Physical Description (Injuries, Glasses, etc.):

Physical Description (Injuries, Glasses, etc.) Don Baylor (Yanks) type body. Well prop. type body.

Had right shoulder injury this past football season. No gl. or contacts. Has excellent baseball body that can play for many years; very strong; durable; thick throughout.

ADRIENES	A complete type player with outstanding tools; can simply do it all and didn't even play baseball last year. A gifted athlete; the best pure athlete in America today.
----------	--

NOTE * (Will only run and throw when he has to - will not throw full out in pre-game)

Weaknesses	The only weakness this kid has is that he has not played much baseball due to his football and track involvement and still lacks some baseball fluidness on offense and defense but at the same time it is hard to believe how much better he looks since high school and after a year off last spring.
------------	---

Sensitivity: Ex. 1 Good 2 Fair 3 Poor X Weekly \$ 200,000

In my opinion this kid will not sign this year but will give it considerable thought his senior year; he has to like this game to be playing it now and I'm a firm believer that he is liking it more and more each year and doesn't like the thought of getting beat on for a lifetime (football) and a longer possible career in pro basketball.

Makeup Evaluation and Player Summation Good kid; quiet and not an outgoing type. A pleasure to watch this kid play this game with not much playing time. I have gotten to know his mother very well and these are good people; they are a very close family and will remain so. Forget about him in 1985 but there is hope in 1986. Can win the Heisman Trophy next year and Auburn has changed their offense to the I formation so he can run the ball 40 times a game next fall.

Playing for a Winner Brandon Isleib, 2017-01-10 He never felt like a Hall of Famer You can't argue with championships If he was so good why were his teams so bad On talk shows and in sports bars statements like these are often made about both underrated and overrated players It's generally accepted that being in a bigger market or on a winning team can cause a player to be overrated while the opposite can leave them underrated Examining pennant races to show how much attention a team receives and which teams are getting the most attention provides a context to this familiar commentary This book studies the effects of the sports media spotlight and its absence on the fortunes of teams in pennant races and Hall of Fame inductees Along the way the author brings to light accomplished players most non fans have probably never heard of
