The Directory of Museums & Living Displays Kenneth Hudson, Ann Nicholls, 1985-06-18 [Writing Witch-Hunt Histories](#) Marko Nenonen, Raisa Maria Toivo, 2013-10-02 This book gives an analytical review of the history of witch hunt historiography So far not much attention has been paid to how the European witch hunts have been studied and explained in some 150 years of academic research on the issue The history of the approaches and explanations in witch hunt research fundamentally contributes not only to our understanding of the bizarre phenomenon in European history but also contributes to understanding of cultural as well as academic trends which heavily direct any research even when scholars are not

cognisant of their underlying premises How and why the picture of witch hunts has been changing in scholarly works and text books is as illuminating an issue as the proper explanations offered by the research works Contributors include Rune Blix Hagen Ronald Hutton Gunnar W Knutsen Marianna G Muravyeva Marko Nenonen Raisa Maria Toivo Charles Zika

Stewart,Christian Williams,2009-05 Gives facts history and data on Germany and provides information on accommodations restaurants sights walks and drives **Heresy and Citizenship** Eugene Smelyansky,2020-09-27 Heresy and Citizenship examines the anti heretical campaigns in late medieval Augsburg Rothenburg ob der Tauber Strasbourg and other cities By focusing on the unprecedented period of persecution between 1390 and 1404 this study demonstrates how heretical presence in cities was exploited in ecclesiastical political and social conflicts between the cities and their external rivals and between urban elites These anti heretical campaigns targeted Waldensians who believed in lay preaching and simplified forms of Christian worship Groups of individuals identified as Waldensians underwent public penance execution or expulsion

In each case the course and outcome of inquisitions reveal tensions between institutions within each city most often between city councils and local bishops or archbishops In such cases competing sides used the persecution of heresy to assert their authority over others As a result persecution of urban Waldensians acquired meaning beyond mere correction of religious error By placing the anti heretical campaigns of this period in their socio political and religious context Heresy and Citizenship also engages with studies of social and political conflict in late medieval towns It examines the role the exclusion of religiously and socially deviant groups played in the development of urban governments and the rise of ideologies of good citizenship and the common good It will be of interest to scholars and students interested in medieval urban and religious history and the history of heresy and its persecution
