*Medjugorje and the Supernatural* Daniel Maria Klimek,2018-03-01 In 1981 six young people in the village of Medjugorje in what was then Yugoslavia now Bosnia Herzegovina reported that the Virgin Mary had appeared to them The Medjugorje visionaries say that Mary has returned every day since then bringing them important messages from heaven to convey to the world Over the past three decades the Medjugorje visionaries have been subjected to extensive medical psychological and scientific examination even while undergoing their visionary experiences Daniel Klimek analyzes the scientific studies on the visionaries in juxtaposition with the major scholars and debates surrounding religious experience and concludes that a multidisciplinary approach grants a more holistic and deeper understanding of such extraordinary religious experiences

**Our Lady of the Nations** Chris Maunder,2016-02-18 Our Lady of the Nations is a detailed and scholarly overview of the apparitions of Mary in 20th century Catholic Europe Chris Maunder discusses apparitions in general and how they are interpreted in Catholicism by for example Karl Rahner and Benedict XVI The role of women and children as visionaries is considered including issues concerning changing views of gender children s spirituality and the protection of minors He covers cases that are well known and approved by the Church Fatima Beauraing Banneux and Amsterdam others that are well known but not approved such as Garabandal and Medjugorje and many that are neither well known nor approved such as those in Belgian Flanders or Nazi Germany in the 1930s or in France Italy or Germany after the Second World War Resources include academic studies of particular apparitions some Catholic theological and devotional literature and occasionally travel writing There is also coverage of material in French which is not known to the English reader Shrines and visionaries are believed to be indicators of the presence of Mary In the visionary perspective she has appeared in order to reassure her followers and to warn of divine judgement Her messages echo doctrinal Catholic Mariology with some innovations but also express a deep dissatisfaction with the events and trends of the 20th century from communism to Nazism to liberalism and religious indifference While the Marian cult evolves according to new templates for apparitions and developments in Mariology the fundamental message of presence consolation and admonition remains constant

Dawes,2012-09-10 In this timely study Dawes defends the methodological naturalism of the sciences Though religions offer what appear to be explanations of various facts about the world the scientist as scientist will not take such proposed explanations seriously Even if no natural explanation were available she will assume that one exists Is this merely a sign of atheistic prejudice as some critics suggest Or are there good reasons to exclude from science explanations that invoke a supernatural agent On the one hand Dawes concedes the bare possibility that talk of divine action could constitute a potential explanation of some state of affairs while noting that the conditions under which this would be true are unlikely ever to be fulfilled On the other hand he argues that a proposed explanation of this kind would rate poorly when measured against our usual standards of explanatory virtue      Meetings with Mary Janice T. Connell,2015-03-18 Through the centuries and across the world the Virgin Mary has appeared to ordinary people of every race and culture from scholars to illiterates from the devout to the unbelieving from young children to the dying In this exquisite and inspiring volume Janice T Connell chronicles authenticated Marian apparitions and messages Mary has brought from God as mother comforter Queen of Angels and Prophet of the Apocalypse Drawn from scripture legend and never before published eyewitness accounts these are personal stories the author s own and her interviews with other visionaries filled with beauty wonder and joy Meetings with Mary ranges from Elijah s vision of Mary eight hundred years before her birth to the world famous children of Medjugorje in Bosnia whose encounters with her began in 1981 and continue daily Here also are lesser known deeply touching encounters with the Mother from an office worker in Holland to a Japanese nun from a Jewish banker in Rome to an awestruck crowd of visionaries few of them Christians or of any other faith in Egypt Meetings with Mary asks also as the millennium draws near shadowed by disasters disease and brutal civil warfare are Mary s frequent appearances a signal to the faithful Perhaps she is calling us all to join her now on a voyage toward the eternal shores of peace joy and abiding love Connell is passionate about prayer and sharing her love of Jesus mother She has a way of simplifying complex theology Rocky Mountain News      **Meet Mary** Mark I. Miravalle,2007 Meet Mary teaches you everything the Bible says about her what the early Christians believed and all of the Church s key Marian teachings of 2 000 years      **Revelations** Xavier Reyes-Ayral,2022-05-31 From 1846 to the present day the Vatican has maintained quite the same message brought forth from Heaven by different messengers across time and across vast distances and continents This message echoes the gravest of admonitions and calls mankind to convert and find refuge through the knowledge of the truth which today threatens the very basis of world peace Today in 2022 the message of La Salette La Fraudais Tilly Fatima Garabandal Akita and Medjugorje and their secrets take a meaning of the greatest importance as the admonitions brought forth by the Blessed Virgin Mary warn of a cataclysmic global disaster which has now become imminent The Church s apprehension of frightening the masses inspired inaction and Rome s decision to silence founded more on fear than on caution led millions of faithful to the darkness of ignorance and therefore to a lack of necessary conversion prayers and intercession for peace This book

proposes unveiling the light and thus asking humanity to respond to the call of a warm and loving mother who merely seeks the salvation of her children      **The Messages of Medjugorje: The Complete Text, 1981-2014**

*The Fatima Prophecies* Thomas W. Petrisko,2011-05-28 I was overwhelmed and reinvigorated by this fantastic journal and the emerging revelations about our Heavenly Father With this historical book Marys armies now have a most timely and powerful weapon for evangelization as the Triumph of her Immaculate Heart approaches Bud MacFarlane Sr M I World renowned expert on apparitions and mystical phenomena Afterglow NJ Once more Thomas Petrisko presents us with an array of prophecies that indicate the tumult of our time and the hidden role of the Virgin Michael Brown author The Final Hour and The Last Secret Latham NY Panoramic in scope and profound in content this work shows how all the major Marian apparitions point like compass needles to Fatima as their goal and crown Fr Richard Foley S J author and EWTN commentator London England      **Power of Popular Piety** Ambrose Mong,2019-03-04 This book examines the ambivalence of folk Catholicism as a resource to fight against injustice exploitation and oppression Cases are cited to illuminate the value and potential trespasses of popular religious beliefs and practices Over centuries representatives of the powerful middle and upper middle classes did not hesitate to manipulate popular piety to protect their power and privileges In fact much of popular religion still reflects the dominant ideology Popular piety has the potential for liberation against unjust social and economic structures When properly guided this practice can broaden and deepen political consciousness and mobilize people to act Without a strong level of political consciousness as well as liberative evangelization popular religion will be alienating to the poor while strengthening the status quo of the rich and the powerful This study argues that it will be the elites the well educated and committed Christians not the masses who would foster the transformation of society      **Medjugorje** Denis Nolan,1993      Refined in the Furnace of Affliction R. Paul Gregory,2008      *Encountering Mary* Sandra L. Zimdars-Swartz,2014-07-14 In the past two centuries hundreds of apparitions of the Virgin Mary have been reported drawing crowds to the seers and the sites and constituting events of great religious significance for millions of people worldwide Here Sandra Zimdars Swartz provides a detective like investigation of the experiences and interpretations of six major apparitions including those at La Salette and Lourdes in France during the mid nineteenth century at Fatima Portugal in 1917 and the more recent ones at San Damiano Italy Garabandal Spain and Medjugorje Yugoslavia where the apparitions continue Adopting a phenomenological approach to these encounters with Mary one that is neither apologetic nor antagonistic the

author explores the tension between the personal meaning of the events for their subjects and the public appropriation of this meaning by a larger religious community Along the way she examines the backgrounds of the seers their willingness or reluctance to talk about the apparitions and their messages the amount of emotional support they received from family and community as news of the apparitions spread the reports of miracles at apparition sites the reactions of local authorities and the steps taken by the Roman Catholic Church in officially recognizing or rejecting the apparitions as worthy of belief The author concludes with a survey of religious worldviews based on Marian apparitions focusing especially on the now popular transcultural apocalyptic nature of these messages to the modern world Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

**Looking for a Miracle** Joe Nickell,2009-12-02 The willingness of people to believe in magical icons mystical relics and miraculous pictures like the Image of Guadalupe is almost as curious as these phenomena themselves Though they cry out for scientific investigation millions of people blindly accept them as fact Historical and paranormal investigator Joe Nickell confronts such strange events powers and objects as the Shroud of Turin bleeding or weeping statues burning handprints liquefying blood ecstatic visions miraculous cures and people speaking in tongues in *Looking for a Miracle* Departing from standard critiques of religion Nickell carefully investigates the evidence relating to specific claims Religious believers and rationalists alike have much to learn from this revealing examination of the evidence for the miraculous

*Apparition Fever* Tine Van Osselaer,2025-06-13 In the early 1930s a wave of Marian apparitions cases in which visionaries reported seeing and receiving messages from the Virgin Mary swept over Belgium With over forty apparition sites and hundreds of visionaries the Belgian apparitions often attended by crowds of onlookers were unrivalled in scope and complexity and they confronted Catholics and others with a question How do you decide what you believe *Apparition Fever* explores the Belgian apparitions from initial reports to the eventual recognition of two episodes in the 1940s It shows how knowledge was formed at all levels among the bystanders attending the sites to the medical experts who studied the visionaries and the clerical authorities who evaluated the authenticity of the apparitions Tine Van Osselaer examines how these different perspectives converged and influenced each other whose authority was accepted or challenged and how the public character of the events affected their evaluation *Apparition Fever* reveals that the public setting of Marian apparitions and the religious enthusiasm they triggered are not novel challenges for the Catholic Church On the contrary they have heavily influenced the evaluation of apparitions since the early twentieth century
