Letters of Literary Men Frank Arthur Mumby,1908      **A Bookman's Catalogue Vol. 2 M-End** T. Bose,R. N. Colbeck,2011-11-01 The Colbeck collection was formed over half a century ago by the Bournemouth bookseller Norman Colbeck Focusing primarily on British essayists and poets of the nineteenth century from the Romantic Movement through the Edwardian era the collection features nearly 500 authors and lists over 13 000 works Entries are alphabetically arranged by author with copious notes on the condition and binding of each copy Nine appendices provide listings of selected periodicals series publications anthologies yearbooks and topical works      *The Bookman's Journal and Print Collector* ,1921

Tennyson's Camelot David Staines,2010-10-30 As the principal narrative poem of nineteenth century England Tennyson s Idylls of the King is an ambitious and widely influential reworking of the Arthurian legends of the Middle Ages which have provided a great body of myth and symbol to writers painters and composers for the past hundred years Tennyson s treatment of these legends is now valued as a deeply significant oblique commentary on cultural decadence and the precarious balance of civilization Drawing upon published and unpublished materials Tennyson s Camelot studies the Idylls of the King from the perspective of all its medieval sources In noting the Arthurian literature Tennyson knew and paying special attention to the works that became central to his Arthurian creation the volume reveals the poet s immense knowledge of the medieval legends and his varied approaches to his sources The author follows the chronology of composition of the Idylls allowing the reader to see Tennyson s evolving conception of his poem and his changing attitudes to the medieval accounts The Idylls of the King stands ultimately as the poet s own Camelot his legacy to his generation an indictment of his society through a vindication of his idealism      **The Afterlife of Dante's Vita Nova in the Anglophone**

**World** Federica Coluzzi,Jacob Blakesley,2022-09-28 This volume provides the first systematic study of the translation and reception of Dante s Vita Nova in the Anglophone world reconstructing for the first time the contexts and genesis of its English language afterlife from the early nineteenth century to the present day Dante is one of the foremost authors of the Western canon and his Vita Nova has been repeatedly translated into English over the past two centuries However there exists no comprehensive account of the critical scholarly and creative English language reception of Dante s work This collection brings together scholars from Dante studies translation studies English studies and book history to examine the translation and reception of the Vita Nova among modern English speaking publics in both academic and non academic contexts and thus represents a major contribution to Dante studies The Afterlife of Dante s Vita Nova in the Anglophone World will be an essential reference point for scholars and students in English and Italian studies literary and cultural studies and translation and reception studies in the UK Ireland the USA and Italy where Dante is taught and researched      Lives of

Victorian Literary Figures, Part II, Volume 3 Hester Jones, 2024-05-31 The three volumes that comprise this set are facsimile reproductions of contemporary biographical material They include letters memoirs poems and articles on three outstanding Victorian literary partnerships These are the Brownings Brontes and the Rossettis **Strange Sisters** Francesca Orestano, 2009 This collection of essays stems from the conference Nineteenth Century Literature and Aesthetics which was held at the University of Milan in 2006 and organised by the editors of this volume The interface between word and image covered in these essays embraces the fields of literature architecture painting photography music and art criticism The authors stress the role of aesthetics in a number of contexts ranging from the early 1830s to the fin de siècle and beyond as far as the last influences of Victorian taste on the early years of the twentieth century During the nineteenth century the ancient interaction between literature and aesthetics was challenged and criticised by Martineau Rossetti Ruskin Pater Wilde Beardsley Cameron and Carroll among others their awareness of the complexity of visual perception problematised the existing categories of realism artistic conventions discourse of description translation and representation The essays cover almost a century of debate between literature and aesthetics They focus on the intersection of word and image by emphasising transgressions in art hierarchies forms and languages which restyle existing categories and project them into new aesthetic dimensions beyond the conventional idea of the sister arts **Dante's Dream** Gwenyth E. Hood, 2021-07-05 Archetypal images Carl Jung believed when elaborated in tales and ceremonies shape culture's imagination and behavior Unfortunately such cultural images can become stale and lose their power over the mind But an artist or mystic can refresh and revive a culture's imagination by exploring his personal dream images and connecting them to the past Dante Alighieri presents his Divine Comedy as a dream vision carefully establishing the date at which it came to him Good Friday 1300 and maintaining the perspective of that time and place throughout the work upon unfolding history Modern readers will therefore welcome a Jungian psychoanalytical approach which can trace both instinctual and spiritual impulses in the human psyche Some of Dante's innovations admission of virtuous pagans to Limbo and individualized scenes meeting personal friends in the afterlife more likely spring from unconscious inspiration than conscious didactic intent For modern readers a focus on Dante's personal dream journey may offer the best way into his poem *Translation* Daniel Weissbort, Ástráður Eysteinnsson, 2006 *Translation Theory and Practice* A Historical Reader responds to the need for a collection of primary texts on translation in the English tradition from the earliest times to the present day Based on an exhaustive survey of the wealth of available materials the Reader demonstrates throughout the link between theory and practice with excerpts not only of significant theoretical writings but of actual translations as well as excerpts on translation from letters interviews autobiographies and fiction The collection is intended as a teaching tool but also as an encyclopaedia for the use of translators and writers on translation It presents the full panoply of approaches to translation without necessarily judging between them but showing clearly what is to be gained or lost in each case Translations of key texts such as the Bible and the Homeric epic are traced

through the ages with the same passages excerpted making it possible for readers to construct their own map of the evolution of translation and to evaluate in their historical contexts the variety of approaches The passages in question are also accompanied by ad verbum versions to facilitate comparison The bibliographies are likewise comprehensive The editors have drawn on the expertise of leading scholars in the field including the late James S Holmes Louis Kelly Jonathan Wilcox Jane Stevenson David Hopkins and many others In addition significant non English texts such as Martin Luther's Circular Letter on Translation which may be said to have inaugurated the Reformation are included helping to set the English tradition in a wider context Related items such as the introductions to their work by Tudor and Jacobean translators or the work of women translators from the sixteenth to eighteenth centuries have been brought together in collages marking particularly important moments or developments in the history of translation This comprehensive reader provides an invaluable and illuminating resource for scholars and students of translation and English literature as well as poets cultural historians and professional translators
