Shakin Up Race And Gender:

Shakin' Up Race and Gender Marta E. Sánchez, 2009-07-21 The second phase of the civil rights movement 1965 1973 was a pivotal period in the development of ethnic groups in the United States In the years since then new generations have asked new questions to cast light on this watershed era No longer is it productive to consider only the differences between ethnic groups we must also study them in relation to one another and to U S mainstream society In *Shakin Up Race and Gender* Marta E S nchez creates an intercultural frame to study the historical and cultural connections among Puerto Ricans African Americans and Chicanos as since the 1960s Her frame opens up the black white binary that dominated the 1960s and 1970s It reveals the hidden yet real ties that connected ethnics of color and white ethnics in a shared intercultural history By using key literary works published during this time S nchez reassesses and refutes the unflattering portrayals of ethnics by three leading intellectuals Octavio Paz Daniel Patrick Moynihan and Oscar Lewis who wrote about Chicanos African Americans and Puerto Ricans She links their implicit misogyny to the trope of La Malinche from Chicano culture and shows how specific characteristics of this trope enslavement alleged betrayal and cultural negotiation are also present in African American and Puerto Rican cultures S nchez employs the trope to restore the agency denied to these groups Intercultural contact encounters between peoples of distinct ethnic groups is the theme of this book

The Afro-Latino Memoir Trent Masiki, 2023-08-29 Despite their literary and cultural significance Afro Latino memoirs have been marginalized in both Latino and African American studies Trent Masiki remedies this problem by bringing critical

attention to the understudied African American influences in Afro Latino memoirs published after the advent of the Black Arts movement Masiki argues that these memoirs expand on the meaning of racial identity for both Latinos and African Americans Using interpretive strategies and historical methods from literary and cultural studies Masiki shows how Afro Latino memoir writers often turn to the African American experience as a model for articulating their Afro Latinidad African American literary production expressive culture political ideology and religiosity shaped Afro Latino subjectivity more profoundly than typically imagined between the post war and post soul eras Masiki recovers this neglected history by exploring how and why Black nationalism shaped Afro Latinidad in the United States This book opens the border between the canons of Latino and African American literature encouraging greater intercultural solidarities between Latinos and African Americans in the era of Black Lives Matter

Invisibility and Influence Regina Marie Mills, 2024-06-04 Invisibility and Influence is the first study of writings depicting Afro Latinx life in the US and the Hispanophone Caribbean It demonstrates how a century s worth of Afro Latinx writers in both places helped shape life writing including autobiography memoir collective autobiography and other formats Mills s work explores the tensions these writers experienced in being viewed by others as only either Latinx or Black not as a distinctive community that embodies both and should not be seen as simply a bridge between them This is not only a story of this specific and overlooked community but is also a history of how its work shaped and complicated discourses on race and colorism in the western hemisphere In doing so these writers created a literary history of themselves within the broader literary history of the Americas The first chapter looks at the life writings of Arturo Arthur Schomburg a writer who collected and recovered the voices of lost writers of the African Diaspora such as Phyllis Wheatley His collections of papers and art eventually created the core archive for the Schomburg Center for Research in Black Culture Mills elucidates his own writings of his life in Harlem and shows how they were in deeper conversation with Ralph Waldo Emerson and Thomas Carlyle s writings that had shaped a white American tradition of autobiography as well as with Black autobiographical writers such as W E B DuBois She extends the ties of Schomburg s Afro Puerto Rican background and life writings to Jesus Col n s sketches in the 1920s and even further to self depictions by members of The Young Lords through multiple medias such as photography film and poetry She is particularly interested in the ways that The Young Lords created a model of observe and participate that permeates all of their activities from recruitment to writing among others She uses the work of Afro Cuban and Puerto Rican writer Piri Thomas to think about the crucial role that violence against minority communities plays in the creation of self identity Her final chapter considers the place of secrecy and spirituality in the work of mostly but not solely Afro Latina writers to re center how the valuing of domesticity and spirituality can push back against the way their lives are marginalized to create their own Afro Latina feminisms

Decolonizing Diasporas Yomaira C Figueroa-Vásquez, 2020-10-15 Mapping literature from Spanish speaking sub Saharan African and Afro Latinx Caribbean diasporas Decolonizing Diasporas argues that the works of diasporic writers and

artists from Equatorial Guinea Puerto Rico the Dominican Republic and Cuba offer new worldviews that unsettle and dismantle the logics of colonial modernity With women of color feminisms and decolonial theory as frameworks Yomaira C Figueroa V squez juxtaposes Afro Latinx and Afro Hispanic diasporic artists analyzing work by Nelly Rosario Juan Tom s vila Laurel Trifonia Melibea Obono Donato Ndongo Junot D az Aracelis Girmay Loida Maritza P rez Ernesto Qui onez Christina Olivares Joaquin Mbomio Bacheng Ibeyi Daniel Jos Older and Mar a Magdalena Campos Pons Figueroa V squez s study reveals the thematic conceptual and liberatory tools these artists offer when read in relation to one another Decolonizing Diasporas examines how themes of intimacy witnessing dispossession reparations and futurities are remapped in these works by tracing interlocking structures of oppression including public and intimate forms of domination sexual and structural violence sociopolitical and racial exclusion and the haunting remnants of colonial intervention Figueroa V squez contends that these diasporic literatures reveal violence but also forms of resistance and the radical potential of Afro futurities This study centers the cultural productions of peoples of African descent as Afro diasporic imaginaries that subvert coloniality and offer new ways to approach questions of home location belonging and justice

An African American and Latinx History of the United States Paul Ortiz, 2018-01-30 An intersectional history of the shared struggle for African American and Latinx civil rights Spanning more than two hundred years An African American and Latinx History of the United States is

a revolutionary politically charged narrative history arguing that the Global South was crucial to the development of America as we know it Scholar and activist Paul Ortiz challenges the notion of westward progress as exalted by widely taught formulations like manifest destiny and Jacksonian democracy and shows how placing African American Latinx and Indigenous voices unapologetically front and center transforms US history into one of the working class organizing against imperialism Drawing on rich narratives and primary source documents Ortiz links racial segregation in the Southwest and the rise and violent fall of a powerful tradition of Mexican labor organizing in the twentieth century to May 1 2006 known as International Workers Day when migrant laborers Chicana os Afrocubanos and immigrants from every continent on earth united in resistance on the first Day Without Immigrants As African American civil rights activists fought Jim Crow laws and Mexican labor organizers warred against the suffocating grip of capitalism Black and Spanish language newspapers abolitionists and Latin American revolutionaries coalesced around movements built between people from the United States and people from Central America and the Caribbean In stark contrast to the resurgence of America First rhetoric Black and Latinx intellectuals and organizers today have historically urged the United States to build bridges of solidarity with the nations of the Americas Incisive and timely this bottom up history told from the interconnected vantage points of Latinx and African Americans reveals the radically different ways that people of the diaspora have addressed issues still plaguing the United States today and it offers a way forward in the continued struggle for universal civil rights 2018 Winner of the PEN Oakland Josephine Miles Literary Award
