*Blu Rose and the Land of Saunt* Robert Pew,2013-08-13 Less is more in writing the author s notes so my eyes did not see but my voice spoke

what my mind's eye did envision and my ears heard what my mouth had expressed my hand recorded what my mouth and ears had divulged thus my eyes could forever read what my world had revealed to me Although this was my course to sublimity I can not stop the readers of this work from questioning its worth having not turned the pages yet It is for the reader to unravel the value of this book for themselves I have been writing short stories for over thirty years This time I set out to make from the thin air a story of good versus evil where the right would prevail over the wrong I named the main character Blu Rose because at the time of the making of the story seven years ago 2006 there were no blue roses I selected green roses as the elixir for the same reason I was traveling a stretch of Indiana highway between Indianapolis and Cincinnati and I felt a story looming someplace in the air about me and the first story came forth It is chapter four The Wizard It is the story of Fredrick Broomstocker and the beginning of Blu Rose learning to know herself Liking the story I decided to develop it After a few weeks I repeated the act and another story came to mind I then created a new story chapter along the same stretch of road and when stopped for the night I would write down what I had told myself This farmland of Indiana became for me the hollowed land of Blu Rose learning to know herself For confidence in editing I used the words of Dale Carnegie Whatever the mind can conceive and believe the mind can achieve I remember the distance from Milwaukee to Green Bay also setting an excellent stage for development of story lines but it was New York State where I brought to life chapter twelve The Deer in the Woods It was created in the town where Elmer's Glue is made I was spending the night along the river on the edge of the town in a dirt parking area and was hypnotized by a small lopsided tree whose leaves were being blown in the wind by the breeze Chapter twelve is my favorite That is how the novelette came to be The second story a long short story is The Land of Saunt I will tell you first that I started making it up back in 1974 cursing about the local countryside and I found the outline so charming that I wrote it down in a notebook I forgot about it until 2007 when I was finished writing Blu Rose Like a burst of luck maybe just the level of creativity no matter I remembered the story Within weeks I developed the plot and wrote a rough little story Solving the story comes about with five crystals I had read of the five crystals of South America in a book and had made a mental record of them for years In The Land of Saunt you will learn of the Geometric people and the problem they have come to by way of Ginger's crystal ball The solution became self evident and proved as pleasing as it was pleasant to the story plotting Ginger's world then becomes a transparency for all and she moves on to search out her heart's desire The last piece of work is a poem Walking in Confidence I wrote it after winning a finalist award in the Dayton Ohio Library Poetry Contest I have not had the Ivy League university training in writing nor have I had the workshops used by the bestsellers but I have had the experience of traveling for a living and I have visited some of the best museums on the earth I have also spent more than enough time in the libraries 138 libraries last count When I had the dream of the library and it was really a dream I had to write it I have included it as the last piece of work because I owed something to the libraries that have taught me the masterful art of storytelling The book as a whole is all creativity and yet it

comes together from beginning to end in a singular harmonious logic c      *A Rose for My Mother* Nancy Lee Canfield,2010-06-14 In this extraordinary true story parapsychology expert Nancy Lee Canfield reveals how her early years shaped and prepared her for a lifetime of studying the paranormal *A Rose for My Mother* chronicles Canfield's turbulent childhood in and out of foster homes and orphanages before the age of thirteen her early marriage at seventeen and her awakening to paranormal phenomena *A Rose for My Mother* is an intriguing blend of memoir and the study of parapsychology Learning only occurs in response to challenges and Nancy has written an absorbing account of how in her case overcoming incredible challenges has led to the emergence of a higher intelligence It is not only a tale of triumph over adversity but of the certainty of rescue from hopelessness Edward Green PhD Emeritus Guerry Professor of Psychology Against the backdrop of her family's heartbreaking difficulties during the Great Depression this story begins with a little girl who tries valiantly to understand the meaning of grown ups rather confusing words and silences Her intuitive successes told the adults that she managed well and was self confident but they left her feeling isolated and unloved Does everyone have higher sensory perception Nancy shows us that with focused work and discipline we can nurture that infant part of us so that it can help us enjoy life to the fullest Dr Joan Ashkin EdD LCSW RN      *Working Mother* ,1988-05 The magazine that helps career moms balance their personal and professional lives      *A Rose Is Never Just a Rose in Fairytales* Mary Weiss,2016-09-01 Stories are powerful everyone knows that They are rife with meaningful imagery and symbolism they are mirrors that enable folk to see themselves as they truly are And while there are no right or wrong ways to interpret those myriad symbols there are ways that are more helpful than harmful One such symbol is the uninvited guest who has been dubbed wicked Yet she is the very one to help a world run by adolescents oblivious to their destructive way
