looked on the cusp of change Since then some of the buildings he visited have been entirely demolished giving a particular poignancy to his images Others have been sold along with their contents and their family histories forgotten Only a handful continue to be owned by descendants of the people who once welcomed Fr Browne For this book architectural historian Robert O Byrne has selected 20 houses some of which may be familiar to readers some likely to come as a revelation All of these beautiful photographs display Fr Browne s customary understanding of composition and offer a sympathetic insight into what was by then a fast vanishing world As with so much of his work they demonstrate that he was a pioneer investigating a world that had until then been largely unknown This is a priceless record of the Irish country house at a critical moment in its history
