Romantic Mysticism:

Romantic Review, 1929 **Mysticism in the Wesleyan Tradition** Robert G. Tuttle, 1989 *They Need Not Go Away* Timothy A. Rippstein, 2020-05-29 Have you ever wondered how the Lord sustained Martin Luther through one of the most personally and spiritually intense times in the history of Christendom And does God still do this today The answer is yes They Need Not Go Away is a practical book identifying and teaching modern day Millennials and Gen Zers about Lutheran spirituality It offers prayer practices designed and applied by Martin Luther the Reformer for modern families individuals adults and teenagers These spiritual practices are also applied to the modern Christian To support these practices and the Lutheran contribution to Christian spirituality this volume traces the influences of Martin Luther's piety from pre Reformation influencers to Dr Luther as he navigated the tremendous social cultural and ecclesiastical pressures of his time His spirituality is then traced through the next generations of Orthodoxy and Pietism identifying the shifts away from the affective aspects of Lutheran spirituality and elevation of the academic and more cognitive characteristics received in the twentieth century The goal is to recapture the wholistic spirituality including the cognitive affective and experiential features These are still useful in the hands of the Lord for today's believers *German Mysticism From Hildegard of Bingen to Ludwig Wittgenstein* Andrew Weeks, 1993-01-01 This book offers the reader an introduction to the writings of Hildegard of Bingen Meister Eckhart Tauler Nicholas of Cusa Paracelsus Jacob Boehme Angelus Silesius Novalis and includes the more recent thinkers such as Schopenhauer and Wittgenstein who were influenced by the tradition It is the first study of its scope to take into account the much ignored historical preconditions of German mysticism and the first to trace the thematic evolution of mystical literature from a core of biblical and Augustinian materials It also follows in the footsteps of recent scholarship in showing how German mysticism interacts with other currents in intellectual history such as the Reformation Romanticism or Modernism Instead of murky generalizations the reader will find clear discussions of representative literary documents analyzed with an eye to theme source style function and influence **History of the Development of the Doctrine of the Person of Christ** Isaak August Dorner, 1862 **The Encyclopaedia Britannica** Thomas Spencer Baynes, 1884 *History of Philosophy: History of the ancient and mediaeval philosophy. Ever since the word romantic and its many cognates in European languages began to be used as technical terms towards the end of the eighteenth century the quest for a satisfactory definition of their meanings has continued unabated This collection of essays traces the history of the word in the major European languages showing how romantic and its cognates were first introduced how their usage spread and their connotations proliferated and how their present usage became established This book opens with an introduction by the editor followed by an essay in which Professor Raymond Immerwahr Chairman of the Department of German University of Western Ontario shows how romantic and its cognates became fashionable in England France and Germany and traces the extension of the meanings of these words up to 1790 The story is then taken up in individual essays on the history of the word and its cognates in the major European countries in Germany by the editor in England by Professor George Whalley FRSC of the Department of English Queen s University Kingston in France by Professor Maurice Z Shroder of the Department of French Barnard College Columbia University in Italy by Professor Olga Ragusa of the Department of Italian Columbia University in Spain by Professor Donald L Shaw of the Department of Hispanic Studies University of Edinburgh in Scandinavia by Professor P M Mitchell of the Department of Germanic Languages and Literature University of Illinois and in Russia by Professor Sigrid McLaughlin of the Department of Slavic Studies University of California at Santa Cruz The final essay by H H H Remak Professor of German and Comparative Literature at the University of Indiana reports on trends of recent research on West European romanticism and suggests fruitful avenues for further exploration The book will be of immense value to students and specialists interested in literary linguistic and cultural aspects of romanticism and to those concerned with comparative literature and the history of ideas Hans Eicner taught at Queen s University Kingston from 1950 to 1967 when he was appointed Professor and Chairman of German University of Toronto Among his published books are Thomas Mann Eine Einf hrung in sein Werk Friedrich Schlegel Literary Notebooks 1797 1801 Reading German for Scientists Kritische Friedrich Schlegel Ausgabe in four volumes Four Modern German Authors Mann Rilke Kafka Brecht In 1967 he was elected a Fellow of the Royal Society of Canada John Wesley: A Theological Biography Martin Schmidt,2016-02-15 **Kenosis Creativity Architecture** Randall S. Lindstrom,2021-03-21 Kenosis Creativity Architecture locates and explores creativity s grounding in the ancient concept of kenosis the emptying that allows creativity to happen that makes appearance possible It concretises that grounding through architecture a primal expression of human creativity critically examining for the first time kenotic instantiations evidenced in four iconic international projects works by Kahn Pei Ando and Libeskind Then in a final turn the potentiality of architecture s own emptying is probed Architect and author Randall Lindstrom draws on Western and Eastern philosophy including that of Heidegger Levinas Derrida Vattimo Nishida and Nishitani as well as on the theology of Christianity Judaism and aspects of Buddhism Hinduism and Islam Every chapter expands the argument that if responsiveness to our world is taken seriously if proper and sustainable responses are to be realised then a deeper understanding of creativity and so kenosis is essential This

book opens up a way of thinking about creativity and humanity's readiness to be creative. It thereby presents a crucial enquiry at the nexus of architecture, philosophy, and theology for researchers, graduate and postgraduate students, and practitioners alike.

Ruysbroeck the Admirable Alfred Wautier d'Aygalliers, Fred Rothwell, 1925 **The Holy Spirit in the Mediaeval Church** Howard Watkin-Jones, 1922 Rienzi, Last of the Roman Tribunes Edward Bulwer-Lytton, 2023-12-15

In Rienzi, Last of the Roman Tribunes Edward Bulwer-Lytton intricately weaves historical fiction with romantic elements, presenting a vivid portrayal of Cola di Rienzo, a 14th-century Roman leader. The novel explores themes of power, ambition, and the social turmoil of medieval Rome, capturing the complexity of its characters amidst the backdrop of political strife. Bulwer-Lytton's lyrical prose is marked by its dramatic dialogue and rich descriptions, emulating the grand style of the Romantic period while echoing the struggle for personal and civic freedom. Edward Bulwer-Lytton, a prominent figure of Victorian literature, was renowned for his ability to blend adventure with social commentary. His fascination with history and politics, likely influenced by his own experiences as a Member of Parliament, informed his conception of Rienzi as a tragic hero, a visionary beset by the weight of his aspirations. Bulwer-Lytton's work often reflects his belief in the power of leadership and the impact of individual choices on the course of history, making this novel a fitting exploration of these themes. Readers seeking a narrative rich in historical detail and emotional depth will find Rienzi, Last of the Roman Tribunes a compelling read. Bulwer-Lytton's masterful storytelling beckons those interested in the interplay of history and myth, making it an essential addition to the canon of historical literature.
