In 1972 the United States Supreme Court made a surprising ruling the country's death penalty system violated the Constitution. The backlash was swift especially in Texas where executions were considered part of the cultural fabric and a dark history of lynching was masked by gauzy visions of a tough on crime frontier. When executions resumed Texas quickly became the nationwide leader in carrying out the punishment. Amid a larger wave of criminal justice reform came the death penalty's decline a trend so durable that even in Texas the punishment appears again close to extinction. Chammah charts the rise and fall of capital punishment through the eyes of those it touched adapted from publisher info
