Roman Social Relations 50 Bc To Ad 284:

Roman Social Relations, 50 B.C. to A.D. 284 Ramsay MacMullen, 1974-01-01 In this interesting and suggestive book Professor MacMullen views anew an important and rather neglected aspect of Roman social relations A perceptive and sensitive interpreter he has drawn widely upon the scattered and unorganized evidence about the poorer classes rural and urban in much of the Roman Empire and presents a fresh picture of their conditions attitudes and aims T Robert S Broughton Ramsay MacMullen s work is always provocative and illuminating This book is no exception Through good writing clear presentation and outstanding common sense judgment the author has given us chapters to be read with pleasure by a large audience Specialist or not This fine book represents for us what we may legitimately know of ancient society American Historical Review Much of the evidence which MacMullen uses in his narrative is illuminating much of the analysis and argument lucid and compelling Roman Social Relations is an interesting and lively book that should certainly be read by anyone interested in the social history of the ancient world Journal of Social History Ramsay MacMullen is the author of Paganism in the Roman Empire and Roman Government s Response to Crisis A D 235 337 among other works He is Dunham Professor of History and Classics at Yale University and is currently president of the Association of Ancient Historians

Review of MacMullen :Roman social relations, 50 B.C. to A.D. 284 Arnaldo Momigliano, 1974 **Fair Play: Diversity and Conflicts in Early Christianity** Ismo Dunderberg, Christopher Tuckett, Kari Syreeni, 2014-04-09 This collection of essays in honour of Heikki R is nen New Testament professor at the University of Helsinki consists of 22 essays written by his colleagues and students on Jesus the gospels Paul early Christianity and biblical interpretation R is nen s own research has been characterized by methodological awareness combined with a keen interest in ethical issues Both these aspects come to expression in his insistence on fair play as a correct scholarly attitude involving an honest dialogue a real encounter and a recognition of diverging opinions In this spirit most of the essays in this book lay emphasis on issues related to early Christian diversity and conflicts and to their challenge in modern society The book is useful for scholars academic teachers and students interested in various aspects of the New Testament early Christianity and hermeneutics *The Oxford Handbook of Social Relations in the Roman World* Michael Peachin, 2011 The study of Roman society and social relations blossomed in the 1970s By now we possess a very large literature on the individuals and groups that constituted the Roman community and the various ways in which members of that community interacted There simply is however no overview that takes into account the multifarious progress that has been made in the past thirty odd years The purpose of this handbook is twofold On the one hand it synthesizes what has heretofore been accomplished in this field On the other hand it attempts to configure the examination of Roman social relations in some new ways and thereby indicates directions in which the discipline might now proceed The book opens with a substantial general introduction that portrays the current state of the field indicates some avenues for further study and provides the background necessary for the following chapters

It lays out what is now known about the historical development of Roman society and the essential structures of that community In a second introductory article Clifford Ando explains the chronological parameters of the handbook The main body of the book is divided into the following six sections 1 Mechanisms of Socialization primary education rhetorical education family law 2 Mechanisms of Communication and Interaction 3 Communal Contexts for Social Interaction 4 Modes of Interpersonal Relations friendship patronage hospitality dining funerals benefactions honor 5 Societies Within the Roman Community collegia cults Judaism Christianity the army and 6 Marginalized Persons slaves women children prostitutes actors and gladiators bandits The result is a unique up to date and comprehensive survey of ancient Roman society

Christianity in the Greco-Roman World Moyer V. Hubbard, 2010-01-01 Background becomes foreground in Moyer Hubbard's creative introduction to the social and historical setting for the letters of the Apostle Paul to churches in Asia Minor and Europe Hubbard begins each major section with a brief narrative featuring a fictional character in one of the great cities of that era Then he elaborates on various aspects of the cultural setting related to each particular vignette discussing the implications of those venues for understanding Paul's letters and applying their message to our lives today Addressing a wide array of cultural and traditional issues Hubbard discusses religion and superstition education philosophy and oratory urban society households and family life in the Greco Roman world This work is based on the premise that the better one understands the historical and social context in which the New Testament and Paul's letters was written the better one will understand the writings of the New Testament themselves Passages become clearer metaphors deciphered and images sharpened Teachers students and laypeople alike will appreciate Hubbard's unique illuminating and well researched approach to the world of the early church

Acts Craig S. Keener, 2020-04-02 Makes more widely available and accessible the research behind Keener's monumental acclaimed 4500 page commentary on Acts

Documents and Images for the Study of Paul Neil Elliott, Mark Reasoner, 2010-11-01 Documents and Images for the Study of Paul gathers representative texts illustrating Jewish practices Greco Roman moral exhortation biblical interpretation Roman ideology apocalyptic visions epistolary conventions and much more to illustrate the complex cultural environment in which Paul carried out his apostolic work and the manifold ways in which his legacy was reshaped in early Christianity Brief insightful introductions orient the reader to how these sources might play a role in different contemporary interpretations of Paul's life and thought Lavishly illustrated with more than one hundred black and white photographs charts a map and timeline of Paul's world this sourcebook is a welcome resource for courses on Paul and his letters

Hidden Transcripts and the Arts of Resistance Richard A. Horsley, 2004 The essays in this volume develop the highly suggestive insights and theory of James C Scott especially those related to patterns of domination and subordination the role of religion in supporting or opposing the powerful and the arts of resistance by the subordinated to tackle key issues in the interpretation of Jesus and Paul All the contributors implicitly or explicitly assume a stance sympathetic with subordinated peoples of the past and present While all pursue primarily critical literary historical

and social analysis on New Testament texts in historical contexts some also examine illuminating historical or contemporary comparative materials In addition some even find Scott useful in critical self examination of scholarly motives stances and approaches in relation to texts and their uses The contributors are Allen Dwight Callahan Warren Carter Neil Elliott Susan M Elliott Erik Heen William R Herzog II Richard A Horsley Cynthia Briggs Kittredge and Gerald West Paperback edition is available from the Society of Biblical Literature www.sbl-site.org *The Mysteries of Righteousness* Walter T.

Wilson,2013-03-01 As the Christian church moved from its inception in an Eastern Oriental culture westward across Asia Minor Turkey into Greco Roman culture with primarily a Western philosophy theology and values Jesus message and Paul s teachings began to be interpreted according to those cultural norms While Paul kept calling his churches back to their Jewish roots and Eastern values the Jewish voice was lost when the Jerusalem church dispersed as Israel fell during the Jewish Revolt of 66-73 AD The temple was destroyed its clergy silenced and Judaism seemed irrelevant to the growing Christian church The church had become primarily Gentile in theology and philosophy and its Hebrew foundation was largely forgotten and lost In *Beyond Christian Folk Religion* Beckstrom brings the reader back to Jesus roots Romans 11:17-23 and to the core of Paul s message *Unveiling Empire* Wes Howard-Brook,Anthony Gwyther,1999 Confused by end of the world readings or put off by the dense and mysterious imagery many readers hesitate to explore the Book of Revelation *Unveiling Empire* offers a new entree into this troubling and controversial book of the Bible by examining the roots and social purposes of apocalyptic literature and Revelations own use of traditional imagery In this way the authors provide readers with the tools for deciphering the texts message and its urgent applications for Christians today living amidst a new kind of empire **The**

Illumination of History Aaron Michael Jensen,2025-04-30 *The Illumination of History* is a Festschrift in honor of Glen L Thompson professor emeritus at Wisconsin Lutheran College Milwaukee Wisconsin and Asia Lutheran Seminary Hong Kong Among Thompson s works in various areas of church history are *The Correspondence of Julius I* 2015 *In This Way We Came to Rome With Paul on the Appian Way* 2023 with Mark Wilson and Jingjiao The Earliest Christian Church in China 2024 This Festschrift celebrates Thompson s broad contributions in church history with twenty two essays on New Testament history patristic history patristic historiography papal history Chinese Christian history and historical languages All of these essays serve as examples of how the study of history can provide illumination for the church *Between History and Spirit* Craig S.

Keener,2020-03-23 Craig Keener is known for his meticulous work on New Testament backgrounds but especially his detailed work on the book of Acts Now for the first time in book form Cascade presents his key essays on Acts with special focus on historical questions and matters related to God s Spirit **Dictionary of New Testament Background** CRAIG A EVANS,STANLEY E PORTER,2020-05-21 *The Dictionary of New Testament Background* joins the *Dictionary of Jesus and the Gospels* the *Dictionary of Paul and his Letters* and the *Dictionary of the Later New Testament and its Developments* as the fourth in a landmark series of reference works on the Bible In a time when our knowledge of the ancient Mediterranean

world has grown this volume sets out for readers the wealth of Jewish and Greco Roman background that should inform our reading and understanding of the New Testament and early Christianity The Dictionary of New Testament Background takes full advantage of the flourishing study of the Dead Sea Scrolls and offers individual articles focused on the most important scrolls In addition the Dictionary encompasses the fullness of second temple Jewish writings whether pseudepigraphic rabbinic parables proverbs histories or inscriptions Articles abound on aspects of Jewish life and thought including family purity liturgy and messianism The full scope of Greco Roman culture is displayed in articles ranging across language and rhetoric literacy and book benefactors travel and trade intellectual movements and ideas and ancient geographical perspectives No other reference work presents so much in one place for students of the New Testament Here an entire library of scholarship is made available in summary form The Dictionary of New Testament Background can stand alone or work in concert with one or more of its companion volumes in the series Written by acknowledged experts in their fields this wealth of knowledge of the New Testament era is carefully aimed at the needs of contemporary students of the New Testament In addition its full bibliographies and cross references to other volumes in the series will make it the first book to reach for in any investigation of the New Testament in its ancient setting

The Gospel to the Romans Brian Incigneri, 2003-08-01 This book proposes that Mark's Gospel was written in Rome in late 71 after the return of the feared Titus who had recently destroyed the Jerusalem Temple Recognising that the use of emotional appeals was a prime contemporary rhetorical tool it shows the Gospel to be an emotionally charged text aimed at readers traumatised by years of persecution fear of arrest and intra community tensions over the forgiveness of those who had failed It examines the political social and religious situation and shows that the Gospel contains allusions to many recent events of concern to Christians Mark stirs their fears and painful memories to move them to a new resolve providing a model for them Jesus the first martyr for the gospel

The Social History of Rome (Routledge Revivals) Dr Geza Alföldy, 2014-10-14 This study first published in German in 1975 addresses the need for a comprehensive account of Roman social history in a single volume Specifically Alföldy attempts to answer three questions What is the meaning of Roman social history What is entailed in Roman social history How is it to be conceived as history Alföldy's approach brings social structure much closer to political development following the changes in social institutions in parallel with the broader political milieu He deals with specific problems in seven periods Archaic Rome the Republic down to the Second Punic War the structural change of the second century BC the end of the Republic the Early Empire the crisis of the third century AD and the Late Empire Excellent bibliographical notes specify the most important works on each subject making it useful to the graduate student and scholar as well as to the advanced and well informed undergraduate

History, Culture, and Religion of the Hellenistic Age Helmut Koester, 2012-10-25 While the first American edition of this book published more than a decade ago was a revised translation of the German book *Einführung in das Neue Testament* this second edition of the first volume of the Introduction to the New Testament is no

longer dependent upon a previously published German work The author hopes that for the student of the New Testament it is a useful introduction into the many complex aspects of the political cultural and religious developments that characterized the world in which early Christianity arose and by which the New Testament and other early Christian writings were shaped

Introduction to the New Testament Helmut Koester,1995 **Christian Persecution, Martyrdom, and Orthodoxy**

Geoffrey Ernest Maurice De Ste. Croix,2006-09-28 This volume brings together seven seminal papers by the great radical historian Geoffrey de Ste Croix who died in 2000 on early Christian topics with an especial focus on persecution and martyrdom Christian martyrdom is a topic which conjures up ready images of inhumane persecutors confronted by Christian heroes who perish for the instant but win the long term battle for reputation In five of these essays Ste Croix scrutinizes the evidence to reveal the significant role of Christian themselves first as volunteer martyrs and later after the triumph of Christianity in the early fourth century as organizers of much more effective persecutions A sixth essay pursues the question of the control of Christianity through a comprehensive study of the context for one of the Church's most important and divisive doctrinal decisions at the Council of Chalcedon AD 451 the key role of the emperor and his senior secular officials is revealed contrary to the prevailing interpretation of Church historians Finally the attitudes of the early Church towards property and slavery are reviewed to show the divide between the Gospel message and actual practice Beginning from

Jerusalem James D.G. Dunn,2009-03-16 Beginning from Jerusalem covers the early formation of the Christian faith from 30 to 70 C E After outlining the quest for the historical church parallel to the quest for the historical Jesus and reviewing the sources James Dunn follows the course of the movement stemming from Jesus beginning from Jerusalem He opens with a close analysis of what can be said of the earliest Jerusalem community the Hellenists the mission of Peter and the emergence of Paul Then Dunn focuses solely on Paul the chronology of his life and mission his understanding of his call as apostle and the character of the churches that he founded The third part traces the final days and literary legacies of the three principal figures of first generation Christianity Paul Peter and James the brother of Jesus Each section includes detailed interaction with the vast wealth of secondary literature on the many subjects covered *Paul, The Apostle of Obedience* Jason A. Myers,2022-08-25 Jason A Myers reconsiders the meaning and context of the phrase the obedience of faith in Rom 1 5 and how it contributes to the theme of obedience in Romans In contrast to previous studies that have nearly exclusively focused on the obedience language in light of the Hebrew Bible and Second Temple literature Myers instead investigates how this language functioned within the Greco Roman world particularly in the discourse of the Roman Empire By studying both the Greco Roman contexts and the use of obedience language during the Empire Myers sheds fresh light on the meaning of the obedience of faith and concludes that such examination helps contemporary readers understand how Gentiles in Paul's audience would have heard and received the terms and images relating to obedience In addition he argues that Paul's use of obedience language both at the beginning and end of Romans 1 5 15 18 serves as rhetorical bookends and signals a theme

that is central to Paul's purpose in Romans and integral to his calling as an apostle to the Gentiles

Roman Social Relations 50 Bc To Ad 284 Book Review: Unveiling the Magic of Language
