students This book in the Seaforth Historic Ship series redresses the gap Containing more than 200 specially commissioned photographs the book takes the reader on a superbly illustrated tour of the ship from bow to stern and deck by deck Significant parts of the vessel for example the gun turrets and engine rooms are given detailed coverage both in words and pictures so that the reader has at hand the most complete visual record and explanation of the ship that exists In addition the importance of the ship both in her own time and now as a museum vessel is explained No other book offers such superb visual impact nor brings the ship so vividly to life

Yacht and Rowing Club Buttons Roger Revell,2010-01-19 This is the first detailed study of buttons used by British yacht and rowing clubs covering a period of some two hundred years The book will be of interest to members of yacht and boat clubs as well as to collectors needing information on identity age and values of these early buttons Descriptions and illustrations are included for nearly a hundred and eighty buttons used by nearly a hundred and sixty clubs The study gives brief histories of individual organisations and includes many useful appendices for identifying and dating buttons Many of the buttons are illustrated and described for the first time in print
