Shareholder Or Stakeholder Value Cima Research:

Shareholder or Stakeholder Value S. Cooper,D. Crowther,M. Davies,2001-12-31 This research report investigates two new approaches to the management and evaluation of performance within large UK quoted companies The first of these is that of Value based Management and the second Stakeholder Value 37 interviews were carried out with senior personnel to investigate their formal and informal performance management system and superior insights were gained into the behavioral and cultural dimensions of the performance management process

The Ashgate Research Companion to Corporate Social Responsibility Nicholas Capaldi,2016-04-01 In recent years the term corporate social responsibility CSR has gained prominence both in business and in the media not least because of the rise in power of the transnational corporation in an increasingly globalized world It is one of the most debated management issues yet there is a lack of consensus on what the concept means what it entails why it should be embraced and how This Research Companion brings together a team of scholars from around the world to offer their view of the key issues in corporate social responsibility research Each author is concerned with different aspects of CSR providing a variety of theoretical lenses and a wide range of perspectives from different countries and experiences It presents scholars and graduate students with a valuable guide to current thinking and a comprehensive reference to this increasingly important field

Corporate Social Performance: A Stakeholder Approach Stuart Cooper,2017-07-05 Corporate social performance has come of age In a business environment characterized by its perpetual state of flux the ability to recognize and react to global forces becomes paramount The fallout of such rapid change the fast paced developments in communications and technology the continual change to global markets shifting demographics the homogenization of personal values have all contributed to the widespread new interest in issues such as ecology and environment human rights and diversity health and well being and communities All of these issues are now potential liabilities for companies and are very much back on the agenda for business Once regarded as peripheral management concerns they are now recognized as hard to predict and hard for business to deal with when they go wrong This book offers an insight into how corporate social performance can be measured and why this is an important aspect of corporate social responsibility Using detailed case studies it provides readers with the foundations for understanding and applying corporate social performance providing a stakeholder framework by which corporate social performance can be measured alongside a detailed consideration of the value of different stakeholder measures The book also applies this framework to new social accounting standards enabling the reader to consider the validity and appropriateness of these standards The increasingly important role of the internet for corporate social reporting is also considered

Managing Finance D. Crowther,2007-03-30 Managing Finance is developed from tried and tested materials that are easy to read and work is written from a managerial perspective for general managers on executive or MBA courses The text focuses on accounting from the viewpoint of the needs of managers for financial information and understanding Scenarios and examples

are included that demonstrate a socially responsible approach Business Scenarios are presented at the opening of each chapter and this is then used to explore the topics covered given at the start of the chapter This approach is very appealing to people with business experience There is supplementary material with this text for the website with additional exercises cases multiple choice questions Powerpoint presentations and tutorial material This will be kept up to date and provide links to other resources
