Rough And Ready Loggers:

Rough and Ready Loggers A. S. Gintzler,1998-04-01 This book explores what life was like for the pioneer loggers including their gear their tools and their camps LOGGERS , Rough and Ready Loggers A. S. Gintzler,1995-05-01 Words drawings and vintage photographs tell the stories of the hardy men who lived labored and often died in the forests of the West during the heyday of America s timber industry Reprint Rough and Ready Loggers A. S. Gintzler,1995-05-01 NULL *Gypso Logger* Margaret Elley Felt,2016-06-01 Margaret Elley Felt s autobiographical Gypso Logger originally published in 1963 tells a story almost universally overlooked in the history of the logging industry the emergence of family based independent contract or gypso loggers in the post World War II timber economy and the crucial role of women within that economy For seven years Margaret Felt was her husband s partner in their logging business driving truck keeping the wage rolls and jawboning her way into more credit at the supply stores Margaret Elley Felt is the author of thirteen books in addition to Gypso Logger She has contributed to popular magazines including National Wildlife and Parents Magazine and was an editor and public information officer for several Washington State agencies **Southern Oregon Timber** R.J. Guyer,2015-08-10 Forestry defined the culture of southern Oregon Kenneth and Hallie Ford rose from humble beginnings with a single sawmill during the Great Depression and helped transform the state s timber industry They founded one of the largest privately owned wood products companies in the country bringing the title Timber Capital of the Nation to Roseburg Oregon Their legacy remains today through the Ford Family Foundation dedicated to educational grants and community improvements Author R J Guyer explores the evolution of logging and the challenges faced by the hearty men and women who plied this trade The Good Rain Timothy Egan,2011-05-18 A fantastic book Timothy Egan describes his journeys in the Pacific Northwest through visits to salmon fisheries redwood forests and the manicured English gardens of Vancouver Here is a blend of history anthropology and politics *The Affair* Bunty Avieson,2016-01-21 It started so innocently But doesn t everyone say that In the opulent rooms of a Sydney specialist Nina and James Wilde are waiting Waiting to learn whether the rare hereditary condition that killed James s father will threaten not only James but also their much loved son Luke But that is just the beginning of Nina s torment She has a secret one that is now a decade old and just as capable of destroying everything that is important to her Memories of another time and a sweet passionate love that should never have happened are haunting Nina Suddenly her grasp on life and happiness seems more precarious than she could ever have anticipated a gripping read Herald Sun Avieson turns her considerable skills to a wonderfully chilling psychological thriller NW Book of the Week With its snappy pace this is an excellent read Marie Claire Avieson offers an acute psychological study of obsessive behaviour kind of kinky and deliciously unputdownable Canberra Times This suspenseful thriller is perfect for fans of Jodi Picoult and Paullina Simons **Community And The Northwestern Logger** Matthew S. Carroll,2019-04-09 It has often been said that natural resource and environmental problems cannot be solved without solving human problems In

this book Matthew Carroll examines the economic and social circumstances of northwestern U S loggers in the face of shifts in environmental politics dramatic reductions in timber harvest levels on federal lands and changing technology and market forces among other factors that are rapidly transforming their industry their livelihoods and their communities Drawing upon sociological fieldwork in logging communities that he conducted at various times over a period of nearly a decade and using the spotted owl old growth controversy as a case study Carroll provides a rich and detailed picture of life among northwestern loggers He lays out the human dimensions and dilemmas of the timber crisis Expanding it from the oversimplified owl versus logger confrontation he puts these issues in a historical and policy context and suggests parallels to other controversies such as public grazing and federal or state river protection Carroll's work revives the concept of occupational community and shows ways it can be used to understand the dynamics of rural occupations linked to resource extraction
