Greece and the Augustan Cultural Revolution A. J. S. Spawforth,2011-11-03 This book examines the impact of the Roman cultural revolution under Augustus on the Roman province of Greece It argues that the transformation of Roman Greece into a classicizing museum was a specific response of the provincial Greek elites to the cultural politics of the Roman imperial monarchy Against a background of Roman debates about Greek culture and Roman decadence Augustus promoted the ideal of a Roman debt to a classical Greece rooted in Europe and morally opposed to a stereotyped Asia In Greece the regime signalled its admiration for Athens Sparta Olympia and Plataea as symbols of these past Greek glories Cued by the Augustan monarchy provincial Greek notables expressed their Roman orientation by competitive cultural work revival of ritual restoration of buildings aimed at further emphasising Greece s classical legacy Reprised by Hadrian the Augustan construction of classical Greece helped to promote the archaism typifying Greek culture under the principate The Hellenistic World and the Coming of Rome Erich S. Gruen,1986-09-25 In this revisionist study of Roman imperialism in the Greek world Gruen considers the Hellenistic context within which Roman expansion took place The evidence discloses a preponderance of Greek rather than Roman ideas a noteworthy readiness on the part of Roman policymakers to adjust to Hellenistic practices rather than to impose a system of their own *Temples, Tombs, and Monuments of Ancient Greece and*

*Encyclopedia of Greece and the Hellenic Tradition* Graham Speake,2021-01-31 Hellenism is the living culture of the Greek speaking peoples and has a continuing history of more than 3 500 years The Encyclopedia of Greece and the Hellenic Tradition contains approximately 900 entries devoted to people places periods events and themes examining every aspect of that culture from the Bronze Age to the present day The focus throughout is on the Greeks themselves and the continuities within their own cultural tradition Language and religion are perhaps the most obvious vehicles of continuity but there have been many others law taxation gardens music magic education shipping and countless other elements have all played their part in maintaining this unique culture Today Greek arts have blossomed again Greece has taken its place in the European Union Greeks control a substantial proportion of the world s merchant marine and Greek communities in the United States Australia and South Africa have carried the Hellenic tradition throughout the world This is the first reference work to embrace all aspects of that tradition in every period of its existence      *Our Debt to Greece and Rome* ,1922      Athens on Trial Jennifer T. Roberts,2011-10-23 The Classical Athenians were the first to articulate and implement the notion that ordinary citizens of no particular affluence or education could make responsible political decisions For this reason reactions to Athenian democracy have long provided a prime Rorschach test for political thought Whether praising Athens s government as the legitimizing ancestor of modern democracies or condemning it as mob rule commentators throughout history have revealed much about their own notions of politics and society In this book Jennifer Roberts charts responses to Athenian democracy from Athens itself through the twentieth century exploring a debate that touches upon historiography ethics political science anthropology sociology philosophy gender studies and educational theory      *The Oxford encyclopedia of ancient Greece and Rome. - Vol. 1 - 7* Michael Gagarin,2010      Private Morality in Greece and Rome W. den Boer,2018-07-17 Preliminary Material W Den boer Morality and Social Relationships W Den boer Morality and Religion W Den boer The Earliest Gods and Morality W Den boer The Emotional Life of the Greeks W Den boer Neighbour and Love of Neighbour W Den boer Prodigium and Morality W Den boer The Deformed W Den boer Rich and Poor W Den boer The Opposite Side of the Coin W Den boer Slaves W Den boer Women in Religion and Morality W Den boer Abortion and Family Planning W Den boer Selected Bibliography W Den boer Index of passages from ancient sources W Den boer General Index W Den boer Index of Modern authors W Den boer      Famous Men of Rome and Greece John Haaren,2021-08-16 The study of history like the study of a landscape should begin with the most conspicuous features The famous men of ancient times are the mountain peaks of history It is logical then that the study of history should begin with the biographies of these men Prominent educators appreciating these truths have long recognized the value of biography as a preparation for the study of history and have given it an important place in their scheme of studies The series of historical stories to which this volume belongs was prepared in conformity with the foregoing recommendations and with the best practice of leading schools It has

been the aim of the authors to make an interesting story of each man's life and to tell those stories in a style so simple that pupils in the lower grades will read them with pleasure and so dignified that they may be used with profit as text books for reading. In this book you will find important biographies every man should read at least once in their lives: Romulus, Nero, Julius Caesar, Marcus Aurelius, Pericles, Socrates, Alexander the Great.      **Specimens of the Poets and Poetry of Greece and Rome** William Peter, 1847      *The Literary Digest International Book Review* Clifford Smyth, 1925
