Royal Artists From Mary Queen Of Scots To The Present Day:

Royal Artists Jane Roberts, 1987 *Bess of Hardwick, Mary Queen of Scots, and the Cavendishes* Lisa

Hopkins, 2025-05-29 This book examines the cultural legacies of the fifteen years that Mary Queen of Scots spent as a prisoner in the household of Bess of Hardwick and her fourth husband the Earl of Shrewsbury It proposes four main areas of influence first that although Mary never visited Hardwick New Hall the experience of keeping Mary captive affected the way that Bess conceived and furnished the house second that Mary's insistence on having copious meals ceremonially served to her can be traced in the recipe and remedy books of two of Bess's granddaughters third that Mary's status as royal prisoner is echoed in the life of a third granddaughter Lady Arbella Stuart and fourth that the necessity of defending Cavendish Talbot residences from attack informed the way that Bess's son Charles Cavendish built Bolsover Castle and coloured the way that two of Bess's great granddaughters described their experiences during the English Civil War in a jointly authored play

The King's Artists : The Royal Academy of Arts and the Politics of British Culture 1760-1840 Holger Hoock, 2003-11-13

This is the story of the forging of a national cultural institution in late eighteenth and early nineteenth century Britain The Royal Academy of Arts was the dominant art school and exhibition society in London and a model for art societies across the British Isles and North America This is the first study of its early years re evaluating the Academy's significance in national cultural life and its profile in an international context Holger Hoock reassesses royal and state patronage of the arts and explores the concepts and practices of cultural patriotism and the politicization of art during the American and French Revolutions By demonstrating how the Academy shaped the notions of an English and British school of art and influenced the emergence of the British cultural state he illuminates the politics of national culture and the character of British public life in an age of war revolution and reform **The Art of Mary Linwood** Heidi A. Strobel, 2023-11-30

The Art of Mary Linwood is the first book on Leicester textile artist Mary Linwood 1755-1845 and catalogue of her work When British textile artist and gallery owner Mary Linwood died in 1845 just shy of 90 years old her estate was worth the equivalent of 5 199 822 in today's currency As someone who made but did not sell embroidered replicas of famous artworks after artists such as Gainsborough Reynolds Stubbs and Morland how did she accumulate so much money A pioneering woman in the male dominated art world of late Georgian Britain Linwood established her own London gallery in 1798 that featured copies of well known paintings by these popular artists Featuring props and specially designed rooms for her replicas she ensured that her visitors had an entertaining educational and kinetic tour similar to what Madame Tussaud would do one generation later The gallery's focus on picturesque painters provided her London visitors with an idyllic imaginary journey through the countryside Its emphasis on quintessentially British artists provided a unifying focus for a country that had recently emerged from the threat of Napoleonic invasion This book brings to the fore Linwood's gallery guides and previously unpublished letters to her contemporaries such as Birmingham inventor Matthew Boulton and Queen Charlotte It also includes the first and only

catalogue of Linwood's extant and destroyed works By examining Linwood's replicas and their accompanying objects through the lens of material culture the book provides a much needed contribution to the scholarship on women and cultural agency in the early 19th century *Leaves from the Journal of Our Life in the Highlands, 1848-1861 & More Leaves, 1862-1882*

s youngest daughter that focuses on her relationship with her willful mother a powerful and insightful look into two women of significant importance and influence in world history Beatrice was the last child born to Queen Victoria and Prince Albert Her father died when she was four and Victoria came to depend on her youngest daughter absolutely and also demanded from her complete submission Victoria was not above laying it down regally even with her own children Beatrice succumbed to her mother s obsessive love so that by the time she was in her late teens she was her constant companion and running her mother s office which meant that when Victoria died her daughter became literary executor a role she conducted with Teutonic thoroughness And although Victoria tried to prevent Beatrice even so much as thinking of love her guard slipped when Beatrice met Prince Henry of Battenberg Sadly Beatrice inherited from her mother the hemophilia gene which she passed on to two of her four sons and which her daughter Victoria Eugenia in marrying Alfonso XIII of Spain in turn passed on to the Spanish royal family This new examination will restore her to her proper prominence as Queen Victoria s second consort *Queen Victoria* Matthew Dennison,2014-06-24 Queen Victoria is Britain s queen of contradictions In her
