Punks through to the mid 80 s and Tom s commentary precisely dates the changes In the notes for Issue 12 July 1982 he observes that it was around this time that the number of exaggerated Mac Curtis haircuts increased around London and Theatre of Hate indirectly started the punkabilly cult which consisted of disillusioned young Ants fans and reformed punky types largely Londoners Suddenly everyone started to look like Kirk Brandon Tom Vague recorded the present without any thought to posterity Because he noted the moment so thoroughly he became a historian providing a record of Punk s most obdurate and persistent strands In documenting the chaos of the 1980 s from within he has preserved a forgotten narrative of that decade not Live Aid New Romantic Pop or Thatcher but a dogged and anarchic strand of youth culture that persisted into the flowering of rave in the early 90 s This collection should be read by any serious enquirer into the period Jon Savage 2017
