Roman Military Disasters Paul Chrystal, 2015-11-30. Over some 1200 years the Romans proved adept at learning from military disaster and this was key to their eventual success and hegemony. *Roman Military Disasters* covers the most pivotal and decisive defeats from the Celtic invasion of 390 BC to Alaric's sack of Rome in AD 410. Paul Chrystal details the politics and strategies leading to each conflict, how and why the Romans were defeated, the tactics employed, the generals and the casualties. However, the unique and crucial element of the book is its focus on the aftermath and consequences of defeat and how the lessons learnt enabled the Romans usually to bounce back and win.

Textiles and Cult in the Ancient Mediterranean Cecilie Brøns, Marie-Louise Nosch, 2017-07-31. Twenty-four experts from the fields of Ancient History, Semitic philology, Assyriology, Classical Archaeology and Classical Philology come together in this volume to explore the role of textiles in ancient religion in Greece, Italy, the Levant and the Near East. Recent scholarship has illustrated how textiles played a large and very important role in the ancient Mediterranean sanctuaries. In Greece, the so-called temple inventories testify to the use of textiles as votive offerings, in particular to female divinities. Furthermore, in several cults, textiles were used to dress the images of different deities. Textiles played an important role in the dress of priests and priestesses, who often wore specific garments designated by particular colours. Clothing regulations in order to enter or participate in certain rituals from several Greek sanctuaries also testify to the importance of dress of ordinary visitors. Textiles were used for the furnishings of the temples, for example in the form of curtains, draperies, wall hangings, sun shields and carpets. This illustrates how the sanctuaries were potential major consumers of textiles; nevertheless, this particular topic has so far not received much attention in modern scholarship. Furthermore, our knowledge of where the textiles consumed in the sanctuaries came from, where they were produced and by whom is extremely limited. *Textiles and Cult in the Ancient Mediterranean* examines the topics of textile production in sanctuaries, the use of textiles as votive offerings and ritual dress, using epigraphy, literary sources, iconography and the
