Wigston,1888     *Thomas Vaughan and the Rosicrucian Revival in Britain* Thomas Willard,2022-09-19 The first scholarly book on Thomas Vaughan 1621 1666 draws from recent studies in Western esotericism to place his famously difficult writings in their proper context It shows that they develop themes from a distinctively Rosicrucian synthesis of alchemy magic and Christian cabala Vaughan introduced Rosicrucian documents to English readers and placed them in older philosophical contexts during the breakdown of censorship that followed the English Revolution against the old order in politics and religion Willard s book will appeal to students of early modern ideas about religion science and society as they were seen by an intelligent and eloquent outsider

of science never made a major discovery provided a lasting explanation of any physical phenomena or revealed any hidden laws of nature How then can he rank as he does alongside Newton Bacon was the first major thinker to describe how science should be done and to explain why Scientific knowledge should not be gathered for its own sake but for practical benefit to mankind And Bacon promoted experimentation coming to outline and define the rigorous procedures of the scientific method that today from the very bedrock of modern scientific progress John Henry gives a dramatic account of the background to Bacon s innovations and the sometimes unconventional sources for his ideas Why was he was so concerned to revolutionize the attitude to scientific knowledge and why do his ideas for reform still resonate today *The Templars and the Assassins* James Wasserman,2001-04-01 An examination of the interactions of the Christian Knights Templar and their Muslim counterparts the Assassins and of the profound changes in Western society that resulted Restores the reputation of the secret Muslim order of the Assassins disparaged as the world s first terrorist group Dispels many myths about the Knights Templar and provides the most incisive portrait of them to date A thousand years ago Christian battled Muslim for possession of a strip of land upon which both their religions were founded These Crusades changed the course of Western history but less known is the fact that they also were the meeting ground for two legendary secret societies The Knights Templar and their Muslim counterparts the Assassins In *The Templars and the Assassins* The Militia of Heaven occult scholar and secret society member James Wasserman provides compelling evidence that the interaction of the Knights Templar and the Assassins in the Holy Land transformed the Templars from the Pope s private army into a true occult society from which they would sow the seeds of the Renaissance and the Western Mystery Tradition Both orders were destroyed as heretical some seven hundred years ago but Templar survivors are believed to have carried the secret teachings of the East into an occult underground from which sprang both Rosicrucianism and Masonry Assassin survivors known as Nizari Ismailis flourish to this day under the spiritual leadership of the Aga Khan Wasserman strips the myths from both groups and penetrates to the heart of their enlightened beliefs and rigorous practices delivering the most probing picture yet of these holy warriors
