responsible for Heaven's Gate who wrote a scathing book about the film and solidified the widely held view that Cimino wounded the movie industry beyond repair Elton's Cimino is a richly detailed biography that offers a revisionist history of a lightning rod filmmaker Based on extensive interviews with Cimino's peers and collaborators and enemies and friends most of whom have never spoken before it unravels the enigmas and falsehoods many perpetrated by the director himself which surround his life and sheds new light on his extraordinary career This is a story of the making of art the business of Hollywood and the costs of ambition both financial and personal *The Off-Hollywood Film Guide* Tom Wiener,2002-08-13

The Off Hollywood Film Guide cuts through the clutter of the thousands of films currently available on video and DVD by specifically catering to independent and foreign film enthusiasts In addition to a list of essential must see films this guide includes hundreds of entries each with brief commentary and a list of pertinent details such as release date cast director awards garnered special DVD features and double feature suggestions The listings are also cross referenced by genre director actors and country of origin Other Hollywood Renaissance Dominic Lennard,2020-09-09 In the late 1960s the collapse of the classic Hollywood studio system led in part and for less than a decade to a production trend heavily influenced by the international art cinema Reflecting a new self consciousness in the US about the national film patrimony this period is known as the Hollywood Renaissance However critical study of the period is generally associated with its so called principal auteurs slighting a number of established and emerging directors who were responsible for many of the era's most innovative and artistically successful releases With contributions from leading film scholars this book provides a revisionist account of this creative resurgence by discussing and memorializing twenty four directors of note who have not yet been given a proper place in the larger history of the period Including filmmakers such as Hal Ashby John Frankenheimer Mike Nichols and Joan Micklin Silver this more expansive approach to the auteurism of the late 1960s and 1970s seems not only appropriate but pressing a necessary element of the re evaluation of Hollywood with which cinema studies has been preoccupied under the challenges posed by the emergence and flourishing of new media Classic Movie Fight Scenes Gene Freese,2017-10-19
