

ROUSSEAU, NATURE, AND HISTORY

Asher Horowitz

Rousseau Nature And History

Christopher Prendergast

Rousseau Nature And History:

Rousseau, Nature, and History Asher Horowitz, 1987 **Jean-Jacques Rousseau: Human nature and history** John T. Scott, 2006 Bringing together critical assessments of the broad range of Rousseau's thought with a particular emphasis on his political theory this systematic collection is an essential resource for both student and scholar Natural Right and History Leo Strauss, 2013-12-27 In this classic work Leo Strauss examines the problem of natural right and argues that there is a firm foundation in reality for the distinction between right and wrong in ethics and politics On the centenary of Strauss's birth and the fiftieth anniversary of the Walgreen Lectures which spawned the work *Natural Right and History* remains as controversial and essential as ever Strauss makes a significant contribution towards an understanding of the intellectual crisis in which we find ourselves and brings to his task an admirable scholarship and a brilliant incisive mind John H. Hallowell *American Political Science Review* Leo Strauss 1899-1973 was the Robert Maynard Hutchins Distinguished Service Professor Emeritus in Political Science at the University of Chicago A Commentary on Rousseau Richard Timothy Simpson, 1977 *History and Nature in the Enlightenment* Nathaniel Wolloch, 2016-04-22 The mastery of nature was viewed by eighteenth century historians as an important measure of the progress of civilization Modern scholarship has hitherto taken insufficient notice of this important idea This book discusses the topic in connection with the mainstream religious political and philosophical elements of Enlightenment culture It considers works by Edward Gibbon Voltaire Herder Vico Raynal Hume Adam Smith William Robertson and a wide range of lesser and better known figures It also discusses many classical medieval and early modern sources which influenced Enlightenment historiography as well as eighteenth century attitudes toward nature in general *Rousseau's God* John T. Scott, 2023-04-18 A landmark study of Rousseau's theological and religious thought John T. Scott offers a comprehensive interpretation of Rousseau's theological and religious thought both in its own right and in relation to Rousseau's broader oeuvre In chapters focused on different key writings Scott reveals recurrent themes in Rousseau's views on the subject and traces their evolution over time He shows that two concepts truth and utility are integral to Rousseau's writings on religion Doing so helps to explain some of Rousseau's disagreements with his contemporaries their different views on religion and theology stem from different understandings of human nature and the proper role of science in human life Rousseau emphasizes not just what is true but also what is useful psychologically morally and politically for human beings Comprehensive and nuanced Rousseau's God is vital to understanding key categories of Rousseau's thought The Decline of Nature Gilbert F. LaFreniere, 2012-07 **Rousseau's Theory of Freedom** Matthew Simpson, 2006-03-08 Jean Jacques Rousseau has a claim to be ranked above even Karl Marx as the political philosopher who has most influenced everyday life His much read philosophy of education alone would qualify him for a high place but his political theory is even more important decisions affecting millions of people were made based on the reading of certain lines of the *Social Contract* Yet while politicians and scholars have studied this book for 250 years almost

no agreement exists on how to interpret its central concept freedom Rousseau's theory of freedom has led him to be called everything from the greatest prophet of individual liberty to the designer of the first totalitarian state This book offers a new unifying interpretation of the theory of freedom in the Social Contract Simpson gives a careful analysis of Rousseau's theory of the social pact and then examines the kinds of freedom that it brings about showing how Rousseau's individualist and collectivist aspects fit into a larger and logically coherent theory of human liberty Simpson's book not only helps us to understand one of the pre eminent political minds of the 18th century but also brings us into closer conversation with those he influenced who have done so much to shape our world And in light of the interest in contemporary contractualist philosophers like Rawls Scanlon and Gauthier readers will find it worthwhile to return to the thinker who offers one of the most radical profound and insightful theories of the social contract ever devised *The Illusion of History* Illusion of History Andrew R. Russ, 2013 European radical political thought represented by Jean Jacques Rousseau Karl Marx and Michel Foucault has deeply impacted the Western intellectual tradition and political life These thinkers sought to transform Western societies by critiquing institutions that they felt led to oppression of groups They saw societies and institutions as part of a history that constantly develops and has no objective timeless purpose or principles They understood the history of things people do and of events that happen in a primarily evolutionary way As a result these radical political thinkers have often been thought to have a strong historical consciousness Andrew Russ argues in this book that a closer look at their philosophical underpinnings finds that Rousseau Marx and Foucault are much less historical in their methodology than is widely believed Instead they share a more timeless view one indebted to principles ordinarily seen as timeless or transcendent Russ finds that these thinkers are actually quite dependent on the philosopher who concluded the Enlightenment Immanuel Kant Russ's study shows how Kant's view of human freedom and subjectivity as timeless actually informs the work of the radical political position ABOUT THE AUTHOR Andrew R Russ is lecturer in European studies at the University of Adelaide *The Rousseauian Mind* Eve Grace, Christopher Kelly, 2019-01-17 Jean Jacques Rousseau 1712 1778 is a major figure in Western Philosophy and is one of the most widely read and studied political philosophers of all time His writings range from abstract works such as On the Social Contract to literary masterpieces such as The Reveries of the Solitary Walker as well as immensely popular novels and operas The Rousseauian Mind provides a comprehensive survey of his work not only placing it in its historical context but also exploring its contemporary significance Comprising over forty chapters by a team of international contributors the Handbook covers The predecessors and contemporaries to Rousseau's work The major texts of the system Autobiographical texts including Confessions Reveries of the Solitary Walker and Dialogues Rousseau's political science The successors to Rousseau's work Rousseau applied today Essential reading for students and researchers in philosophy Rousseau's work is central to the study of political philosophy the Enlightenment French studies the history of philosophy and political theory **History of International Relations Theory** Torbjorn L.

Knutsen, Torbjørn L. Knutsen, 1997-06-15 Introduces ideas on international relations expressed by thinkers from High Middle Ages to the present day

A History of Western Philosophy of Education in the Age of Enlightenment Tal Gilead, 2021-01-28 This volume traces the history of Western philosophy of education through the Age of Enlightenment The period between 1650 and 1850 was one of rapid intellectual development that revolutionized how education is viewed Even the most progressive thinkers of the start of this period would have found the educational ideas expressed at its end odd alien and even dangerous Shaped by broad intellectual movements such as the Enlightenment the counter enlightenment and romanticism as well as by the work of exceptional individuals including John Locke Jean Jacques Rousseau H Ivetius Mary Wollstonecraft Pestalozzi Fr bel and Emerson the educational philosophy of this period has laid the foundations of how we think of and conduct education today About A History of Western Philosophy of Education An essential resource for researchers scholars and students of education this five volume set that traces the development of philosophy of education through Western culture and history Focusing on philosophers who have theorized education and its implementation the series constitutes a fresh dynamic and developing view of educational philosophy It expands our educational possibilities by reinvigorating philosophy s vibrant critical tradition connecting old and new perspectives and identifying the continuity of critique and reconstruction It also includes a timeline showing major historical events including educational initiatives and the publication of noteworthy philosophical works

Ukrainian Economic History I. S. Koropecyk, Canadian Institute of Ukrainian Studies, Harvard Ukrainian Research Institute, 1991

A History of Modern French Literature Christopher Prendergast, 2025-06-17 An accessible and authoritative new history of French literature written by a highly distinguished transatlantic group of scholars This book provides an engaging accessible and exciting new history of French literature from the Renaissance through the twentieth century from Rabelais and Marguerite de Navarre to Samuel Beckett and Assia Djebar Christopher Prendergast one of today s most distinguished authorities on French literature has gathered a transatlantic group of more than thirty leading scholars who provide original essays on carefully selected writers works and topics that open a window onto key chapters of French literary history The book begins in the sixteenth century with the formation of a modern national literary consciousness and ends in the late twentieth century with the idea of the national coming increasingly into question as inherited meanings of French and Frenchness expand beyond the geographical limits of mainland France Provides an exciting new account of French literary history from the Renaissance to the end of the twentieth century Features more than thirty original essays on key writers works and topics written by a distinguished transatlantic group of scholars Includes an introduction and index The contributors include Etienne Beaulieu Christopher Braider Peter Brooks Mary Ann Caws David Coward Nicholas Cronk Edwin M Duval Mary Gallagher Raymond Geuss Timothy Hampton Nicholas Harrison Katherine Ibbett Michael Lucey Susan Maslan Eric M choulain Hassan Melehy Larry F Norman Nicholas Paige Roger Pearson Christopher Prendergast Jean Michel Rabat Timothy J Reiss Sarah Rocheville Pierre Saint

Amand Clive Scott Catriona Seth Judith Sribnai Joanna Stalnaker Aleksandar Stevi Kate E Tunstall Steven Ungar and Wes Williams *History of Political Theory: An Introduction* George Klosko, 2013-02-08 History of Political Theory An Introduction not only explores the great works of Western political theory but demonstrates their continuing relevance Volume II traces the origin and development of liberal political theory and so the foundations for contemporary views The work provides a readable scholarly introduction to the great figures in Western political theory from Hobbes to Marx Major theorists examined include Hobbes Locke Hume Montesquieu Rousseau Burke Mill and Marx not only major figures in the liberal tradition but liberal political theory's most important critics Theorists are examined in their historical contexts with extensive quotations allowing them to speak for themselves Central concepts employed in their works are carefully examined with special attention to both how they fit together to form coherent theories and how they bear on issues of contemporary concern Major concepts examined include freedom rights political obligation and revolution Emphasizing depth rather than breadth this work is an ideal introduction tool for instructors who have been searching for a text that combines careful exposition of important political theorists and clear critical analysis Reason and Self-Enactment in History and Politics F.M. Barnard, 2006-03-03 Reason and Self Enactment in History and Politics also offers a reappraisal of basic political principles and constructs Barnard argues for bridging differences among a plurality of truths and forming practical judgments through cultivation of a sense of situational appropriateness *An Intellectual History of Liberalism* Pierre Manent, 2019-12-31 Highlighting the social tensions that confront the liberal tradition Pierre Manent draws a portrait of what we citizens of modern liberal democracies have become For Manent a discussion of liberalism encompasses the foundations of modern society its secularism its individualism and its conception of rights The frequent incapacity of the morally neutral democratic state to further social causes he argues derives from the liberal stance that political life does not serve a higher purpose Through quick moving highly synthetic essays he explores the development of liberal thinking in terms of a single theme the decline of theological politics The author traces the liberal stance to Machiavelli who in seeking to divorce everyday life from the pervasive influence of the Catholic church separated politics from all notions of a cosmological order What followed as Manent demonstrates in his analyses of Locke Hobbes Rousseau Guizot and Constant was the evolving concept of an individual with no goals outside the confines of the self and a state with no purpose but to prevent individuals from dominating one another Weighing both the positive and negative effects of such a political arrangement Manent raises important questions about the fundamental political issues of the day among them the possibility of individual rights being reconciled with the necessary demands of political organization and the desirability of a government system neutral about religion but not about public morals **An Intellectual History of Cannibalism** Ctlin Avramescu, 2011-08-28 Annotation Based on the research he undertook in rare book collections housed in Scotland the United States Finland Iceland Holland Germany and Austria the author presents a systematic history of cannibalism as reflected in the mirror of philosophy

Edinburgh Critical History of Nineteenth-Century Philosophy Alison Stone, 2011-06-06 This volume begins with the rise of German Idealism and Romanticism traces the developments of naturalism positivism and materialism and of later century attempts to combine idealist and naturalist modes of thought Written by a team of leading international scholars this crucial period of philosophy is examined from the novel perspective of themes and lines of thought which cut across authors disciplines and national boundaries This fresh approach will open up new ways for specialists and students to conceptualise the history of 19th century thought within philosophy politics religious studies and literature

The Open Boundary of History and Fiction Suzanne Gearhart, 2019-02-19 Challenging the view that a critical sense of history is missing from the Enlightenment Suzanne Gearhart links the works of Voltaire Montesquieu Diderot and Rousseau with the inquiry into the boundary between literature and history in contemporary critical discourse She considers the theories of Levi Strauss Foucault Althusser Genette White de Man and Derrida in order to develop a critical approach to fiction and history and to reveal that investigations into the foundations of historical knowledge and specifically into what distinguishes history from fiction were central to the Enlightenment This book questions many assumptions basic to contemporary criticism by establishing a dialogue between major theorists and Enlightenment figures It challenges certitudes of fiction and literature by examining the historicity of language form and literature itself redefining history to show its crucial relevance to literary studies and opening historiography to the insights of literary theory Suzanne Gearhart is Associate Professor of Literature at the University of California San Diego Originally published in 1984 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
