

# Romantic Theatre - Burlesque

- elaborate and spectacular theatrical production (extravaganza)
- a comic, musical play that parodies (imitates and mocks) a well-known opera, play, or ballet
- sometimes cross-dressing ("breeches roles")
- later associated with variety show, bawdy comedy, and female striptease.

# Romantic Parodies 1797 1831

**Richard Cronin**

## **Romantic Parodies 1797 1831:**

**Romantic Parodies, 1797-1831** David A. Kent, D. R. Ewen, 1992 This is the first collection of literary parodies both poetry and prose written during the English Romantic period Many anthologies of literary parody have been published during the past century but no previous selection has concentrated so intensively on a single period in English literary history and no period in that history was more remarkable for the quantity and diversity of its parody There was no Romantic writer untouched by parody either as subject or as author or even occasionally as both Most parodies were intended to discredit the Romantics not only as poets but as individuals and to disarm the threat they were seen as posing to establish literary and social norms Because it focuses on the swarm of imitative writers about whom Robert Southey complained in an 1819 letter to Walter Savage Landor this collection throws light on a large and often overlooked body of work whose authors had much more serious purposes than mere ridicule or amusement Romantic parody situates itself between the eighteenth century craft of burlesque and the nonsense verse that Victorian parody often became This anthology demonstrates that parody is concerned with power that it expresses ideological conflict dramatizing clashes of ideas styles and values between different generations of writers different classes and social groups and even between writers of the same generation and class Parody is not an inherently conservative mode politically it serves the whole range of opinion from extreme left to extreme right While several of the parodies are playful a few even affectionate most angrily testify to the political social and aesthetic divisions embittering the times Some parodies have aged more gracefully than others But all contribute to a more vivid understanding of the era and to the reception accorded the most important Romantic writers The venom and alarm of the response those writers provoked may surprise anyone who takes it for granted that the Romantics easily made their way into the mainstream of English literature This volume reprints parodies by the major Romantics including Coleridge Keats Byron and Shelley as well as by minor obscure and anonymous contemporaries Several longer better known texts are given in their entirety e g Peter Bell Peter Bell III and The Vision of Judgment and there are also examples from distinguished collections such as Rejected Addresses The Poetic Mirror and Warreniana Numerous shorter works are taken from periodicals of the time such as Blackwood's or The Satirist and many of these are reprinted for the first time since their initial publication The foreword by Linda Hutcheon Parody and Romantic Ideology examines the theoretical implications of Romantic parodies The introduction headnotes and annotations by the editors place the parodies in their historical social and literary contexts

**Romantic Parodies, 1797-1831** David A. Kent, 1992-10-01 For information on similar titles please visit [www.lexingtonbooks.com](http://www.lexingtonbooks.com) *Neoclassical Satire and the Romantic School 1780-1830* Rolf P. Lessenich, 2012 Romanticism was not only heterogeneous and disunited It also had to face the hostile counter movement of the Enlightenment and Augustan Neoclassicism still going strong at the time of and in the decades following the French Revolution due to support from the ruling Establishment the ancien regime of the Crown and Church of England Neoclassicists regarded Romanticism as a

heteretical amalgam of dissenting new schools which threatened the monopoly of the Classical Tradition The acrimonious debates in aesthetics and politics were conducted with the traditional strategies of the classical ars disputandi on both sides Under the duress of the heaviest satirical attacks Romanticism began gradually to see itself as one movement giving rise to the problematic opposition of Classical and Romantic The construction of this rough divide however was indispensable for the clarification of different positions in the hubbub of conflicting voices and has also proved critical in literary and cultural studies which cannot do without such subsumptions The Classical Tradition encompassing Christianity emerges as an ongoing event from Greek and Latin antiquity running through to our time *Parodies of the Romantic Age Vol 1* Graeme Stones, John Strachan, 2020-04-28 This volume collects together a wealth of material ranging from verse parodies originally published in pamphlet form to longer works such as P G Patmore's parodies of the works of Byron Lamb and Hazlitt

*Parodies of the Romantic Age Vol 5* Graeme Stones, John Strachan, 2020-04-29 This volume collects together a wealth of material ranging from verse parodies originally published in pamphlet form to longer works such as P G Patmore's parodies of the works of Byron Lamb and Hazlitt **Parodies of the Romantic Age** Graeme Stones, 2022-07-30 This volume collects together a wealth of material ranging from verse parodies originally published in pamphlet form to longer works such as P G Patmore's parodies of the works of Byron Lamb and Hazlitt **Kinds of Parody from the Medieval to the Postmodern** Nil Korkut, 2009 This book approaches parody as a literary form that has assumed diverse forms and functions throughout history The author handles this diversity by classifying parody according to its objects of imitation and specifying three major parodic kinds parody directed at texts and personal styles parody directed at genre and parody directed at discourse The book argues that different literary historical periods in Britain have witnessed the prevalence of different kinds of parody and investigates the reasons underlying this phenomenon All periods from the Middle Ages to the present are considered in this regard but a special significance is given to the postmodern age where parody has become a widely produced literary form The book contends further that postmodern parody is primarily discourse parody a phenomenon which can be explained through the major concerns of postmodernism as a movement In addition to situating parody and its kinds in a historical context this book engages in a detailed analysis of parody in the postmodern age preparing the ground for making an informed assessment of the direction parody and its kinds may take in the near future **The Familiar Essay, Romantic Affect and Metropolitan Culture** Simon Peter Hull, 2018-06-11 Through close readings of diverse examples by Lamb De Quincey Hazlitt Irving and Poe this book argues that the familiar essay in the Romantic period embodies a quintessentially metropolitan mode of affect The generic traits of the essay astuteness of observation an ambulatory or paratactic movement of thought and an urbane tone of wry or ironic humour all predispose it to the expression of a detached non pathological state of mind This is a mind conditioned by the quickened pace assorted humanity and plenitude of spectacle which characterise urban and urbanised life In making a valuable genre based contribution to scholarship on the importance to

Romantic studies of the city and metropolitan culture the traditional concept of Romantic affect is reassessed The book proposes a more complex and varied model than the simple binary one of a feeling reaction to Enlightenment reason Partly enacted within its own formal parameters and partly through its disruptive and genre transcending progeny the essayistic figure the familiar essay articulates a blithe and at times shocking and provocative discourse of un affect or a strategically and often satirical callousness Therefore the overall concept of affect in this period needs to be understood not as a unified entity opposed to Enlightenment reason but a dialogue between concurrent opposing modes played out against a dichotomized geo cultural landscape of the country and the city Essayistic un affect emerges in the end as an apolitical phenomenon a primary vehicle for the essayist s inherent scepticism sometimes enabling outright ridicule and at other times a tentative questioning or probing of both orthodox thought and emerging ideas from the rarefied liberalist sensibility of the Lake poets to the hubristic vanity of the colonial adventurer and from the allure of hedonistic Old World decadence to the proscriptive strictures of moralistic art

*Blasphemy and Politics in Romantic Literature* Paul Whickman, 2020-06-06 This book argues for the importance of blasphemy in shaping the literature and readership of Percy Bysshe Shelley and of the Romantic period more broadly Not only are perceptions of blasphemy taken to be inextricable from politics this book also argues for blasphemous irreverence as both inspiring and necessitating new poetic creativity The book reveals the intersection of blasphemy censorship and literary property throughout the Long Eighteenth Century attesting to the effect of this connection on Shelley s poetry more specifically Paul Whickman notes how Shelley s perceived blasphemy determined the nature and readership of his published works through censorship and literary piracy Simultaneously Whickman crucially shows that aesthetics content and the printed form of the physical text are interconnected and that Shelley s political and philosophical views manifest themselves in his writing both formally and thematically

*British Satire, 1785-1840, Volume 1* John Strachan, Steven E Jones, 2020-04-01 This set offers a representative collection of the verse satire of the Romantic period published between the mid 1780s and the mid 1830s As well as two single author volumes from William Gifford and Thomas Moore there is also a wealth of rare unedited material

**British Romanticism and the Literature of Human Interest** Mai-Lin Cheng, 2017-12-22 British Romanticism and the Literature of Human Interest explores the importance to Romantic literature of a concept of human interest It examines a range of literary experiments to engage readers through subjects and styles that were at once interesting and that in principle were in their interest These experiments put in question relationships between poetry and prose lyric and narrative and literature and popular media The book places literary works by a range of nineteenth century writers including William and Dorothy Wordsworth Thomas De Quincey Samuel Taylor Coleridge Mary and Percy Shelley Lord Byron and Matthew Arnold into dialogue with a variety of non literary and paraliterary forms ranging from newspapers to footnotes The book investigates the generic structures of Romantic literature and the negotiation of the status of literature in the period in relation to a new media landscape It explores the self

theorization of Romantic literature and argues for its value to contemporary literary criticism *British Satire, 1785-1840* Steven E Jones, 2022-07-30 This set offers a representative collection of the verse satire of the Romantic period published between the mid 1780s and the mid 1830s As well as two single author volumes from William Gifford and Thomas Moore there is also a wealth of rare unedited material **Blackwood's Magazine, 1817-25, Volume 1** Nicholas Mason, John Strachan, Anthony Jarrells, Tom Mole, Mark Parker, 2023-01-06 Contextualizes and annotates the influential scandalous and entertaining texts which appeared in the Blackwood's Magazine between 1817 and 1825 This title features a detailed general introduction volume introductions and endnotes providing the reader with an understanding of the origins and early history of Blackwood's Magazine **Romanticism and the Uses of Genre** David Duff, 2009-11-12 This wide ranging and original book reappraises the role of genre and genre theory in British Romanticism Analyzing numerous examples from 1760 to 1830 David Duff examines the generic innovations and experiments which propel the Romantic revolution in literature but also the fascination with archaic forms such as the ballad sonnet and romance whose revival and transformation make Romanticism a retro movement as well as a revolutionary one The tension between the drives to make it old and to make it new generates one of the most dynamic phases in the history of literature whose complications are played out in the critical writing of the period as well as its creative literature Incorporating extensive research on classification systems and reception history as well as on literary forms themselves Romanticism and the Uses of Genre demonstrates how new ideas about the role and status of genre influenced not only authors but also publishers editors reviewers and readers The focus is on poetry but a wider spectrum of genres is considered a central theme being the relationship hierarchical competitive combinatory between genres Among the topics addressed are generic primitivism and forgery Enlightenment theory and the cognitive turn the impact of German transcendental aesthetics organic and anti organic form the role of genre in the French Revolution debate the poetics of the fragment and the theory and practice of genre mixing Unprecedented in its scope and detail this important book establishes a new way of reading Romantic literature which brings into focus for the first time its tangled relationship with genre **Wordsworth's Poetic Collections, Supplementary Writing and Parodic Reception** Brian R Bates, 2015-10-06 Wordsworth's process of revision his organization of poetic volumes and his supplementary writings are often seen as distinct from his poetic composition Bates asserts that an analysis of these supplementary writings and paratexts are necessary to a full understanding of Wordsworth's poetry Uncommon Contexts: Encounters between Science and Literature, 1800-1914 Ben Marsden, Hazel Hutchinson, Ralph O'Connor, 2016-09-12 Britain in the long nineteenth century developed an increasing interest in science of all kinds Whilst poets and novelists took inspiration from technical and scientific innovations those directly engaged in these new disciplines relied on literary techniques to communicate their discoveries to a wider audience The essays in this collection uncover this symbiotic relationship between literature and science at the same time bridging the disciplinary gulf between the history of science and literary studies Specific case

studies include the engineering language used by Isambard Kingdom Brunel the role of physiology in the development of the sensation novel and how mass communication made people lonely      1798: The Year of the Lyrical Ballads Richard Cronin,2016-01-03 1798 is a significant date in literary history in that year the Lyrical Ballads were published anonymously by Joseph Cottle the Bristol bookseller But this is a volume not about the Lyrical Ballads but about their year It is an attempt to re create and examine the literary culture of 1798 the culture on which Wordsworth and Coleridge decided to make their experiment It is a book in which Wordsworth and Coleridge vie for attention as they did in 1798 with many other writers including Schleiermacher John Thelwall Mary Hays the Abbe Barruel Walter Savage Landor Mary Wollstonecraft Thomas Malthus Joanna Baillie George Canning Robert Sothey and the Reverend T J Mathias The chapters of this book work together to define a single historical moment that marked the beginning of romanticism in England      The Pleasures and Horrors of Eating Marion Gymnich,Norbert Lennartz,2010 Browsing through books and TV channels we find people pre occupied with eating cooking and competing with chefs Eating and food in today s media have become a form of entertainment and art A survey of literary history and culture shows to what extent eating used to be closely related to all areas of human life to religion eroticism and even to death In this volume early modern ideas of feasting banqueting and culinary pleasures are juxtaposed with post 18th and 19th century concepts in which the intake of food is increasingly subjected to moral theological and economic reservations In a wide range of essays various images rhetorics and poetics of plenty are not only contrasted with the horrors of gluttony they are also seen in the context of modern phenomena such as the anorexic body or the gourmandizing b te humaine It is this vexing binary approach to eating and food which this volume traces within a wide chronological framework and which is at the core not only of literature art and film but also of a flourishing popular culture

**Forms, Formats and the Circulation of Knowledge** Louisiane Ferlier,Benedicte Miyamoto,2020-07-27 Forms Formats and the Circulation of Knowledge explores the printscape the mental mapping of knowledge in all its printed shapes to chart the British networks of publishers printers copyright holders readers and authors This transdisciplinary volume skilfully recovers innovations and practices in the book trade between 1688 and 1832 It investigates how print circulated information in a multitude of sizes and media through an evolving framework of transactions The authority of print is demonstrated by studies of prospectuses blank forms periodicals pamphlets globes games and ephemera uniquely gathered in eleven essays engaging in legal economic literary and historical methodologies The tight focus on material format reappraises a disorderly market accommodating a widening audience consumption      *Blackwood's Magazine, 1817-25* Nicholas Mason,2024-07-31 Contextualizes and annotates the influential scandalous and entertaining texts which appeared in the Blackwood s Magazine between 1817 and 1825 This title features a detailed general introduction volume introductions and endnotes providing the reader with an understanding of the origins and early history of Blackwood s Magazine
