**An Anomalous Jew** Michael F. Bird,2016-11-11 Lively well informed portrait of the complex figure who was the apostle Paul Though Paul is often lauded as the first great Christian theologian and a champion for Gentile inclusion in the church in his own time he was universally regarded as a strange and controversial person In this book Pauline scholar Michael Bird explains why An Anomalous Jew presents the figure of Paul in all his complexity with his blend of common and controversial Jewish beliefs and a faith in Christ that brought him into conflict with the socio religious scene around him Bird elucidates how the apostle Paul was variously perceived as a religious deviant by Jews as a divisive figure by Jewish Christians as a purveyor of dubious philosophy by Greeks and as a dangerous troublemaker by the Romans Readers of this book will better understand the truly anomalous shape of Paul's thinking and worldview Paul and the Heritage of Israel David P.

Moessner,Daniel Marguerat,Mikeal C. Parsons,Michael Wolter,2012-03-29 As a sequel to the hugely successful Jesus and the Heritage of Israel this book brings together fourteen internationally acclaimed scholars in antiquities studies and experts on Paul and Luke The contributors provoke new approaches to the troubled relation of the Lukan Paul by re configuring the figure and impact of Paul upon nascent Christianity with the two leading questions as a driving force First Who is Israel and the church for Luke and Luke's Paul and secondly Who is Jesus of Nazareth and who is Paul in relation to both The contributors provide challenging new perspectives on approaches to the figure of Paul in recent scholarship as well as in the scholarship of previous generations re figuring Paul by examining both how he is portrayed in Acts and how the Pauline figure of Acts may be envisioned within Paul's own writings Paul and the Heritage of Israel thus accomplishes what no other

single volume has done combining both the Paul of Paul and the Paul of Luke in one seminal volume Judgment According to Works in Romans Kevin W. McFadden, 2013-10-01 Kevin W. McFadden shows that Paul wrote the letter to remind Roman Christians of his gospel because of his vocation as apostle to the Gentiles. The letter simultaneously demonstrates the guilt of the world and calls Paul's audience to live out the implications of the gospel. The theme of judgment thus appears in two distinct ways: Paul opposes justification by works of law but simultaneously affirms as did most of the early Christian movement. McFadden argues a final judgment according to works. These are not contradictory observations but belong together in a cohesive understanding of Paul's theology and of his purpose in the letter. **Celebrating Paul** Peter Spitaler, 2023-09-29 The significance of the Pauline writings. Some Christian understandings of reality do conflict with some scientific understandings. But a thoroughly rational Christian understanding of the origin and history of the universe will be informed by the best scientific theories and the facts founded on them. This book weaves a narrative of the origin and history of the universe from the perspective of contemporary science with a Christian understanding of God and of God's role in the origin and history of the universe. At the center of this integrated narrative is the view that God, who is pure unbounded Love, is Creator; the zest for life in the universe comes from God and God is the source of Truth, Beauty and Goodness in the universe. God is amazed and delighted at what God and the world has created. God is saddened by ways creatures have fallen short of pure unbounded Love, Truth, Beauty and Goodness, and God's pure unbounded Love keeps on trying to persuade all creatures toward Truth, Beauty and Goodness. A Companion to St. Paul in the Middle Ages Steven Cartwright, 2012-11-09 Over the last twenty years increasing attention has been given to the interpretation of St. Paul in the Middle Ages. This is one of the

first scholarly volumes to look broadly at the understanding and use of Paul in medieval Europe. It focuses not only on the interpretation of the Apostle by patristic and medieval exegetes but also on the use of his teachings by church reformers, canon lawyers and spiritual teachers and his portrayal in art and vernacular literature and culture. By bringing together both exegetical studies of Pauline interpretation with explorations of newer themes, this book provides a more complete view of the medieval Paul than has previously been available. Contributors include Csaba Nemeth, Ian Levy, Thomas Scheck, Joshua Papsdorf, Valerie Heuchan, Ann Collins, Lisa Fagin Davis, James Morey, Ken Grant, Colt Anderson, Franklin Harkins, Steven Cartwright and Aaron Canty. **Paul in the Grip of the Philosophers** Peter Frick, 2013-11-01. One of the remarkable developments in the contemporary study of Paul is the dramatic interest in his thought amongst European philosophers. This collection of leading scholars makes accessible a discussion often elusive to those not already conversant in the categories of European philosophy. Each scholar addresses systematically what major philosophers have made of Paul and why it matters.

**Natural Law** Anver M. Emon, Matthew Levering, David Novak, 2014-05-16. This book is an examination of natural law doctrine rooted in the classical writings of our respective three traditions: Jewish, Christian and Islamic. Each of the authors provides an extensive essay reflecting on natural law doctrine in his tradition. Each of the authors also provides a thoughtful response to the essays of the other two authors. Readers will gain a sense for how natural law or cognate terms resonated with classical thinkers such as Maimonides, Origen, Augustine, al-Ghazali and numerous others. Readers will also be instructed in how the authors think that these sources can be mined for constructive reflection on natural law today. A key theme in each essay is how the particularity of the respective religious tradition is squared with the evident universality of natural law claims. The authors also explore how natural law doctrine functions in particular traditions for reflection upon the religious other.

**Empire in the New Testament** Stanley E. Porter, Cynthia Long Westfall, 2011-01-01. How does a Christian render unto Caesar what is Caesar's and unto God what is God's? This book is the result of the Bingham Colloquium of 2007 that brought scholars from across North America to examine the New Testament's response to the empires of God and Caesar. Two chapters lay the foundation for that response in the Old Testament's concept of empire and six others address the response to the notion of empire both human and divine in the various authors of the New Testament. A final chapter investigates how the church fathers regarded the matter. The essays display various methods and positions together; however, they offer a representative sample of the current state of study of the notion of empire in the New Testament. **Paul the Jew under Roman Rule** Neil Elliott, 2024-09-24. Some of the most heated contests around the apostle Paul today concern the effort to understand him wholly within Judaism and the effort to interpret him over against the culture and ideology of the early Roman Empire. In this collection of essays, Neil Elliott shows that these two conversations belong together and must be resolved together by understanding Paul as a Jew living out Israel's ancient hopes under the pressures of Roman imperial power. A Theological Introduction to Paul's Letters Yung Suk Kim, 2011-06-10. In this study, Kim explores a new way of

reading Paul's letters and understanding his theology with a focus on three aspects of Paul's gospel: the righteousness of God, faith of Christ, and the body of Christ. Kim argues that Paul's thought can be best understood by reading these genitives as the subjective or attributive genitives rather than as the objective genitives. The subjective or attributive reading places an emphasis on the subject's participation: God's participatory righteousness, Christ's faithful obedience to God, and the believer's living of Christ's body. Using this approach, Kim investigates the root of Paul's theology in a wide array of texts and contexts: in the Hebrew Bible, Second Temple Judaism, the Greco-Roman world, and Paul's canonical letters. In doing so, Kim synthesizes Paul's theology and ethics seamlessly, balancing the roles of God, Christ, and believers in Paul's gospel. **Following Jesus Christ** John K. Goodrich, Mark L. Strauss, 2019-11-19. A Comprehensive Guide to Discipleship in the New Testament and Today's World. Although the concept of discipleship is an integral part of New Testament teaching, it has largely faded from discussion in both the academy and the local church. To revive and reclaim this teaching for believers in the twenty-first century, editors John Goodrich and Mark Strauss have assembled an expert team of scholars to uncover what every New Testament book teaches about discipleship, providing a comprehensive biblical picture. In addition, other contributors explore discipleship in the context of the local church, spiritual formation, and the life of the mind. Together, these essays point the way forward for becoming more like Jesus Christ and helping others do the same in our personal and corporate lives. An impressive roster of scholars who have addressed a vital but often neglected topic in both the church and in the academy. Rich with insight, *Following Jesus Christ* represents a major advance in this essential area of study. Craig A. Evans, Houston Baptist University. We are treated here to a survey of what discipleship means in the New Testament from experts in the field, and we also see some of the wider dimensions of discipleship in this important work. All those wanting to understand discipleship will find this to be a valuable resource.

Thomas R. Schreiner, The Southern Baptist Theological Seminary. *Catholic Doctrines on the Jewish People after Vatican II* Gavin D'Costa, 2019-10-10. In this timely study, Gavin D. Costa explores Roman Catholic doctrines after the Second Vatican Council regarding the Jewish people, 1965-2015. It establishes the emergence of the teaching that God's covenant with the Jewish people is irrevocable. What does this mean for Catholics regarding Jewish religious rituals, the land, and mission? *Catholic Doctrines on the Jewish People after Vatican II* establishes that the Catholic Church has a new teaching about the

Jewish people the covenant made with God is irrevocable D Costa faces head on three important issues arising from the new teaching First previous Catholic teachings seem to claim Jewish rituals are invalid He argues this is not the case Earlier teachings allow us positive insights into the modern question Second a nuanced case for Catholic minimalist Zionism is advanced without detriment to the Palestinian cause This is in keeping with Catholic readings of scripture and the development of the Holy See s attitude to the State of Israel Third the painful question of mission is explored D Costa shows the new approach safeguards Jewish identity and allows for the possibility of successful witness by Hebrew Catholics who retain their Jewish identity and religious life      *Paul against the Nations* Neil Elliott, 2023-11-10 In these essays some of them never published before Neil Elliott presents an understanding of Romans at odds with the traditional Protestant understanding a treatise on justification by faith or the New Perspective Paul s argument with Jewish ethnocentrism The letter that emerges here is an urgent response to a historical situation Paul engages what would quickly become the supersessionist norm in gentile Christianity shaped by the Roman construal of subject peoples Gathered here for the first time these studies rely on rhetorical criticism broad attention to Roman imperial ideology and postcolonial criticism to argue for a strikingly new perspective on Romans
