Romantic Britain:

Romantic Britain Tom Stephenson, 1937 Brokering Culture in Britain's Empire and the Historical Novel Matthew C. Salyer, 2020-08-03 Brokering Culture in Britain's Empire and the Historical Novel examines the relationship between the historical sensibilities of nineteenth century British and American romancers and the conceptual frameworks that eighteenth century imperial interlocutors used to imagine and critique their own experiences of Britain's diffused tenuous and often accidental authority Salyer argues that this cultural experience more than what Lukács had in mind when he wrote of a mass historical consciousness after Napoleon gave rise to the Romantic historiographical approach of writers such as Walter Scott James Fenimore Cooper Charles Brockden Brown and Frederick Marryat This book traces the conversion of the eighteenth century imperial speaker into the nineteenth century romance hero through a number of proto novelistic responses to the problem of Imperial history including Edmund Burke in the Annual Register and the celebrated court case of James Annesley among others The author argues that popular Romantic novels such as Scott's Waverley and Cooper's The Pioneers convert the problem of narrating the political geographies of eighteenth century Empire into a discourse of history placing the historical realities of negotiating Imperial authority at the heart of a nineteenth century project that fictionalized the possibilities and limits of political historical agency in the modern nation state **Romantic Britain. STEPHENSON, 1937 *Inchbald, Hawthorne and the Romantic Moral Romance* Ben P Robertson, 2015-10-06 Explores the connections between British and American Romanticism focusing on the novels of Elizabeth Inchbald 1753-1821 and Nathaniel Hawthorne 1804-1864 This study argues that Inchbald and Hawthorne are representative of a larger British American cultural confluence during the eighteenth and nineteenth centuries **Romantic Periodicals in the**

Twenty-First Century Mason Nicholas Mason, 2020-09-04 Maps a coherent subfield of Romantic periodical studies through studying the trailblazing Blackwood's Edinburgh Magazine An introduction by two established scholars that articulates a case for the more sustained systematic study of Romantic periodicals and justifies the volume's focus by retracing Blackwood's emergence as the era's most innovative influential and controversial literary magazine Features eleven essays modelling how the wide ranging commentary reviews and original fiction and verse published in Blackwood's during its first two decades 1817-1837 might meaningfully inform many of the most vibrant contemporary discussions surrounding British Romanticism Contributes to field wide bicentenary celebrations and reappraisals both of Blackwood's and the authors and works including Shelley's Frankenstein Byron's Don Juan and Keats's Poems whose reputations the magazine helped shape This book pioneers a subfield of Romantic periodical studies distinct from its neighbours in adjacent historical periods Eleven chapters by leading scholars in the field model the range of methodological conceptual and literary historical insights to be drawn from careful engagements with one of the age's landmark literary periodicals Blackwood's Edinburgh Magazine Engaging

with the research potential unlocked by new digital resources for studying Romantic periodicals they argue that the wide ranging commentary reviews and original fiction and verse published in Blackwood's during its first two decades 1817-37 should inform many of the most vibrant contemporary discussions surrounding British Romanticism *H.E. Bates* Dean R. Baldwin, 1987

Reevaluates the accomplishments of the British writer within the context of major literary movements and cross currents It considers all areas of his work including his stories of country life war stories and novels his best work *Love for Lydia* and his highly acclaimed nonfiction on environmental issues *Romantic Feuds* Kim Wheatley, 2016-04-08

Romantic writers such as Robert Southey and Samuel Taylor Coleridge aspired to rise above the so called age of personality a new culture of politicized print gossip and personal attacks Nevertheless Southey Coleridge and other Romantic era figures such as Leigh Hunt William Hazlitt Sydney Owenson and the explorer John Ross became enmeshed in lively feuds with the major periodicals of the day the *Edinburgh Review* and the *Quarterly Review* Kim Wheatley focuses on feuds from the second and third decades of the nineteenth century suggesting that by this time the vituperative rhetoric of the *Edinburgh* and the *Quarterly* had developed into what Coleridge called a habit of malignity Attending to the formal strategies of the reviewers surprisingly creative prose she traces how her chosen feuds take on lives of their own branching off into other print media including the weekly press and monthly magazines Ultimately Wheatley shows these hostile exchanges incorporated literary genres and Romantic themes such as the idealized poetic self the power of the supernatural and the quest for the sublime By turning episodes of print warfare into stories of transfiguration the feuds thus unexpectedly contributed to the emergence of Romanticism
