## **Ross Macdonald A Biography:**

*Ross MacDonald* Tom Nolan, 2015-07-07 When he died in 1983 Ross Macdonald was the best known and most highly regarded crime fiction writer in America Long considered the rightful successor to the mantles of Dashiell Hammett and Raymond Chandler Ross Macdonald and his Lew Archer novels were hailed by The New York Times as the finest series of detective novels ever written by an American Now in the first full length biography of this extraordinary and influential writer a much fuller picture emerges of a man to whom hiding things came as second nature While it was no secret that Ross Macdonald was the pseudonym of Kenneth Millar a Santa Barbara man married to another good mystery writer Margaret Millar his official biography was spare Drawing on unrestricted access to the Kenneth and Margaret Millar Archives on more than forty years of correspondence and on hundreds of interviews with those who knew Millar well author Tom Nolan has done a masterful job of filling in the blanks between the psychologically complex novels and the author's life both secret and overt Ross Macdonald came to crime writing honestly Born in northern California to Canadian parents Kenneth Millar grew up in Ontario virtually fatherless poor and with a mother whose mental stability was very much in question From the age of twelve young Millar was fighting stealing and breaking social and moral laws by his own admission he barely escaped being a criminal Years later Millar would come to see himself in his tales wrongdoers I don't have to be violent he said My books are How this troubled young man came to be one of the most brilliant graduate students in the history of the University of Michigan and how this writer who excelled in a genre all too often looked down upon by literary critics came to have a lifelong friendship with Eudora Welty are all examined in the pages of Tom Nolan's meticulous biography We come to a sympathetic understanding of the Millars long and sometimes rancorous marriage and of their life in Santa Barbara California with their only daughter Linda whose legal and emotional traumas lie at the very heart of the story But we also follow the trajectory of a literary career that began in the pages of Manhunt and ended with the great respect of such fellow writers as Marshall McLuhan Hugh Kenner Nelson Algren and Reynolds Price and the longtime distinguished publisher Alfred A Knopf As *Ross Macdonald A Biography* makes abundantly clear Ross Macdonald's greatest character above and beyond his famous Lew Archer was none other than his creator Kenneth Millar *Ross Macdonald* Matthew Joseph Bruccoli, 1984

Twentieth-Century Crime Fiction Lee Horsley, 2005-08-25 Twentieth Century Crime Fiction aims to enhance understanding of one of the most popular forms of genre fiction by examining a wide variety of the detective and crime fiction produced in Britain and America during the twentieth century It will be of interest to anyone who enjoys reading crime fiction but is specifically designed with the needs of students in mind It introduces different theoretical approaches to crime fiction e.g formalist historicist psychoanalytic postcolonial feminist and will be a useful supplement to a range of crime fiction courses whether they focus on historical contexts ideological shifts the emergence of sub genres or the application of critical theories Forty seven widely available stories and novels are chosen for detailed discussion In seeking to illuminate the relationship between different phases of generic development Lee Horsley employs an overlapping historical framework with sections doubling back chronologically in order to explore the extent to which successive transformations have their roots within the earlier phases of crime writing as well as responding in complex ways to the preoccupations and anxieties of their own eras The first part of the study considers the nature and evolution of the main sub genres of crime fiction the classic and hard boiled strands of detective fiction the non investigative crime novel centred on transgressors or victims and the mixed form of the police procedural The second half of the study examines the ways in which writers have used crime fiction as a vehicle for socio political critique These chapters consider the evolution of committed oppositional strategies tracing the development of politicized detective and crime fiction from Depression era protests against economic injustice to more recent decades which have seen writers launching protests against ecological crimes rampant consumerism Reaganomics racism and sexism
