Altbach, Patricia J. Gumport**

Scientific Development And Higher Education The Case Of Newly Industrializing Nations:

Scientific Development and Higher Education Philip G. Altbach, 1989-06-26 This is the first book to provide detailed analysis of the relationship between higher education and scientific research in key Third World countries Focusing on four of the most successful of the newly industrializing countries Malaysia Taiwan South Korea and Singapore the authors examine the intersection between outstanding economic development in these four countries and the higher education and research establishments they have developed The study combines careful analysis of the current status of scientific research in higher education with detailed ethnographic case studies of scientific work Based upon a two year research effort sponsored by the National Science Foundation the study presents a multifaceted approach to the subject evaluating for each country the organization of the universities and other scientific institutions the scientists and administrators who work in these institutions the research productivity and the relationship of basic research to applied uses in industry and commerce the interactions of these institutions with scholars from Western Europe Japan and North America The authors demonstrate that the nations under study are rapidly building a sophisticated scientific infrastructure and clearly recognize the importance of science for development The book concludes with an enlightening discussion of how scientists publish their findings in these countries

Routledge Library Editions: Higher Education Various, 2021-03-29 The volumes in this set originally published between 1964 and 2002 draw together research by leading academics in the area of higher education and provide a rigorous examination of related key issues The volume examines the concepts of learning teaching student experience and administration in relation to the higher education through the areas of business sociology education reforms government educational policy business and religion whilst also exploring the general principles and practices of higher education in various countries This set will be of particular interest to students and practitioners of education politics and sociology

Project Summaries National Science Foundation (U.S.). Division of Science Resources Studies, 1989 *The Forefront of International Higher Education* Alma Maldonado-Maldonado, Roberta Malee Bassett, 2013-10-07 This book honors the academic trajectory and global impact of Philip G Altbach one of the most important education comparativists worldwide for over forty years From his early writings on India and student activism to his recent work on research universities Altbach has served as a key developer of the expansion of the field to include comparative higher education His capacity to find support and gather the best minds around the world to organize research teams in order to explore the most relevant issues on comparative higher education has earned him international recognition His service to the field of comparative higher education is invaluable and incomparable This festschrift contains original pieces from colleagues and former students following a twofold discussion the most relevant topics on comparative higher education and particular Altbach's contributions to this field of work

The Social Role of Higher Education Ken Kempner, William G Tierney, 2018-10-10 Originally published in 1996 The Social Role of Higher Education is an anthology of nine papers it

presents cases studies showing how culture influences the social role of higher education in various nations It examines how environments get defined and how they shape universities and how knowledge and academic work interact in national contexts This book focuses on how both developed and developing countries systems of higher education are affected by their own culture and their place within the larger global context Higher Education: Handbook of Theory and Research

Michael B. Paulsen,2014-07-08 Published annually since 1985 the Handbook series provides a compendium of thorough and integrative literature reviews on a diverse array of topics of interest to the higher education scholarly and policy communities Each chapter provides a comprehensive review of research findings on a selected topic critiques the research literature in terms of its conceptual and methodological rigor and sets forth an agenda for future research intended to advance knowledge on the chosen topic The Handbook focuses on a comprehensive set of central areas of study in higher education that encompasses the salient dimensions of scholarly and policy inquiries undertaken in the international higher education community Each annual volume contains chapters on such diverse topics as research on college students and faculty organization and administration curriculum and instruction policy diversity issues economics and finance history and philosophy community colleges advances in research methodology and more The series is fortunate to have attracted annual contributions from distinguished scholars throughout the world **Routledge Library Editions: Education Mini-Set G**

Higher & Adult Education 11 vol set Various,2021-07-14 Mini set G Higher and Adult Education re issues 11 volumes originally published between 1974 and 1992 They discuss and analyze adult education from both theoretical and practical standpoints and look at the challenges facing adult education during the 1970s and 80s as well as examining the history of higher adult education in the UK The mini set includes one volume which although previously available with another publisher and out of print for some years is now available for the first time from Routledge **Scientific Communication**

in African Universities Damtew Teferra,2004-06 First Published in 2003 Routledge is an imprint of Taylor Francis an informa company La voie de l'excellence académique Philip G. Altbach,Jamil Salmi,2012-01-27 Le bassin du Congo représente 70 % de la couverture forestière du continent africain et abrite une grande partie de la biodiversité de l'Afrique Historiquement la pression exercée sur les forêts du bassin du Congo a été comparativement faible mais des signes indiquent que cette situation ne devrait pas durer car la pression sur les forêts et les autres écosystèmes s'accroît La reconnaissance croissante de l'importance des forêts pour endiguer le changement climatique a introduit un nouvel élan dans la lutte contre la déforestation et la dégradation de la forêt tropicale La plupart des pays de bassin du Congo sont activement engagés dans un processus de préparation des cadres et stratégies cadre capable de créer des incitations à réaliser les missions liées à la déforestation et la dégradation des forêts encourageant la conservation et la gestion durable des forêts ainsi que l'amélioration de la sequestration du carbone par les forêts REDD Ils travaillent ainsi à améliorer et à renforcer leur capacité de suivi des missions liées aux forêts améliorer la gouvernance des forêts promouvoir le développement et réduire la pauvreté tout en protégeant les

ressources naturelles de la région Un exercice de deux ans visant analyser et comprendre en profondeur la dynamique de la déforestation dans le bassin du Congo est résumé dans le présent rapport qui s'organise comme suit Le chapitre 1 donne une vue d'ensemble des forêts du bassin du Congo Le chapitre 2 présente la dynamique de la déforestation et résume les résultats d'une analyse secteur par secteur des grands facteurs de déforestation dans le bassin du Congo Le chapitre 3 fournit une actualisation de l'état des négociations REDD dans le cadre de la CCNUCC et des implications pour les pays du bassin du Congo

American Higher Education in the Twenty-First Century Michael N. Bastedo, Philip G. Altbach, Patricia J. Gumpert, 2016-03-30 American Higher Education in the Twenty first century offers a comprehensive introduction to the central issues facing American colleges and universities The contributors address major changes in higher education including the rise of organized social movements the problem of income inequality and stratification the growth of for profit and distance education online education community colleges and teaching and learning will place American higher education and its complex social and political context Cover
