

Shakin' All Over

The Winnipeg Sixties Rock Scene

by John Einarson

Shakin All Over The Winnipeg Sixties Rock Scene

Colin Larkin

Shakin All Over The Winnipeg Sixties Rock Scene:

Shakin' All Over John Einarson, 1987 The North American Folk Music Revival: Nation and Identity in the United States and Canada, 1945-1980 Gillian Mitchell, 2016-02-17 This work represents the first comparative study of the folk revival movement in Anglophone Canada and the United States and combines this with discussion of the way folk music intersected with and was structured by conceptions of national affinity and national identity Based on original archival research carried out principally in Toronto Washington and Ottawa it is a thematic rather than general study of the movement which has been influenced by various academic disciplines including history musicology and folklore Dr Gillian Mitchell begins with an introduction that provides vital context for the subject by tracing the development of the idea of the folk folklore and folk music since the nineteenth century and how that idea has been applied in the North American context before going on to examine links forged by folksong collectors artists and musicians between folk music and national identity during the early twentieth century With the boom of the revival in the early sixties came the ways in which the movement in both countries proudly promoted a vision of nation that was inclusive pluralistic and eclectic It was a vision which proved compatible with both Canada and America enabling both countries to explore a diversity of music without exclusiveness or narrowness of focus It was also closely linked to the idealism of the grassroots political movements of the early 1960s such as integrationist civil rights and the early student movement After 1965 this inclusive vision of nation in folk music began to wane While the celebrations of the Centennial in Canada led to a re emphasis on the Canadianness of Canadian folk music the turbulent events in the United States led many ex revivalists to turn away from politics and embrace new identities as introspective singer songwriters Many of those who remained interested in traditional folk music styles such as Celtic or Klezmer music tended to be very insular and conservative in their approach rather than linking their chosen genre to a wider world of folk music however more recent attempts at fusion or world music suggest a return to the eclectic spirit of the 1960s folk revival Thus from 1945 to 1980 folk music in Canada and America experienced an evolving and complex relationship with the concepts of nation and national identity Students will find the book useful as an introduction not only to key themes in the folk revival but also to concepts in the study of national identity and to topics in American and Canadian cultural history Academic specialists will encounter an alternative perspective from the more general broad approach offered by earlier histories of the folk revival movement **Wheatfield Empire** Robert Lawson, 2020-11-05 Winnipeg s The Guess Who are Canada s original international rock n roll superstars But despite the band s enduring popularity no one has assembled a comprehensive history of their recording career until now In exquisite detail that serious fans will appreciate Wheatfield Empire The Listener s Guide to The Guess Who goes through the band s evolution album by album and song by song Nothing is left out Wheatfield Empire covers the complete discography singles chart action international releases important concerts significant TV appearances radio broadcasts and even a selection of unofficial live bootlegs The book also

discusses the solo careers of both frontman Burton Cummings and guitarist Randy Bachman Written in clear prose with a touch of humour this book's encyclopedic detail is supported with excerpts from first hand interviews with band members and input from top authorities on the Canadian music industry Looking beyond the radio hits *Wheatfield Empire* documents The Guess Who's musical output with the loving attention they deserve as Canada's first band to achieve major international success This book is a must have for any serious Guess Who fan **Canuck Rock** Ryan Edwardson,2009-01-01 An invaluable resource and an absorbing read *Canuck Rock* spans from the emergence of rock and roll in the 1950s through to today's international recording industry **Music in Canada** Carl Morey,2013-11-26 Providing access to virtually any subject related to music and musicians in Canada more than 900 annotated entries are organized under 13 topics and indexed by author subject and title Background and supplementary information and suggestions for research are presented in introductory essays The material covered reflects the broad spectrum of music in Canadian society including historical analytical and biographical studies of music derived from the European tradition First Nations and Inuit music jazz and popular works folk and ethnic music education research and bibliographical materials The reader is also directed to some important on line resources Musical activity in Canada has developed remarkably in the past 50 years with a parallel growth of musical scholarship examining historical social and ethnological aspects of Canadian musical life This Guide is the first to draw comprehensively on the wealth of studies now available which are often dispersed and not easily located Consequently this information is invaluable to students and researchers interested in Canadian music the music of North America and Canadian studies Index *Desperados* John Einarson,2001-01-16 The first full history to describe the development of country rock **Neil Young** Martin Halliwell,2015-10-15 When Neil Young left Canada in 1966 to move to California it was the beginning of an extraordinary musical journey that would leave song after song resonating across the landscapes of North America From Ohio to Albuquerque Young's fascination with America's many places profoundly influenced his eclectic style and helped shape the restless sensibility of his generation In this book Martin Halliwell shows how place has loomed large in Young's prodigious catalog of songs which are themselves a testament to his storied career as a musician playing with bands such as Buffalo Springfield Crazy Horse and of course Crosby Stills Nash Young Moving from the Canadian prairies to Young's adopted Pacific home Halliwell explores how place and travel spurred one of the most prolific creative outputs in music history Placing Young in the shifting musical milieus of the past decades comprised of artists such as Bob Dylan Joni Mitchell Gordon Lightfoot the Grateful Dead Lynyrd Skynyrd Devo and Pearl Jam he traces the ways Young's personal journeys have intertwined with that of American music and how both capture the power of America's great landscapes Spanning Young's career as a singer songwriter from his many bands to his work on films Neil Young will appeal not just to his many fans worldwide but to anyone interested in the extraordinary ways American music has engaged the places from which it comes Young Neil Sharry Wilson,2014-10-01 A supremely compelling chronicle of Neil Young's early life Rolling Stone Covering

the years from 1945 to 1966 this book documents the childhood and teenage life of Canadian musician and Rock Roll Hall of Famer Neil Young From his birth in Toronto through his school years in Florida Ontario and Manitoba the book examines the development of Young s unique talent against a backdrop of shifting postwar values a turbulent family history and a musical revolution in the making and includes many previously unseen photos and set lists Not only takes us on Neil s voyage but also uncovers life in the 40 s 50 s and 60 s in Ontario and Manitoba Wonderful Bernie Finkelstein author of True North A Life In the Music Business Having covered Neil Young for a good portion of his career I thought I knew everything there was to know about the man and his music I was wrong Sharry Wilson s book marked by enormous depth of study and research opens windows into Young s early life and creative development I never knew existed Dave Zimmer author Crosby Stills Nash The Biography **Continuum Encyclopedia of Popular Music of the World: North America** John Shepherd,2003 See

The Encyclopedia of Popular Music: Selected Albums. Bibliographies Colin Larkin,2006 Containing 27 000 entries and over 6 000 new entries the online edition of the Encyclopedia of Popular Music includes 50% more material than the Third Edition Featuring a broad musical scope covering popular music of all genres and periods from 1900 to the present day including jazz country folk rap reggae techno musicals and world music the Encyclopedia also offers thousands of additional entries covering popular music genres trends styles record labels venues and music festivals Key dates biographies and further reading are provided for artists covered along with complete discographies that include record labels release dates and a 5 star album rating system
