The Nebraska BB 14 was the fourteenth battleship built and coincidentally the submarine Nebraska was the fourteenth of its class. This massive submarine was commissioned in 1993 and continues to serve a deterrent mission. McCord also delves into the colorful histories of other Navy ships named after Nebraska people and places, offering a distinct look at a relatively unknown piece of American history.

The volume is thus unique in its focus on the theoretical and practical insights of CA classroom-based research and on the impact that such insights might have at the pedagogical level, from teaching to testing to teacher education.
