Jeffrey R. Weeks

Shape Of Space:

The Shape of Space Jeffrey R. Weeks, 2001-12-12 Maintaining the standard of excellence set by the previous edition this textbook covers the basic geometry of two and three dimensional spaces Written by a master expositor leading researcher in the field and MacArthur Fellow it includes experiments to determine the true shape of the universe and contains illustrated examples and engaging exercises that teach mind expanding ideas in an intuitive and informal way Bridging the gap from geometry to the latest work in observational cosmology the book illustrates the connection between geometry and the behavior of the physical universe and explains how radiation remaining from the big bang may reveal the actual shape of the universe

The Shape of Space Graham Nerlich, 1994-08-04 This is a revised and updated edition of Graham Nerlich's classic book 1976 It develops a metaphysical account of space that treats it as a real and concrete entity showing that shape plays a key explanatory role in space and spacetime theories Arguing that geometrical explanation is very like causal explanation Professor Nerlich prepares the ground for philosophical argument and investigates how different spaces would affect perception differently Along the way Professor Nerlich criticizes and rejects conventionalism as a non realist metaphysics of space concluding that there is in fact no problem of underdetermination for this aspect of spacetime theories while offering an extensive discussion of the relativity of motion

Shape, Space and Measures Katharine Newall, 2004 Shape space and measures provides creative play activities for teaching new concepts and skills in mathematics Fifteen exciting themes explore the different elements of shape space and measures including the properties of 2D and 3D shapes tessellation pattern capacity length weight time size and sequence of the day week and year Activities use a range of resources to produce simple yet effective display and artwork All areas of early years learning are covered using the indoor and outdoor environment
