confronted with global change Share Trading, Fraud and the Crash of 1929 Chris Swinson, 2019-04-02 This is a comprehensive biography of Clarence Charles Hatry 1888 1965 an enigmatic and charismatic public figure Hatry was the son of Jewish immigrant parents who became a company promoter and whose companies collapsed in 1929 leading to a crash on the London stock exchange He was brought down by a desperate fraud At his trial three months later the judge said that he could not imagine a worse crime Analysing transactions in detail the book reveals Hatry's brilliance as a manipulator and a world class networker and persuader It also demonstrates his vain belief in his ability to overcome any risks and his insecurity which led him to surround himself with sycophants who would not challenge his ideas It shows how others used Hatry to make money and as he destroyed himself as a scapegoat who distracted from the City's failings Despite his deepest ambitions he remained an outsider Until now there has been no full biography of Clarence Hatry which may be attributable to the lack of records as his business papers are believed all to have been destroyed This comprehensive biography is based on examination of the memoirs of Hatry's contemporaries the archives and records which they and their companies preserved and press reports of Hatry's activities Marking the 90th anniversary of Hatry's collapse this book will be important reading for academics and researchers looking to gain a greater understanding of the context of the 1929 crash or of financial crises generally

'Gilded Prostitution' Maureen E. Montgomery, 2013-08-06 This book examines the marriages of British peers to American women within the context of the opening up of London and New York society and the growing competitiveness for high social status In London American women were often blamed for the growing hedonism and materialism of smart society and for poaching in the marriage market They were invariably described as frivolous vain and calculating a description which

points to the simmering anti American sentiment in Britain It was even suggested that titled Americans were having a detrimental effect on the British peerage because of their failure to produce male heirs A brilliant analysis of the reasons why American women were viewed pejoratively not only in terms of anti American feeling and the social transformation of the British upper class but also the threat of women who did not appear to conform to aristocratic notions of a peeress's duties as a wife and mother Originally published in 1989 this book has unique appendices listing details of peer marriages in this 1870-1914 period
