Share Our World We The People:

We the People Richard McKenzie Neal,2010-10 Political correctness appears innocuous enough until one truly looks at the ripple effect created by today s manipulative players looking for an advantage Political correctness is a lie because saying it isn t so doesn t change the facts the facts are that pigs don t fly and life ain t fair This charade has become so ingrained in our culture today that no one is willing to call it what it is a fa ade for a culture of entitlement based on denial and rejection of responsibility While political correctness has been solidifying its place in our lives for some time now it has recently been joined by its natural adjunct partner socialism Our current administration has decided it knows what s best for us in spite of a majority of voters expressing an opposing opinion But my real fear is that his agenda and ambitions are going to destroy America Obama is not the first president with a large streak of narcissism But the others had equally expansive feelings about their country He epitomizes today s me culture with their it s not my fault mentality supported by their entitlement attitude He is the embodiment of everything that is wrong with America today he is the maestro of the blame game mistakes will be made but others can be blamed We have misplaced our traditional values while buying into the liberal s progressive mindset Our losses have been mounting for decades and the accumulative consequences are coming to bear The list is endless common sense common courtesies responsibility accountability integrity family values love of country and God I m not suggesting he caused this decline in America s moral values but I would suggest his radical vision for America and beyond is to take what we see today to the next level From his distorted perspective he is myopically focused on shepherding us to what s right for America As the World Was, Can Be, and "WE THE PEOPLE"... We, the People Albie Sachs,2016-11-01 A stirring collection of public talks and essays by an activist and former judge offers an intimate insider s view of South Africa s Constitution This stirring collection of essays and talks by activist and former judge Albie Sachs is the culmination of more than 25 years of thought about constitution making and non racialism Following the Constitutional Court s landmark Nkandla ruling in March 2016 it serves as a powerful reminder of the tenets of the Constitution the rule of law and the continuous struggle to uphold democratic rights and freedoms We the People offers an intimate insider s view of South Africa s Constitution by a writer who has been deeply entrenched in its historical journey from the depths of apartheid right up to the politically contested present As a second year law student at the University of Cape Town Sachs took part in the Defiance Campaign and went on to attend the Congress of the People in Kliptown where the Freedom Charter was adopted in 1955 Three decades later shortly after the bomb attack in Maputo that cost him his arm and the sight in one eye he was called on by the Constitutional Committee of the African National Congress to co draft with Kader Asmal the first outline of a Bill of Rights for a new democratic South Africa In 1994 he was appointed by Nelson Mandela to the Constitutional Court where he served as a judge until 2009 We the People contains some of Sachs most memorable public talks and writings in which he takes us back to the broad based popular foundations of the

Constitution in the Freedom Charter He picks up on Oliver Tambo's original vision of a non racial future for South Africa rather than one based on institutionalised power sharing between the races He explores the tension between perfectability and corruptibility hope and mistrust which lies at the centre of all constitutions Sachs discusses the enforcement of social and economic rights and contemplates the building of the Constitutional Court in the heart of the Old Fort Prison as a mechanism for reconciling the past and the future Subjective experience and objective analysis interact powerfully in a personalised narrative that reasserts the value of constitutionality not just for South Africans but for people striving to advance human dignity equality and freedom across the world today We the People Bruce Ackerman,1993-03-15 In a dualist democracy the rare triumphs of constitutional politics determine the course of normal politics More than a decade in the making and the first of three volumes this compelling book speaks to all who seek to renew and redefine our civic commitments in the decades ahead *Pioneering Pathways* Alexander Schieffer,Rama Mani,Jean Houston,Youssef Mahmoud,2022-04-06 *Pioneering Pathways* 88 Integral Leaders and Changemakers from 43 countries across diverse cultures backgrounds and ages from 7 to 91 associated with Home for Humanity respond to the question From your personal perspective and experience and looking from your own current cultural and societal context What are the most effective ways to transform our divided world into a home for humanity and nurture the paradigm shift towards a regenerative inclusive just and peaceful Earth Civilization *Cracking the Code (EasyRead Edition)* Thom Hartmann,2007 **Congressional Record** United States.
