Baker, 2023-05-22 Frazier B Baker a married 40 year old African American schoolteacher and the father of six children was appointed postmaster of Lake City South Carolina in 1897 under William McKinley the 25th President of the United States Local whites objected and had undertaken a campaign to force his removal

When these efforts failed to dislodge Baker a mob attacked him and his family at night at their house which also served as the post office Baker and his infant daughter Julia Baker died at his house after being fatally shot during a white mob attack on February 22 1898 The mob set the house on fire to force the family out His wife and two of his other five children were wounded but escaped the burning house and mob and survived On December 10 2018 U S Representative James Clyburn D S C introduced a bill to rename the Lake City Post Office after Baker saying it would ensure that his story won't be forgotten The state's entire congressional delegation co-sponsored the bill and President Donald Trump signed it into law December 21 2018 *Moving Picture World and View Photographer* ,1915 On the Move Filiz Garip,2019-05-28 Why do Mexicans migrate to the United States Is there a typical Mexican migrant Beginning in the 1970s survey data indicated that the average migrant was a young unmarried man who was poor undereducated and in search of better employment opportunities This is the general view that most Americans still hold of immigrants from Mexico On the Move argues that not only does this view of Mexican migrants reinforce the stereotype of their undesirability but it also fails to capture the true diversity of migrants from Mexico and their evolving migration patterns over time Using survey data from over 145 000 Mexicans and in depth interviews with nearly 140 Mexicans Filiz Garip reveals a more accurate picture of Mexico U S migration In the last fifty years there have been four primary waves a male dominated migration from rural areas in the 1960s and 70s a second migration of young men from socioeconomically more well off families during the 1980s a migration of women joining spouses already in the United States in the late 1980s and 90s and a generation of more educated urban migrants in the late 1990s and early 2000s For each of these four stages Garip examines the changing variety of reasons for why people migrate and migrants perceptions of their opportunities in Mexico and the United States Looking at Mexico U S migration during the last half century On the Move uncovers the vast mechanisms underlying the flow of people moving between nations
