Lehman, 2014-01-10 In the first four years of U S involvement in the Vietnam War 1961 64 Hollywood did not dramatize the current military conflict but rather romanticized earlier ones Cartoons reflected only previous trends in U S culture and animators comically but patriotically remembered the

Revolutionary War the Civil War and both World Wars In the early years of military escalation in Vietnam Hollywood was simply not ready to illustrate America's contemporary radicalism and race relations in live action or animated films But this trend changed when US participation dramatically increased between 1965 and 1968 In the year of the Tet Offensive and the killings of the Rev Martin Luther King Jr and Senator Robert Kennedy the violence of the Vietnam War era caught up with animators This book discusses the evolution of U S animation from militaristic and violent to liberal and pacifist and the role of the Vietnam War in this development The book chronologically documents theatrical and television cartoon studios changing responses to U S participation in the Vietnam War between 1961 and 1973 using as evidence the array of artistic commentary about the federal government the armed forces the draft peace negotiations the counterculture movement racial issues and pacifism produced during this period. The study further reveals the extent to which cartoon violence served as a barometer of national sentiment on Vietnam When many Americans supported the war in the 1960s scenes of bombings and gunfire were prevalent in animated films As Americans began to favor withdrawal militaristic images disappeared from the cartoon Soon animated cartoons would serve as enlightening artifacts of Vietnam War era ideology In addition to the assessment of primary film materials this book draws upon interviews with people involved in the production Vietnam era films Film critics responding in their newspaper columns to the era's innovative cartoon sociopolitical commentary also serve as invaluable references Three informative appendices contribute to the work **Moon River and Me** Andy Williams, 2009-10-13 A remarkable memoir by one of the most popular and beloved entertainers of the twentieth century When in the mid 1950s Andy Williams reached a low point in his career singing in dives to ever smaller audiences the young man from Wall Lake Iowa had no inkling of the success he would one day achieve Before being declared a national treasure by President Ronald Reagan Williams would chart eighteen gold and three platinum albums headline at Caesars Palace in Las Vegas for more than twenty years and host an enormously popular weekly television variety show whose Christmas specials still occupy a tender spot in every baby boomer s heart Williams knew everybody who was anybody during his seven remarkable decades in show business including Judy Garland John Huston Jack Lemmon John Lennon Elton John Frank Sinatra Elvis and Barbra Streisand among others and was a close friend of Bobby Kennedy for many years and he shares memories of them all in Moon River and Me His millions of fans guarantee a huge audience for the autobiography of the plush baritone who at the age of eighty one still draws thousands of fans to his Moon River Theater in Branson Missouri
