Rosalía de Castro e a súa obra literaria Claude Poullain,1989 The Radical Insufficiency of Human Life Aileen Dever,2000-01-01 The postromantic works of the Spaniard Rosal a de Castro and the Colombian Jos Asunci n Silva are indispensable in any anthology of 19th century Spanish and Latin American poetry However they found few appreciative readers during their lifetimes even while displaying two of the most sincere voices of the day Dever s book is unique it is the first comparison of Castro s and Silva s poetry Their works have meaningful differences but share remarkable likenesses in theme tone and style though it is doubtful that either was aware of the other s existence Of interest to feminist critics is an interpretation of Castro s literary vocation within a patriarchal society Using the ideas of three 20th century Spanish thinkers Jos Ortega y Gasset Xavier Zubiri and Pedro La n Entralgo Dever applies the concept of radical insufficiency to a comparison of the poets works Radical insufficiency holds that humans lack a determined being and fixed course for life thus norms are not available to make the world intelligible Humans experience feelings of uncertainty and emptiness which inevitably lead to anxiety Confronted by the mystery and pathos of human life Castro and Silva both describe futile attempts to overcome this insufficiency through creation and contemplation of art human relationships and religion The significance of these writers has transcended their own time when examined in the context of Spanish and Latin American authors and thinkers who succeeded them the importance of their works will continue to grow **Women, Mysticism, and Hysteria in**

Fin-de-Siècle Spain Jennifer Smith,2021-06-15 Women Mysticism and Hysteria in Fin de Si cle Spain argues that the reinterpretation of female mysticism as hysteria and nymphomania in late nineteenth and early twentieth century Spain was part of a larger project to suppress the growing female emancipation movement by sexualizing the female subject This archival historical work highlights the phenomenon in medical social and literary texts of the time illustrating that despite many liberals hostility toward the Church secular doctors and intellectuals employed strikingly similar paradigms to those through which the early modern Spanish Church castigated female mysticism as demonic possession Author Jennifer Smith also directs modern historians to the writings of Emilia Pardo Baz n 1851 1921 as a thinker whose work points out mysticism s subversive potential in terms of the patriarchal order Pardo Baz n unlike her male counterparts rejected the hysteria

diagnosis and promoted mysticism as a path for women's personal development and self realization Rosalía de Castro no seu tempo Catherine Davies,1987 **Género, lenguaje y traducción** José Santaemilia,2003 Recopilación de gran parte de las conferencias y comunicaciones presentadas al Primer Seminario Internacional sobre Género y Lenguaje el género de la traducción la traducción del género celebrado en la Universidad de Valencia durante los días 16 17 y 18 de octubre de 2002 Se trataba de la primera vez en que unas reflexiones sobre dicha temática se celebraban en Valencia unas reflexiones de auténtico carácter internacional con acercamientos y propuestas diversos Los artículos incluidos en estas actas van desde la representación de la mujer en la lengua y la cultura hasta la traducción feminista pasando por el estudio del género en la lengua y el discurso o la enseñanza del género y de la traducción *Nature and Emotion in Rosalia de Castro's En Las Orillas Del Sar* Geraldine Raddatz Foster,1979 **Ensinar a pensar con liberdade e risco. cómo se puede pasar de ser una exitosa empresaria cultural en el París de Eugenia de Montijo y de Napoleón III una viajera aclamada en todas las repúblicas americanas y la impulsora de las relaciones transatlánticas entre España y sus antiguas colonias a morir arruinada y olvidada pero no vencida muestra también sobre todo cómo es posible alcanzar desde una posición problemática como mujer no normativa el éxito y la autoridad cultural a través de un sabio manejo de las redes sociales del momento y de un concepto muy moderno de la celebridad contemporánea **Rosalía de Castro** Javier Costa Clavell, 1967
