**Slightly Foxed - But Still Desirable** Ronald Searle, 1989 As any even vaguely addicted book collector will have swiftly learned most booksellers catalogues are written in a parallel language that can fool anyone but the cognoscenti and which makes the mysteries of the Rosetta stone or Linear B look like something out of Enid Blythton Without a smattering of inside information the baffled but hopelessly bitten book buyer is drifting unarmed and unprepared into a minefield whose perilous complexities will usually only be made plain when an eagerly awaited parcel of dream volumes arrives and mangled contents

are revealed in all their deceptive glory But all is not lost Help is at hand After a lifetime of avidly scanning the frequently poisonously tinted pages of innumerable book catalogues Ronald Searle has become expert in the art of decoding those esoteric poetic and usually approximate descriptions of literary come ons Now licking his wounds he publishes his hard earned findings in this fully illustrated pioneer guide designed to foil the devious machinations of scheming and wicked booksellers for ever more No longer will the innocent book collector need to puzzle over the finer meaning of old half road good working copy blind tooled or tail edged shaved The unvarnished truth is here exposed at last both in the shocking explicit drawings and in the devastatingly frank glossary whose revelations will startle even the most battle scarred of bibliophiles The result is one of the funniest most entertaining books to have emerged from the brilliantly perceptive pen of the master No book collector and certainly no bookseller can afford to be without it even the wicked ones Something in the Cellar Ronald Searle,1987 This lighthearted look at the secrets of the world s wine ceremonies invites vintners and wine drinkers to experience the mysteries of wine and its production Illustrated in Searle s inimitable style are the ancient noble ceremony of slashing the trockenbeerenauslese the inauguration of the first authentic denominazione di origine controllata e garantita and the vinolympics For wine lovers who have never tasted ptolemy nouveau or watched the uncorking of the kangarouge these experiences are related with warmth and humor The many ways to open a bottle of wine are illustrated and the rituals and delights of wine around the world are described *Prisoners of the Japanese* Roger Bourke,2006 Between December 1941 and May 1942 the Japanese army took more than 130 000 allied prisoners of war more than a quarter did not survive their imprisonment Here Bourke analyses the major novels and films of the prisoners of war experience under the Japanese and uncovers the extent to which these fictions have influenced our beliefs **Searle's Zodiac** Ronald Searle,1977 **The Terror of St.Trinian's and Other Drawings** Ronald Searle,2000 Ronald Searle takes us back to the world of the Gothic Public School in The Terror of St Trinian s In this gloriously anarchic academy for young ladies we witness shootings knifings torture and witchcraft as well as many maidenly arts The subject of many evergreen films St Trinian s is synonymous with the sort of outrageous behaviour that would make a convict blench This book also contains a selection of Ronald Searle s work from the non school books including The Rake s Progress Souls in Torment and Merry England etc and their publication in one volumes stakes Searle s claim to be the greatest and most influential English satirist since the war
