corinthian congregations concerning their socio economic compositions social relationships and further social identities while extrapolating certain circles of causality between them through socio economic and social scientific criticism This study concludes Paul's teachings of grace community and ethics

were manifested and modified in different communities in different ways because of these different socio economic contexts
