*World War II in Europe* David T. Zabecki,2015-05-01 World War II defined the 20th century and shaped many events from the decolonization of Africa to the rise and fall of the Berlin Wall This encyclopedia offers a focused overview of this complex and volatile era the circumstances that led up to war the underlying causes its unfolding and consequences Organized for quick and precise access More than 1300 entries by 150 experts are arranged in six sections for easy reference and consultation All the key ideas events actions weapons individuals and organizations that played vital roles in the war are covered from the Axis Pact to the Arab League from the OSS to the Africa Korps from the Chetniks to the Jedburghs from the battle of Kursk to Operation Mincemeat from Bill Donovan to Otto Skorzeny from Gestapo to SMERSH from Georgi Zhukov to Jean Leclerc from the 88 gun to the Norden Bombsight Covers important neglected subjects The Encyclopedia puts special emphasis on the often neglected operations in Eastern Europe and Russia A key section inspects and rates all the major weapons with handy tables for easy comparison And in recognition of the first large scale participation of women in the war the volume thoroughly documents their individual and unit contributions to the Allied effort Finally the encyclopedia discusses battlefield realities that explain for example why the airborne drops at Normandy succeeded and the ones at Arnheim failed A bibliography glossary maps photographs and weapons and data tables enhance the coverage Also includes 16 maps

**Pearl Harbor** Percy L. Greaves (Jr.),2010

**Encyclopedia of War and American Society** Peter Karsten,2006 Publisher description

**The American Military Mission to China, 1941-1942** William G. Grieve,2014-01-23 This is an overview of America s first effort in military aid to a foreign sovereign nation at a time when Europe was engaged in open warfare Asia was facing a series of military confrontations and most of the world thought global conflagration was inevitable The work offers insight into the impact of war in Burma a backwater of World War II and examines events that

result when great powers go to great lengths to further their own goals The work also examines disagreements among China the United Kingdom the United States and Japan and shows the evolution of aid provision to another country and changing expectations as new information arises **Anglo-American Relations in the Twentieth Century** Ritchie

Ovendale,1998-10-30 A critique of Anglo American relations in the twentieth century in the light of the most recent research It challenges many existing interpretations and argues that the basis of the Anglo American special relationship was laid by Roosevelt and Chamberlain that Roosevelt preferred Stalin to Churchill and that the origins of the Cold War should be seen as a British education of the Americans to the Soviet threat Suez is reassessed following the recent release of material in the Eisenhower Library There is a consideration of the relationship of mutual interdependence and why Wilson and Heath chose to move instead towards the European connection as well as Mrs Thatcher s reasons for preferring the Atlantic alliance

*Defeating Japan* Charles F. Brower,2012-09-24 This book argues that American strategists in the Joint Chiefs of Staff were keenly aware of the inseparability of political and military aspects of strategy in the fight against Japan in World War II They understood that war not only has political sources it also has political purposes that establish the war s objectives and help to define the nature of the peace to follow They understood that policy was the guiding intelligence for war in

Clausewitzian terms and that to attempt to approach strategic problems was nonsensical **Talking American History** Ron Briley,2020-07-02 Offering an alternative to encyclopedic textbooks that confirm Henry Ford s complaint that the study of history is just one damned thing after another it provides an informal and conversational narrative history of the American experience from the Colonial period to the present day Above all history is a story and the story of America is a complicated and contested tale Rather than simply the exceptionalism of a shining city upon a hill the American saga includes a dark stain of prejudice and nativism still present within the national fabric Beginning with the assault upon Native lands and culture along with the introduction of racial slavery patterns of exploitation and greed fostering gender racial and class inequality are an essential part of America s story Themes of prejudice and inequality however are offset by the promise of social justice and an egalitarian America outlined by Thomas Jefferson s Declaration of Independence Elizabeth Cady Stanton s Seneca Falls Declaration of Principles Abraham Lincoln s Gettysburg Address Franklin D Roosevelt s The Four Freedoms and Martin Luther King Jr s I Have a Dream oratory While considering topics such as Presidential leadership Talking American History emphasizes the efforts of American reformers dreamers freedom fighters dissenters radicals and workers to move the nation toward the democratic promise laid out in its founding documents The framework is a traditional political history narrative told from a progressive perspective This is an interpretation with which not all readers will agree but the intention is to facilitate dialogue and debate that are imperative for the survival of American democracy The Second Civil War Ronald

Brownstein,2008-09-30 In recent years American politics has seemingly become much more partisan more zero sum more vicious and less able to confront the real problems our nation faces What has happened In The Second Civil War respected

political commentator Ronald Brownstein diagnoses the electoral demographic and institutional forces that have wreaked such change over the American political landscape pulling politics into the margins and leaving precious little common ground for compromise *The Second Civil War* is not a book for Democrats or Republicans but for all Americans who are disturbed by our current political dysfunction and hungry for ways to understand it and move beyond it
