Handbook of Behavior Therapy in Education S.N. Elliott,F. Gresham,J.C. Witt,2013-11-11 What do we know about behavioral analysis and intervention in educational settings Given that educational

institutions were among the first to embrace the new technology of behavior change in the late 1950s and early 1960s it is apparent that we have had the opportunity to learn a great deal The evolution of the field of behavior therapy has witnessed a change in the behavior therapist from an adolescent fascination with repeatedly demonstrating the effectiveness of the new technology to a mature recognition of the complex implications of the behavioral paradigm for individuals systems and society Many facts now taken for granted were considered impossibilities a mere two decades ago In her 1986 presidential address to Division 25 of the American Psychological Association Beth Sulzer Azaroff reviewed a number of changes in attitude in education that were strongly influenced by behavior therapy Most educators now agree that a everyone can learn b complex skills can be taught c precise general and durable performance can be taught and d barriers to learning can be overcome In addition we would add that behavior therapy is being applied to increasingly more complex human problems such as social skill deficits internalizing disorders and dysfunctional systems and organizations
