Rome And The Neapolitan Revolution Of 1820 1821 A Study In Papal Neutrality

Chad E. Nelson

Rome And The Neapolitan Revolution Of 1820 1821 A Study In Papal Neutrality:

Rome and the Neapolitan Revolution of 1820-1821 Joseph Hugh Brady, 1937 **Rome and the Neapolitan Revolution of 1820-1821** Joseph Hugh Brady, 1976-01-01 **The Neapolitan Revolution of 1820-1821** George T. Romani, Northwestern University (Evanston, Ill.), 1950 Metternich's Diplomacy at its Zenith, 1820-1823 Paul W. Schroeder, 2014-05-23

What Metternich wanted at the peak of his career why he wanted it and the methods by which he achieved his goals are questions brilliantly answered in this survey and analysis of the Austrian chancellor's diplomacy during the period when he was the pre eminent figure in European politics Metternich's single minded objective during 1820 1823 was to preserve the Austrian hegemony he had gained in Central Europe after long wars enormous effort and great sacrifice If the internal security and international power position secured by Austria at the Congress of Vienna were to be defended against the impact of widespread revolution in Europe it was imperative that peace in Europe and the status quo be maintained This required an unyielding opposition to all political movements that might disturb the equilibrium especially French chauvinism and the spread of French constitutional ideas A one man distillate of the doctrine of absolute monarchy Metternich was the relentless foe of any cause just or unjust that threatened European repose Hence when the revolution in Naples seriously menaced Austrian hegemony in Italy Metternich determined that the constitutional regime in Naples must be overthrown by an Austrian armed force an absolute monarchy restored and an Austrian army of occupation kept there Nor did he scruple to use duplicity secret negotiation trickery or deceit against ally and adversary alike in his effort to enlist them in the common cause of all thrones At the Congress of Troppau Metternich succeeded not only in defeating Russian ideas for peaceful intervention and a moderate constitution at Naples but also in converting Tsar Alexander to thoroughly conservative views thereby making Russia a powerful supporter of Austrian policies and knowingly alienating England formerly Austria's closest ally Paul W Schroeder brings to this book exceptional scholarship and an objectivity hard to attain when dealing with a personality Although Metternich as Schroeder sees him doubtless helped to maintain European peace and order his real greatness consisted not in his European principles but in his ability to defend Austrian interests under the guise of European principles The evidence gathered from documentary material in the Haus Hof und Staatsarchiv in Vienna has forced the author to the conclusion that Metternich was no real statesman The very qualities that distinguished him as a brilliant diplomat keen vision cogent analysis fertility of expedients farsightedness flexibility and firmness of purpose were converted into those of blindness to reality superficial analysis sterility of expedients dogmatism and failure of will when confronted with fundamental problems of state and society

The Papacy Since 1500 James Corkery, Thomas Worcester, 2010-08-12

Structured by detailed studies of significant Popes these essays explore the evolution of the papacy in the last 500 years

The Congress of Vienna and its Legacy Mark Jarrett, 2013-09-30 In 1814 the five reigning dynasties of Europe Alexander I of Russia and ministers such Metternich and Talleyrand descended upon Vienna The Vienna Congress marked one of the

great turning points in diplomatic history the first attempt to create an international order to secure peace for the nineteenth century The blueprint for modern day global governance models such as the UN it was a response to Napoleon s expansion across Europe and sought to build upon the state systems he left behind whilst shoring up the privileges and power of Europe s elite Here Mark Jarrett argues that the Congress of Vienna in fact marked the beginning of the end for the Ancien Regime yet despite its disintegration following the suicide of Castlereagh the congress system has had an enormous influence up to the present day The role of diplomacy as a means to conflict resolution the workings of multi lateralism and the emphasis on international organizations to guarantee national sovereignty were all long term by products of the congress system A new synthesis of archival material The Congress System is a fresh exploration of a key event in the history of International Relations and Diplomacy *Revolutionary Contagion and International Politics* Chad E. Nelson,2022 A unique theory of what happens when leaders fear a revolution abroad will spread to their own country and how that affects international relations When do leaders fear that a revolution elsewhere will spread to their own polities and what are the international effects of this fear In *Revolutionary Contagion* Chad E Nelson develops and tests a theory that explains how states react to ideological driven revolutions that have occurred in other nations To do this he analyzes four key revolutionary movements over two centuries liberalism communism fascism and Islamism He further explains that the key to understanding the response to revolutions lies in focusing on the extent to which leaders fear upheaval in their own countries According to the theory Nelson argues fear of contagion is driven more by the characteristics of the host rather than the activities of the infecting agents In other words leaders will fear revolutionary contagion when they have significant revolutionary opposition movements that have an ideological affinity with the revolutionary state A powerful theory of the profound effects revolutions have on international relations this book shows why one simply cannot make sense of international politics including patterns of alliances and wars in certain situations without considering the fear of contagion *Term Paper Resource Guide to Nineteenth-Century World History* William T. Walker,2009-07-08 With this guide major help for nineteenth century World History term papers has arrived to enrich and stimulate students in challenging and enjoyable ways Show students an exciting and easy path to a deep learning experience through original term paper suggestions in standard and alternative formats including recommended books websites and multimedia Students from high school age to undergraduate can get a jumpstart on assignments with the hundreds of term paper suggestions and research information offered here in an easy to use format Users can quickly choose from the 100 important events spanning the period from the Haitian Revolution that ended in 1804 to the Boer War of 1899 1902 With this book the research experience is transformed and elevated *Term Paper Resource Guide to Nineteenth Century World History* is a superb source with which to motivate and educate students who have a wide range of interests and talents Coverage includes key wars and revolts independence movements and theories that continue to have tremendous impact **Nineteenth-Century European Catholicism** Eric C. Hansen,2017-09-07

Included in this bibliography originally published in 1989 are books pamphlets dissertations and articles from periodicals and collections published for the most part since 1900 which present Catholic development in the nineteenth century as its major theme Each entry is annotated with the major idea or theme of the work as expressed by its author or editor This title will be of interest to students of European History and Religious Studies **The Modern Papacy, 1798-1995** Frank J.

Coppa,2016-07-01 This ambitious survey launches a major new five volume series It explores the response of the papacy one of the world s longest enduring institutions to the multiplying challenges of the modern age It runs from the French Revolution to the fall of the Soviet Union ending with the pontificate of John Paul II the first non Italian pope since 1522 Frank Coppa examines the impact of major events like the Napoleonic conquests Italian unification two World Wars and the Cold War he explores the attitudes of the papacy to such issues as liberalism nationalism fascism communism and the modern secular age he examines the growing concern of the popes for the Catholic world beyond its traditional European home and he tackles objectively and judiciously contentious topics like the silence of Pius XII Engrossingly readable the book offers a fresh and invigorating perspective on international relations across the past two centuries and on the political and ideological emergence of the modern world as well as its specifically papal concerns Austria and the Papacy in the Age of Metternich: Between conflict and cooperation, 1809-1830 Alan J. Reinerman,1979 This study deals with the relationship

between the Austrian Empire and the Papacy during the four decades when Metternich guided Habsburg foreign policy For Metternich relations with Rome were of major significance for his lifelong struggle to defend the Austrian Empire and the Restoration Order against the revolutionary challenge as well as for his Italian policy and the domestic affairs of the Empire His downfall in 1848 was the end result of the sequence of events initiated by the election of Pope Pius IX in 1846 and the ultimate failure of his Papal policy For Italy Austro Papal relations were of great consequence because of their intersection at several key points with the course of the Risorgimento whose developments they helped to shape Jacket flap Routledge Library Editions: 19th Century Religion Various Authors,2021-07-09 Reissuing works originally published between 1973 and 1997 Routledge Library Editions 19th Century Religion 18 volumes offers a selection of scholarship covering historical developments in religious thinking Topics include the origin of Catholicism in America sexual liberation and religion in Europe and the emergence of Atheism in Victorian England This set also includes collections of sermons and essays from some of the most influential preachers of the nineteenth century

Northwestern University Studies in the Social Sciences ,1950 **L'éveil des nationalités et le mouvement libéral (1815-1848)** Félix Ponteil,1968-01-01T00:00:00+01:00 Cet ouvrage est une r dition num rique d un livre paru au XXe si cle d sormais indisponible dans son format d origine **Northwestern University Studies** ,1950 **The Catholic Historical Review** ,1939 *A List of American Doctoral Dissertations Printed in ...* ,1939 *Southern Europe in the Age of Revolutions* Maurizio Isabella,2025-06-17 An examination of revolutions in the Iberian and Italian peninsulas Sicily and Greece in the

1820s that reveals a popular constitutional culture in the South After the turbulent years of the Napoleonic Wars and the Congress of Vienna s attempt to guarantee peace and stability across Europe a new revolutionary movement emerged in the southern peripheries of the continent In this groundbreaking study Maurizio Isabella examines the historical moment in the 1820s when a series of simultaneous uprisings took the quest for constitutional government to Portugal Spain the Italian peninsula Sicily and Greece Isabella places these events in a broader global revolutionary context and decentering conventional narratives of the origins of political modernity reveals the existence of an original popular constitutional culture in southern Europe Isabella looks at the role played by secret societies elections petitions protests and the experience of war as well as the circulation of information and individuals across seas and borders in politicising new sectors of society By studying the mobilisation of the army the clergy artisans rural communities and urban populations in favour of or against the revolutions he shows that the uprisings in the South although their ultimate fate was determined by the intervention of more powerful foreign countries enjoyed considerable popular support in ideologically divided societies and led to the introduction of constitutions Isabella argues that these movements informed the political life of Portugal and Spain for many decades and helped to forge a long lasting revolutionary tradition in the Italian peninsula The liberalism that emerged as a popular political force across southern Europe he contends was distinct from French and British varieties *Comprehensive Dissertation Index, 1861-1972: History* Xerox University Microfilms,1973 [A List of American Doctoral Dissertations](#) Printed in [1912-]1938 Library of Congress. Catalog Division,1939
