Romulus Asylum Roman Identities From The Age Of Alexander To The Age Of Hadrian:

Romulus' Asylum Emma Dench, 2005-06-16 Who did the Romans think they were They were a people scattered round the ancient Mediterranean world yet they imagined a common identity for themselves particularly through shared myths and history This book shows how ancient means of constructing identity compare with modern means especially that of race

Romulus' Asylum Emma Dench, 2005 Who did the Romans think they were They were a people scattered round the ancient Mediterranean world yet they imagined a common identity for themselves particularly through shared myths and history This book shows how ancient means of constructing identity compares with modern means Hellenism and the Local Communities of the Eastern Mediterranean Boris Chrubasik, Daniel King, 2017-09-08 Hellenism and the Local Communities of the Eastern Mediterranean offers a timely re examination of the relationship between Greek and non Greek cultures in this region between 400 BCE and 250 CE The conquests of Alexander the Great and his Successors not only radically reshaped the political landscape but also significantly accelerated cultural change in recent decades there has been an important historiographical emphasis on the study of the non Greek cultures of the Eastern Mediterranean but less focus on how Greek cultural elements became increasingly visible Although the process of cross cultural interaction differed greatly across Asia Minor Egypt the Levant and Mesopotamia the same overarching questions apply why did the non Greek communities of the Eastern Mediterranean engage so closely with Greek cultural forms as well as political practices and how did this engagement translate into their daily lives In exploring the versatility and adaptability of Greek political structures such as the polis and the ways in which Greek and non Greek cultures interacted in fields such as medicine literature and art the essays in this volume aim to provide new insight into these questions At the same time they prompt a re interrogation of the process of Hellenization exploring whether it is still a useful concept for explaining and understanding the dynamics of cultural exchange in the Eastern Mediterranean of this period **A Companion to Late Antiquity** Philip

Rousseau, 2012-02-20 An accessible and authoritative overview capturing the vitality and diversity of scholarship that exists on the transformative time period known as late antiquity Provides an essential overview of current scholarship on late antiquity from between the accession of Diocletian in AD 284 and the end of Roman rule in the Mediterranean Comprises 39 essays from some of the world's foremost scholars of the era Presents this once neglected period as an age of powerful transformation that shaped the modern world Emphasizes the central importance of religion and its connection with economic social and political life Winner of the 2009 Single Volume Reference Humanities Social Sciences PROSE award granted by the Association of American Publishers Rome Greg Woolf, 2021-06-19 Rome in the archaic age was a minor satellite between the Etruscan and Greek world This book traces the expansion of Roman influence first within Italy then around the Mediterranean world and finally at breakneck speed deep into Europe out to the Atlantic along the edge of the Sahara and down the Red Sea But there had been other empires that had expanded rapidly what made Rome remarkable

was that it managed to sustain its position for so long Rome's Fall poses less of a mystery than its survival Understanding how this happens involves understanding the building blocks of imperial society slavery cities the economy and also the chaotic narrative of growth civil war stability near disaster and then a managed downsizing Rome An empire's story tells the story of Rome in chapters that alternate with examination of key features of Roman society This new edition is based on the very latest research including studies of climate change and ecology and deals at greater length than the first edition did with the later Roman empire and with the material culture of empire **A Companion to Catullus** Marilyn B.

Skinner, 2010-12-13 In this companion international scholars provide a comprehensive overview that reflects the most recent trends in Catullan studies Explores the work of Catullus one of the best Roman lyric poets Provides discussions about production genre style and reception as well as interpretive essays on key poems and groups of poems Grounds Catullus in the socio-historical world around him Chapters challenge received wisdom present original readings and suggest new interpretations of biographical evidence Transient Apostle Timothy Luckritz Marquis, 2013-04-30 DIV In a significant

reevaluation of Paul's place in the early Christian story Timothy Luckritz Marquis explores the theme of travel in the apostle's correspondence and shows how Paul was a product of the material forces of his day div **Migration, Mobility and Place in Ancient Italy** Elena Isayev, 2017-08-31 Migration Mobility and Place in Ancient Italy challenges prevailing conceptions of a natural tie to the land and a demographically settled world It argues that much human mobility in the last millennium BC was ongoing and cyclical In particular outside the military context the foreigner in our midst was not regarded as a problem Boundaries of status rather than of geopolitics were those difficult to cross The book discusses the stories of individuals and migrant groups traders refugees expulsions the founding and demolition of sites and the political processes that could both encourage and discourage the transfer of people from one place to another In so doing it highlights moments of change in the concepts of mobility and the definitions of those on the move By providing the long view from history it exposes how fleeting are the conventions that take shape here and now **A Cultural History of Democracy in**

Antiquity Paul Cartledge, Carol Atack, 2022-12-15 This volume surveys democracy broadly as a cultural phenomenon operating in different ways across a very wide range of ancient societies throughout Antiquity It examines the experiences of those living in democratic communities and considers how ancient practices of democracy differ from our own The origins of democracy can be traced in a general way to the earliest civilizations beginning with the early urban societies of the Middle East and can be seen in cities and communities across the Mediterranean world and Asia In classical Athens male citizens enjoyed full participation in the political life of the city and a flourishing democratic culture as explored in detail in this volume In other times and places democratic features were absent from the formal structures of regimes but could still be found in the participatory structures of local social institutions Each chapter takes a different theme as its focus sovereignty liberty and the rule of law the common good economic and social democracy religion and the principles of political obligation

citizenship and gender ethnicity race and nationalism democratic crises revolutions and civil resistance international relations and beyond the polis These ten different approaches to democracy in Antiquity add up to an extensive synoptic coverage of the subject

You Belong to Christ J. Brian Tucker, 2011-01-01 *You Belong to Christ* explores the way that the Apostle Paul sought to form the social identity of one of his most important Christ following communities It sheds light on the way various social identities function within the Pauline community and provides guidance concerning the social implications of the gospel Drawing from contemporary social identity theories as well as ancient source material J Brian Tucker describes the way 1 Corinthians 1 4 forms social identity in its readers so that what results is an alternative community with a distinct ethos in contrast to the Roman Empire and its imperial ideology This book contends that previous identities are not obliterated in Christ but maintain their fundamental significance and serve to further the Pauline mission by means of social integration Providing a comprehensive survey of Christian identity in Pauline studies as well as an interesting look into the material remains of Roman Corinth this volume provides a social scientific reading of 1 Corinthians 1 4 and argues that Paul's strategy was to form salient in Christ social identity in those to whom he wrote

The Peoples of Ancient Italy Gary D. Farney, Guy Bradley, 2017-11-20 Although there are many studies of certain individual ancient Italic groups e g the Etruscans Gauls and Latins there is no work that takes a comprehensive view of each of them the famous and the less well known that existed in Iron Age and Roman Italy Moreover many previous studies have focused only on the material evidence for these groups or on what the literary sources have to say about them This handbook is conceived of as a resource for archaeologists historians philologists and other scholars interested in finding out more about Italic groups from the earliest period they are detectable early Iron Age in most instances down to the time when they begin to assimilate into the Roman state in the late Republican or early Imperial period As such it will endeavor to include both archaeological and historical perspectives on each group with contributions from the best known or up and coming archaeologists and historians for these peoples and topics The language of the volume is English but scholars from around the world have contributed to it This volume covers the ancient peoples of Italy more comprehensively in individual chapters and it is also distinct because it has a thematic section

The Oxford Handbook of the Second Sophistic Daniel S. Richter, William A. Johnson, 2017-10-24 Focusing on the period known as the Second Sophistic an era roughly co extensive with the second century AD this Handbook serves the need for a broad and accessible overview The study of the Second Sophistic is a relative new comer to the Anglophone field of classics and much of what characterizes it temporally and culturally remains a matter of legitimate contestation The present handbook offers a diversity of scholarly voices that attempt to define as much as is possible in a single volume the state of this rapidly developing field Included are chapters that offer practical guidance on the wide range of valuable textual materials that survive many of which are useful or even core to inquiries of particularly current interest e g gender studies cultural history of the body sociology of literary culture history of education and intellectualism history of religion political

theory history of medicine cultural linguistics intersection of the Classical traditions and early Christianity The Handbook also contains essays devoted to the work of the most significant intellectuals of the period such as Plutarch Dio Chrysostom Lucian Apuleius the novelists the Philostrati and Aelius Aristides In addition to content and bibliographical guidance however this volume is designed to help to situate the textual remains within the period and its society to describe and circumscribe not simply the literary matter but the literary culture and societal context For that reason the Handbook devotes considerable space at the front to various contextual essays and throughout tries to keep the contextual demands in mind In its scope and in its pluralism of voices this Handbook thus represents a new approach to the Second Sophistic one that attempts to integrate Greek literature of the Roman period into the wider world of early imperial Greek Latin Jewish and Christian cultural production and one that keeps a sharp focus on situating these texts within their socio cultural context

An Introduction to the Ancient World Lukas de Blois,R.J. van der Spek,2008-10-24 Integrating the results of scholarly work from the past decade the authors of An Introduction to the Ancient World Lukas de Blois and R J van der Spek have fully updated and revised all sixteen chapters of this best selling introductory textbook Covering the history and culture of the ancient Near East Greece and Rome within the framework of a short narrative history of events this book offers an easily readable integrated overview for students of history classics archaeology and philosophy whether at college at undergraduate level or among the wider reading public This revised second edition offers a new section on early Christianity and more specific information on the religions economies and societies of the ancient Near East There is extended coverage of Greek Macedonian and Near Eastern history of the fourth to second centuries BC and the history of the Late Roman Republic The consequences of Julius Caesar s violent death are covered in more detail as are the history and society of Imperial Rome This new edition is comprehensive covers 3 000 years of ancient history and provides the basis for a typical one semester course lavishly illustrated contains maps line drawings and plates to support and supplement the text with updated captions clearly and concisely written two established and respected university teachers with thirty years experience in the subject areas well organized traces the broad outline of political history but also concentrates on particular topics user friendly includes chapter menus an extensive and expanded bibliography organized by subject area and three appendices an improved introduction and the addition of an epilogue Contested Ethnicities and Images David L. Balch,2015-04-28

Ethnic values changed as Imperial Rome expanded challenging ethnocentric values in Rome itself as well as in Greece and Judea Rhetorically Roman Greek and Judean writers who eulogized their cities all claimed they would receive foreigners Further Greco Roman narratives of urban tensions between rich and poor proud and humble promoted reconciliation and fellowship between social classes Luke wrote Acts in this ethnic economic political context narrating Jesus as a founder who changed laws to encourage receiving foreigners which promoted civic missionary growth and legitimated interests of the poor and humble David L Balch relates Roman art to early Christianity and introduces famous pre Roman Corinthian artists

He shows women visually represented as priests compares Dionysian and Corinthian charismatic speech and argues that larger assemblies of the earliest Pauline believers sat 1 Cor 14 30 in taverns Also the author demonstrates that the image of a pregnant woman in Revelation 12 subverts imperial claims to the divine origin of the emperor before finally suggesting that visual representations by Roman domestic artists of a category of women who upset expected forms of conduct Bergmann encouraged early Christian women like Thecla Perpetua and Felicitas to move beyond gender stereotypes of being victims Balch concludes with two book reviews one of Nicolas Wiater s book on the Greek biographer and historian Dionysius who was a model for both Josephus and Luke Acts the second of a book by Frederick Brenk on Hellenistic philosophy and mystery religion in relation to earliest Christianity

The Cambridge Companion to Cicero Catherine Steel,2013-05-02 Cicero was one of classical antiquity s most prolific varied and self revealing authors His letters speeches treatises and poetry chart a political career marked by personal struggle and failure and the collapse of the republican system of government to which he was intellectually and emotionally committed They were read studied and imitated throughout antiquity and subsequently became seminal texts in political theory and in the reception and study of the Classics This Companion discusses the whole range of Cicero s writings with particular emphasis on their links with the literary culture of the late Republic their significance to Cicero s public career and their reception in later periods

Belonging and Isolation in the Hellenistic World Sheila L. Ager,Riemer A. Faber,2013-01-01 The Hellenistic period was a time of unprecedented cultural exchange In the wake of Alexander s conquests Greeks and Macedonians began to encounter new peoples new ideas and new ways of life consequently this era is generally considered to have been one of unmatched cosmopolitanism For many individuals however the broadening of horizons brought with it an identity crisis and a sense of being adrift in a world that had undergone a radical structural change Belonging and Isolation in the Hellenistic World presents essays by leading international scholars who consider how the cosmopolitanism of the Hellenistic age also brought about tensions between individuals and communities and between the small local community and the mega community of oikoumene or the inhabited earth With a range of social artistic economic political and literary perspectives the contributors provide a lively exploration of the tensions and opportunities of life in the Hellenistic Mediterranean

A Companion to Ethnicity in the Ancient Mediterranean Jeremy McInerney,2014-08-25 A Companion to Ethnicity in the Ancient Mediterranean presents a comprehensive collection of essays contributed by Classical Studies scholars that explore questions relating to ethnicity in the ancient Mediterranean world Covers topics of ethnicity in civilizations ranging from ancient Egypt and Israel to Greece and Rome and into Late Antiquity Features cutting edge research on ethnicity relating to Philistine Etruscan and Phoenician identities Reveals the explicit relationships between ancient and modern ethnicities Introduces an interpretation of ethnicity as an active component of social identity Represents a fundamental questioning of formally accepted and fixed categories in the field

Cultural Memory and Identity in Ancient Societies Martin Bommas,2011-10-06 In recent years memory has

become a central concept in historical studies following the definition of the term Cultural Memory by the Egyptologist Jan Assmann in 1994 Thinking about memory as both an individual and a social phenomenon has led to a new way of conceptualizing history and has drawn historians into debate with scholars in other disciplines such as literary studies cultural theory and philosophy The aim of this volume is to explore memory and identity in ancient societies We are what we remember is the striking thesis of the Nobel laureate Eric R Kandel and this holds equally true for ancient societies as modern ones How did the societies of Mesopotamia Egypt Greece and Rome remember and commemorate the past How were relationships to the past both individual and collective articulated Exploring the balance between memory as survival and memory as reconstruction and between memory and historically recorded fact this volume unearths the way ancient societies formed their cultural identity Ethnicity in the Ancient World – Did it matter? Erich S. Gruen, 2020-09-21 This study raises that difficult and complicated question on a broad front taking into account the expressions and attitudes of a wide variety of Greek Roman Jewish and early Christian sources including Herodotus Polybius Cicero Philo and Paul It approaches the topic of ethnicity through the lenses of the ancients themselves rather than through the imposition of modern categories labels and frameworks A central issue guides the course of the work did ancient writers reflect upon collective identity as determined by common origins and lineage or by shared traditions and culture **Carthage in Virgil's Aeneid** Elena Giusti, 2018-03-29 Investigates the representation of the Carthaginian enemy and the revisionist history of the Punic Wars in Virgil's Aeneid

Romulus Asylum Roman Identities From The Age Of Alexander To The Age Of Hadrian Introduction

In the digital age, access to information has become easier than ever before. The ability to download Romulus Asylum Roman Identities From The Age Of Alexander To The Age Of Hadrian has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Romulus Asylum Roman Identities From The Age Of Alexander To The Age Of Hadrian has opened up a world of possibilities. Downloading Romulus Asylum Roman Identities From The Age Of Alexander To The Age Of Hadrian provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Romulus Asylum Roman Identities From The Age Of Alexander To The Age Of Hadrian has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Romulus Asylum Roman Identities From The Age Of Alexander To The Age Of Hadrian. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also

serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Romulus Asylum Roman Identities From The Age Of Alexander To The Age Of Hadrian. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Romulus Asylum Roman Identities From The Age Of Alexander To The Age Of Hadrian, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Romulus Asylum Roman Identities From The Age Of Alexander To The Age Of Hadrian has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Romulus Asylum Roman Identities From The Age Of Alexander To The Age Of Hadrian Books
