Georgia Under the Royal Governors, 1754-1775 ... William Wright Abbot, 1953

Georgia Land Surveying History and Law Farris W. Cadle, 1991 Georgia Land Surveying History and Law is the first definitive history and analysis of Georgia's land system and the laws that govern it The book's opening section tells the story of the surveyor's role in transforming Georgia from a frontier to a bounded populated and productive colony and state Paced by anecdotes of surveyors' wilderness experiences the narrative traces the evolution of Georgia's land subdivision system beginning with the original and ultimately impractical scheme of land granting and rectangular land subdivision under the Trustees of the Georgia Colony The volume then covers the more flexible but easily abused headright procedure and the subsequent lottery and succession of systematic rectangular surveys under which most of the state was laid out and granted in the early nineteenth century Finally in lay terms supported by meticulous citation of authority the volume discusses the legal aspects of land surveying including the interests that make up land ownership the transfer of real property the interpretation of property descriptions the location of boundaries riparian and littoral rights and other topics The book examines every point concerning boundaries found in any Georgia case or statute Based solidly on primary sources and the author's fifteen years of experience in land surveying and title abstracting Georgia Land Surveying History and Law is an exhaustively researched and scholarly reference that will be useful to surveyors title attorneys title abstractors real estate professionals geographers cartographers historians and genealogists

Colonial Records of the State of Georgia

LESLIE HALL,2021-10-15 The Colonial Records of the State of Georgia document the colony through its first twenty five years and includes correspondence between Georgia founder James Oglethorpe and the Trustees for Establishing the Colony as well as records pertaining to land grants agreements and interactions with Indigenous peoples the settlement of a small Jewish community and the Salzburgers German speaking Protestant refugees and the removal on restrictions of land tenure rum and slavery in the colony Most of the local records of colonial Georgia were destroyed during the Revolution Under Governor James Wright s direction merchant John Graham loaded much of the official records on his vessel in the Savannah River During the Battle of the Rice Boats in March 1776 the Inverness was burned while it lay at anchor The destructive civil war that occurred in the latter phases of the Revolution resulted in further destruction The Colonial Records of the State of Georgia drawn from archival material in Great Britain remain a unique source Volume 28 Part I contains the papers of governors John Reynolds Henry Ellis and James Wright from 1757 to 1763 The Georgia Open History Library has been made possible in part by a major grant from the National Endowment for the Humanities Democracy demands wisdom Any views findings conclusions or recommendations expressed in this collection do not necessarily represent those of the National Endowment for the Humanities

Georgia Voices Spencer Bidwell King,2010-06-01 Published in 1966 this documentary history examines the history of Georgia from the first appearance of Spanish explorers to the hardships of the Civil War and Reconstruction Through the accounts of those who experienced the events firsthand Spencer Bidwell King Jr allows the reader to experience colonialism Revolution and statehood Within these distinctive eras King discusses society education religion literature and the economic and cultural pursuits of the people He combines extensive quotes from primary sources with historical information to create a continuous narrative By using the voices of Georgians King reveals the state s unique character and individuality

The Southern Experience in the American Revolution Larry E. Tise,Jeffrey J. Crow,2017-11-01 These essays pose new questions concerning the social and political origins of the Revolution in the South the social disorder indiced by the war and the impact of the conflict and its ideologies on blacks and women Contributors are Pauline Maier Robert M Weir Jack P Greene Marvin L Michale Kay Lorin Lee Cary John Shy Clyde R Ferguson Mary Beth Norton Michael Mullin and Peter H Wood Originally published in 1978 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

A Distinct Judicial Power Scott Douglas Gerber,2011-05-05 This title provides a comprehensive critical analysis of the origins of judicial independence in the United States The book examines the political theory of an independent judiciary and chronicles how each of the original 13 states and their colonial antecedents treated their respective judiciaries

Handbook of the Linguistic Atlas of the Middle and South Atlantic States William A. Kretzschmar,William A. Kretzschmar Jr.,1993-09-15 Who uses skeeter hawk snake doctor and dragonfly to refer to the same

insect Who says gum band instead of rubber band The answers can be found in the Linguistic Atlas of the Middle and South Atlantic States LAMSAS the largest single survey of regional and social differences in spoken American English It covers the region from New York state to northern Florida and from the coastline to the borders of Ohio and Kentucky Through interviews with nearly twelve hundred people conducted during the 1930s and 1940s the LAMSAS mapped regional variations in vocabulary grammar and pronunciation at a time when population movements were more limited than they are today thus providing a unique look at the correspondence of language and settlement patterns This handbook is an essential guide to the LAMSAS project laying out its history and describing its scope and methodology In addition the handbook reveals biographical information about the informants and social histories of the communities in which they lived including primary settlement areas of the original colonies Dialectologists will rely on it for understanding the LAMSAS and historians will find it valuable for its original historical research Since much of the LAMSAS questionnaire concerns rural terms the data collected from the interviews can pinpoint such language differences as those between areas of plantation and small farm agriculture For example LAMSAS reveals that two waves of settlement through the Appalachians created two distinct speech types Settlers coming into Georgia and other parts of the Upper South through the Shenandoah Valley and on to the western side of the mountain range had a Pennsylvania influenced dialect and were typically small farmers Those who settled the Deep South in the rich lowlands and plateaus tended to be plantation farmers from Virginia and the Carolinas who retained the vocabulary and speech patterns of coastal areas With these revealing findings the LAMSAS represents a benchmark study of the English language and this handbook is an indispensable guide to its riches **Land & Allegiance**

in Revolutionary Georgia Leslie Hall,2001-01-01 This history of the American Revolution in Georgia offers a thorough examination of how landownership issues complicated and challenged colonists loyalties Despite underdevelopment and isolation eighteenth century Georgia was an alluring place for it promised settlers of all social classes the prospect of affordable land and the status that went with ownership Then came the Revolution and its many threats to the orderly systems by which property was acquired and protected As rebel and royal leaders vied for the support of Georgia s citizens says Leslie Hall allegiance became a prime commodity with property and the preservation of owners rights the requisite currency for securing it As Hall shows however the war s progress in Georgia was indeterminate in fact Georgia was the only colony in which British civil government was reestablished during the war In the face of continued uncertainties plundering confiscation and evacuation many landowners desires for a strong consistent civil authority ultimately transcended whatever political leanings they might have had The historical irony here Hall s study shows is that the most successful regime of Georgia s Revolutionary period was arguably that of royalist governor James Wright Land and Allegiance in Revolutionary Georgia is a revealing study of the self interest and practical motivations in competition with a period s idealism and rhetoric

A Rope of Sand Michael Kammen,2012-10-03 During the twenty years before the American Revolution thirty seven men

acted as paid agent or lobbyists for the American colonies in England The most famous among them were Benjamin Franklin who represented four different colonies and served for seventeen years as agent for Pennsylvania and Edmund Burke who accepted the position to further his own career Yet the other thirty five were also a colorful and heterogeneous group This detailed study by a Pulitzer prize winning historian of their activities and of the gradual breakdown of communications between the colonies and the mother country until the link between the two become only a rope of sand is in the words of the Richmond News Leader a new and invigorating approach to the American fight for independence Soundly documented well organized and highly readable The New York Historical Society Quarterly A challenging book about an important historical institution The Historian A substantial contribution to our understanding of Anglo American history during the eighteenth century The New England Quarterly Both in concept and execution A Rope of Sand is impressive The Journal of American History

Prestatehood Legal Materials Michael G. Chiorazzi, Marguerite Most, 2005 A guide to the history and development of law in the U S and the change from territory to statehood Back cover *Prestatehood Legal Materials* Michael Chiorazzi, 2013-05-13 Explore the controversial legal history of the formation of the United States Prestatehood Legal Materials is your one stop guide to the history and development of law in the U S and the change from territory to statehood Unprecedented in its coverage of territorial government this book identifies a wide range of available resources from each state to reveal the underlying legal principles that helped form the United States In this unique publication a state expert compiles each chapter using his or her own style culminating in a diverse sourcebook that is interesting as well as informative In Prestatehood Legal Materials you will find bibliographies references and discussion on a varied list of source materials including state codes drafted by Congress county state and national archives journals and digests state and federal reports citations surveys and studies books manuscripts papers speeches and theses town and city records and documents Web sites to help your search for more information and more Prestatehood Legal Materials provides you with brief overviews of state histories from colonization to acceptance into the United States In this book you will see how foreign countries controlled the laws of these territories and how these states eventually broke away to govern themselves The text also covers the legal issues with Native Americans inter state and the Mexico and Canadian borders and the development of the executive legislative and judicial branches of state government This guide focuses on materials that are readily available to historians political scientists legal scholars and researchers Resources that assist in locating not so easily accessible materials are also covered Special sections focus on the legal resources of colonial New York City and Washington DC which is still technically in its prestatehood stage Due to the enormity of this project the editor of Prestatehood Legal Materials created a Web page where updates corrections additions and more will be posted

Pulpit and Nation Spencer W. McBride, 2017-01-12 In Pulpit and Nation Spencer McBride highlights the importance of Protestant clergymen in early American political culture elucidating the actual role of religion in the founding era Beginning with colonial precedents for

clerical involvement in politics and concluding with false rumors of Thomas Jefferson's conversion to Christianity in 1817 this book reveals the ways in which the clergy's political activism and early Americans' general use of religious language and symbols in their political discourse expanded and evolved to become an integral piece in the invention of an American national identity. Offering a fresh examination of some of the key junctures in the development of the American political system—the Revolution, the ratification debates of 1787–88, and the formation of political parties in the 1790s—McBride shows how religious arguments, sentiments, and motivations were subtly interwoven with political ones in the creation of the early American republic. Ultimately, *Pulpit and Nation* reveals that while religious expression was common in the political culture of the Revolutionary era, it was as much the calculated design of ambitious men seeking power as it was the natural outgrowth of a devoutly religious people.

The Revolution in Freedoms of Press and Speech Wendell Bird, 2020-02-28 This book discusses the revolutionary broadening of concepts of freedom of press and freedom of speech in Great Britain and in America in the late eighteenth century, in the period that produced state declarations of rights and then the First Amendment and Fox's Libel Act. The conventional view of the history of freedoms of press and speech is that the common law, since antiquity, defined those freedoms narrowly and that Sir William Blackstone in 1769 and Lord Chief Justice Mansfield in 1770 faithfully summarized the common law in giving a very narrow definition of those freedoms as mere liberty from prior restraint and not liberty from punishment after something was printed or spoken. This book proposes to the contrary that Blackstone carefully selected the narrowest definition that had been suggested in popular essays in the prior seventy years in order to oppose the growing claims for much broader protections of press and speech. Blackstone misdescribed his summary as an accepted common law definition, which in fact did not exist. A year later, Mansfield inserted a similar definition into the common law for the first time, also misdescribing it as a long accepted definition and soon misdescribed the unique rules for prosecuting sedition as having an equally ancient pedigree. Blackstone and Mansfield were not declaring the law as it had long been but were leading a counter revolution about the breadth of freedoms of press and speech and cloaking it as a summary of a narrow common law doctrine that in fact was nonexistent. That conflict of revolutionary view and counter revolutionary view continues today. For over a century, a neo-Blackstonian view has been dominant or at least very influential among historians. Contrary to those narrow claims, this book concludes that the broad understanding of freedoms of press and speech was the dominant context of the First Amendment and of Fox's Libel Act and that it enjoyed greater historical support.

Colonial America: An Encyclopedia of Social, Political, Cultural, and Economic History James Ciment, 2016-09-16 No era in American history has been more fascinating to Americans or more critical to the ultimate destiny of the United States than the colonial era. Between the time that the first European settlers established a colony at Jamestown in 1607 through the signing of the Declaration of Independence, the outlines of America's distinctive political culture, economic system, social life, and cultural patterns had begun to emerge. Designed to complement the high school American history

curriculum as well as undergraduate survey courses Colonial America An Encyclopedia of Social Political Cultural and Economic History captures it all the people institutions ideas and events of the first three hundred years of American history While it focuses on the thirteen British colonies stretching along the Atlantic Colonial America sets this history in its larger contexts Entries also cover Canada the American Southwest and Mexico and the Caribbean and Atlantic world directly impacting the history of the thirteen colonies This encyclopedia explores the complete early history of what would become the United States including portraits of Native American life in the immediate pre contact period early Spanish exploration and the first settlements by Spanish French Dutch Swedish and English colonists This monumental five volume set brings America s colonial heritage vibrantly to life for today s readers It includes thematic essays on major issues and topics detailed A Z entries on hundreds of people institutions events and ideas thematic and regional chronologies hundreds of illustrations primary documents and a glossary and multiple indexes From Resistance To Revolution Pauline Maier,1992-02-04 Details major events which shaped an organized resistance movement against the British and brought about the American Revolution *American Law and the Constitutional Order* Lawrence Meir Friedman,Harry N. Scheiber,1988 This is the standard reader in American law and constitutional development The selections demonstrate that the legal order once defined by society helps in molding the various forces of the social life of that society The essays cover the entire period of the American experience from the colonies to postindustrial society Additions to this enlarged edition include essays by Michael Parrish on the Depression and the New Deal Abram Chayes on the role of the judge in public law litigation David Vogel on social regulation Harry N Scheiber on doctrinal legacies and institutional innovations in the relation between law and the economy and Lawrence M Friedman on American legal history
