Jesus and the Politics of Roman Palestine Richard A. Horsley,2013-12-17 This comprehensive critical analysis of the historical Jesus examines his mission and involvement in the conflicted politics of ancient Palestine In *Jesus and the Politics of Roman Palestine* Richard A Horsley brings the context and implications of recent historical research to bear on our understanding of Jesus of Nazareth Based on a critical reconsideration of the Gospels and contemporary sources for Roman imperial rule in Judea and Galilee Horsley argues that Jesus was deeply concerned with the politics of his day Drawing on anthropological studies of peasant politics Horsley discerns how Jesus as a Moses and Elijah like prophet generated a movement of renewal in Israel that was focused on village communities Following the traditional prophetic pattern Jesus pronounced God's judgment against the rulers in Jerusalem and their Roman patrons This confrontation with the Jerusalem rulers and his martyrdom at the hands of the Roman governor however became the breakthrough that empowered the rapid expansion of his movement in the immediately ensuing decades In the broader context of this comprehensive historical construction of Jesus's mission Horsley also presents a fresh new analysis of Jesus's healings and exorcisms and his conflict with the Pharisees topics that have been generally neglected in the last several decades

The Mystery of Romans Mark D. Nanos,1996-01-01 Paul's letter to the Romans says Nanos is an example of Jewish correspondence addressing believers in Jesus who are steeped in Jewish ways whether of Jewish or gentile origin Arguing against those who think Paul was an

apostate from Judaism Nanos maintains Paul's continuity with his Jewish heritage Several key arguments here are Those addressed in Paul's letter were still an integral part of the Roman synagogue communities The weak are non-Christian Jews while the strong included both Jewish and gentile converts to belief in Jesus Paul as a practicing devout Jew insists on the rules of behavior for the righteous gentiles Christian subordination to authorities Romans 13:1-7 is intended to enforce submission to leaders of the synagogues not Roman government officials Paul behaves in a way to confirm the very Jewish portrait of him in Acts going first to the synagogues

Coinage and Identity in the Roman Provinces Christopher Howgego, Volker Heuchert, Andrew Burnett, 2005-05-05 Coins were the most deliberate of all symbols of public communal identities yet the Roman historian will look in vain for any good introduction to or systematic treatment of the subject Sixteen leading international scholars have sought to address this need by producing this authoritative collection of essays which ranges over the whole Roman world from Britain to Egypt from 200 BC to AD 300 The subject is approached through surveys of the broad geographical and chronological structure of the evidence through chapters which focus on ways of expressing identity and through regional studies which place the numismatic evidence in local context

Jews and Their Roman Rivals Katell Berthelot, 2024-08-20 How encounters with the Roman Empire compelled the Jews of antiquity to rethink their conceptions of Israel and the Torah Throughout their history Jews have lived under a succession of imperial powers from Assyria and Babylonia to Persia and the Hellenistic kingdoms *Jews and Their Roman Rivals* shows how the Roman Empire posed a unique challenge to Jewish thinkers such as Philo Josephus and the Palestinian rabbis who both resisted and internalized Roman standards and imperial ideology Katell Berthelot traces how long before the empire became Christian Jews came to perceive Israel and Rome as rivals competing for supremacy Both considered their laws to be the most perfect ever written and both believed they were a most pious people who had been entrusted with a divine mission to bring order and peace to the world Berthelot argues that the rabbinic identification of Rome with Esau Israel's twin brother reflected this sense of rivalry She discusses how this challenge transformed ancient Jewish ideas about military power and the use of force law and jurisdiction and membership in the people of Israel Berthelot argues that Jewish thinkers imitated the Romans in some cases and proposed competing models in others Shedding new light on Jewish thought in antiquity *Jews and Their Roman Rivals* reveals how Jewish encounters with pagan Rome gave rise to crucial evolutions in the ways Jews conceptualized the Torah and conversion to Judaism

Enos,2008-10-17 Greek and Roman traditions dominate classical rhetoric Conventional historical accounts characterize Roman rhetoric as an appropriation and modification of Greek rhetoric particularly the rhetoric that flourished in fifth and fourth centuries BCE Athens However the origins nature and endurance of this Greco Roman relationship have not been thoroughly explained Roman Rhetoric Revolution and the Greek Influence reveals that while Romans did benefit from Athenian rhetoric their own rhetoric was also influenced by later Greek and non Hellenic cultures particularly the Etruscan civilization that held hegemony over all of Italy for hundreds of years before Rome came to power *A Companion to the Roman Republic* Nathan Rosenstein,Robert Morstein-Marx,2011-09-07 This Companion provides an authoritative and up to date overview of Roman Republican history as it is currently practiced Highlights recent developments including archaeological discoveries fresh approaches to textual sources and the opening up of new areas of historical study Retains the drama of the Republic s rise and fall Emphasizes not just the evidence of texts and physical remains but also the models and assumptions that scholars bring to these artefacts Looks at the role played by the physical geography and environment of Italy Offers a compact but detailed narrative of military and political developments from the birth of the Roman Republic through to the death of Julius Caesar Discusses current controversies in the field *Law in the Roman Provinces* Kimberley Czajkowski,Benedikt Eckhardt,Meret Strothmann,2020-05-28 The study of the Roman Empire has changed dramatically in the last century with significant emphasis now placed on understanding the experiences of subject populations rather than a sole focus on the Roman imperial elites Local experiences and interactions between periphery and centre are an intrinsic component in our understanding of the empire s function over and against the earlier top down model But where does law fit into this new decentralized picture of empire This volume brings together internationally renowned scholars from both legal and historical backgrounds to study the operation of law in each region of the Roman Empire from Britain to Egypt from the first century BCE to the end of the third century CE Regional specificities are explored in detail alongside the emergence of common themes and activities in a series of case studies that together reveal a new and wide ranging picture of law in the Roman Empire balancing the practicalities of regional variation with the ideological constructs of law and empire
