Alfred Ollivant

Romance Of The Sea:

The Gentleman Alfred Ollivant, 2019-12-23 In *The Gentleman* Alfred Ollivant intricately weaves a narrative that explores the complexities of class and morality within late 19th century British society. The novel is characterized by its rich descriptive prose and keen psychological insights, presenting a multifaceted protagonist caught between the constraints of his upbringing and his aspirations. Through the use of sharp dialogue and vivid characterizations, Ollivant crafts a tale that engages deeply with the themes of identity, social expectation, and personal honor, all within a literary context that reflects the shifting dynamics of the era. Ollivant, an esteemed writer known for his keen observations of social class, draws on his own experiences and societal observations that likely informed the creation of *The Gentleman*. Having lived through the challenges and transformations of his time, the author infuses his characters with a sense of authenticity and depth that resonates with readers. His background in both literature and the realities of everyday life offers a unique lens through which he addresses the moral dilemmas faced by individuals in society. For readers keen on exploring the intersections of morality and social class, *The Gentleman* serves as a captivating examination of human behavior and societal constructs. Ollivant's novel is a thought-provoking addition to the canon of Victorian literature, making it essential reading for those interested in the era's complexities and the human condition.

A Romance of the Sea
A mortar hard by boomed the sea, splashed the sloop, scudded seaward laughing, and the dreamer awoke.

Sea-wolves of Seven Shores Jessie Peabody Frothingham, 1904 **The Sea and Medieval English Literature** Sebastian I. Sobecki, 2008 A fresh and invigorating survey of the sea as it appears in medieval English literature, from romance to chronicle, hagiography to autobiography. As the first cultural history of the sea in medieval English literature, this book traces premodern myths of insularity from their Old English beginnings to Shakespeare's *Tempest*. Beginning with a discussion of biblical, classical, and pre-Conquest treatments of the sea, it investigates how such works as the Anglo-Norman *Voyage of St Brendan*, the *Tristan* romances, the chronicles of Matthew Paris, *King Horn*, *Patience*, *The Book of Margery Kempe*, and *The Libelle of Englyshe Polycye* shape insular ideologies of Englishness. Whether it is Britain's privileged place in the geography of salvation or the political fiction of the idyllic island fortress, medieval English writers' myths of the sea betray their anxieties about their own insular identity: their texts call on maritime motifs to define England geographically and culturally against the presence of the sea. New insights from a range of fields, including

jurisprudence theology the history of cartography and anthropology are used to provide fresh readings of a wide range of both insular and continental writings **William Clark Russell and the Victorian Nautical Novel** Andrew Nash,2015-10-06 William Clark Russell wrote more than forty nautical novels Immensely popular in their time his works were admired by contemporary writers such as Conan Doyle Stevenson and Meredith while Swinburne considered him the greatest master of the sea living or dead Based on extensive archival research Nash explores this remarkable career
