Schnabel, 2023-11-21 Southwestern Journal of Theology 2023 Book Award Honorable Mention Theological Studies New Testament Theology is a major new contribution to New Testament scholarship by renowned scholar Eckhard Schnabel While many New Testament theologies approach the material through a particular thematic construct e.g. covenant Schnabel takes a different approach First he focuses on Jesus Messiah and his significance for the early church Second he seeks to describe the theology of the New Testament as it was written and read in its historical context This approach honors the fact that the authors and original readers of the New Testament were real people dealing with real issues in their specific ecclesiological cultural and missiological settings Schnabel comprehensively combines a historical description of the New Testament's theology with a systematic reflection on the New Testament's message and the convictions of Jesus and his early followers This valuable contribution to the field will be insightful reading for students scholars and pastors **The Mystery of the Purple Robe (Unwrapped)** Lawrence Bradley, **Unamuno's Theory of the Novel** C. A. Longhurst, 2017-07-05 Miguel de Unamuno 1864-1936 is widely regarded as Spain's greatest and most controversial writer of the first half of the twentieth century Professor of Greek and later Rector at the University of Salamanca and a figure with a noted public profile in his day he wrote a large number of philosophical political and philological essays as well as poems plays and short stories but it is his highly idiosyncratic novels for which he coined the word *novela* that have attracted the greatest critical attention *Niebla* 1914 has become one of the most studied works of Spanish literature such is the enduring fascination which it has provoked In this study C. A. Longhurst a distinguished Unamuno scholar sets out to show that behind Unamuno's fictional experiments there lies a coherent and quasi-philosophical concept of the *novel* genre and indeed of writing itself Ideas about freedom identity finality mutuality and community are closely intertwined with ideas on writing and reading and give rise to a new and highly personal way of conceiving fiction **Journal of Latin American Theology, Volume 14, Number 1** Lindy
