## Rooming House:

**Rent Regulation for Hotels and Rooming Houses** United States. Office of Price Administration, 1943      *Rent Regulation for Hotels and Rooming Houses*, 1943      *The Laws of Innkeepers* John E. H. Sherry, 1993 Here is the new completely updated and expanded edition of the indispensable handbook used throughout the hospitality industry since The Laws of Innkeepers first appeared in 1972 Containing all the legal information essential to the successful operation of modern hotels motels inns bed and breakfasts clubs restaurants and resorts the book has been extensively revised by John E H Sherry to accomodate the far reaching changes that have occurred since the publication of the revised edition in 1981 Sherry a practicing lawyer and professor of hotel administration carries over from the highly praised earlier editions detailed information on the rights and responsibilities of host and guest alike He cites actual cases ranging from the amusing and the bizarre to the tragic as examples and spells out in precise and readily understandable terms exactly what state and federal law says Broadening the scope of the book to keep up with recent legal developments the author includes many new case decisions and summaries from various jurisdictions Three chapters devoted to employment law environmental law and land use and catastrophic risk liability are among the highlights of the new material These new sections present recent rulings and case law on such timely topics as age disability and AIDS discrimination as well as sexual harassment government regulation of toxic and hazardous substances and hotel and resort development and acts of God and the Public Enemy and terrorism      Housing and Dwelling Barbara Miller Lane, 2006-11 A collection of thought provoking essays on the changing face of domestic architecture over two centuries highlighting the wide range of source materials and theoretical perspectives available to scholars of architectural history      **APHA-PHS Recommended Housing Maintenance and Occupancy Ordinance** American Public Health Association. Subcommittee on Housing Regulations and Standards, 1967      **Press Releases** United States. Office of Price Administration, 1942      *Poor Housing* Josh Brandon, Jim Silver, 2017-01-18T00:00:00Z Across Canada there is a severe shortage of decent quality housing that is affordable to those with low incomes and much of the housing that is available is inadequate even appalling The poor condition of housing for those below the poverty line adds to the weight of the complex poverty they already endure which includes worsening health adversely affected education and neighbourhoods that are more prone to crime and violence Using Winnipeg Manitoba as an example *Poor Housing* examines the real life circumstances of low income people who are forced to live in these conditions Contributing authors examine some of the challenges faced by low income people in poor housing including difficulties with landlords who abuse their power bedbugs racism and discrimination and a wide range of other social and psychological effects Other selections consider the particular housing problems faced by Aboriginal people and by newcomers to Winnipeg as well as the challenges faced by individuals living in rooming houses A central theme in the collection is that the private for profit housing market cannot meet the housing needs of low income Canadians and therefore governments must intervene

and provide subsidies But all levels of government have shown a consistent unwillingness to invest in decent housing for low income people The irony is that the social costs of poor housing and the complex poverty of which it is a part are almost certainly greater than the costs of investing in subsidized social housing and related anti poverty measures Finally the authors describe a number of creative and successful housing strategies for low income people in Winnipeg including Aboriginal housing co ops a revitalized 1960s style public housing complex and a highly creative repurposing of an inner city church into supported social housing In these successful cases communities and governments have worked cooperatively to good effect
