The Shaping of the Arabs Joel Carmichael, 2020-10-07 This book first published in 1969 brings out clearly and concisely the complex moulding of Arab identity The present day Arabic speaking peoples may be traced back to the Arabian tribes that were later to be shaped into a people by Islam With the Muslim conquests the language of the Arabian tribes became the vernacular of a vast cosmopolitan society extending throughout the Middle East and Southern Mediterranean

The Women of the United Arab Emirates Linda Soffan, 2016-10-04 First published in 1980 this book looks at the factors which influenced the position held by women in the United Arab Emirates in the second half of the 20th century It argues that Islamic Law has granted women rights and privileges in the spheres of family life marriage education and economic pursuits which aim at improving their status in society However due to the interpretations of various religious scholars influenced by local traditions and social trends women have often not been given these rights particularly in family life and marriage In contrast the book also explores how the wealth brought about by the discovery of oil has served to further strengthen the position of UAE women principally in the fields of education social affairs and economic activity This book will be of interest to those studying women in Islamic society and modernisation in the Middle East **Studies in**

Mullahs, Merchants, and Militants Stephen Glain,2014-06-10 A thousand years ago a vast Arab empire stretched from the Asian steppe across the Mediterranean to Spain pioneering new technologies sciences art and culture Arab traders and Arab currencies dominated the global economy in ways Western multinationals and the dollar do today A thousand years later Arab states are in decay Official corruption and ineptitude have eroded state authority and created a vacuum that militant Islam has rushed to fill In *Mullahs Merchants and Militants* Glain takes us on a journey through the heart of what were once the great Islamic caliphates the countries now known as Lebanon Syria Jordan Israel Palestine Iraq and Egypt to illustrate how a once prosperous and enlightened civilization finds itself at a crossroads between a Dark Age and a New Dawn As late as a century ago what we call the Levant was a prosperous trading bloc By carving the region into proxy states and emirates after the First World War the Western powers Balkanized and undermined the Levantine economy That in turn prepared the ground for a regional autocracy that rejected economic openness and religious tolerance qualities that had made the old Islamic caliphates great Today the Arab world has opted out of the global economy with tragic consequences It is up to the new generation of leaders and the Western governments that created the modern Middle East to reverse the sclerosis and revive the region
