

THE ROVER STORY

A CENTURY OF SUCCESS

The prototypes that might have been, the strange turbine cars never before seen in public, the men who directed Rover's fortunes, the traumas of multi-million pound decisions and above all the company's impressive record of car production — Graham Robson describes all this, and much more, in 'The Rover Story'. It is a deeply probing, truthful, and mostly affectionate look at one of the greatest names in the British motor industry.
