Sharks Fins Millet:

Shark's Fins and Millet Ilona Ralf Sues, 1944 **The Raider** Stephen R. Platt, 2025-05-13 The extraordinary life of forgotten World War II hero Evans Carlson commander of America's first special forces secret confidant of FDR and one of the most controversial officers in the history of the Marine Corps who dedicated his life to bridging the cultural divide between the United States and China He was a gutsy old man A corker said another You couldn't find anyone better They talked about him in hushed tones This Major Carlson wrote one of the officers in a letter home is one of the finest men I have ever known These were the words of the young Marines training to be among the first U.S. troops to enter the Second World War and the Major Carlson they spoke of was Evans Carlson a man of mythical status even before the war that would make him a military legend By December of 1941 at the age of forty five Carlson had already faced off against Sandinistas in the jungles of Nicaragua and served multiple tours in China where he embedded with Mao's Communist forces during the Sino Japanese War Inspired by their guerilla tactics and their collaborative spirit which he'd call gung ho introducing the term to the English language and driven by his own Emersonian ideals of self reliance Carlson would go on to form his renowned Marine Raiders the progenitors of today's special operations forces who fought behind Japanese lines on Makin Island and Guadalcanal showing Americans a new way to do battle In *The Raider* Cundill Prize winning historian Stephen R Platt gives us the first authoritative account of Carlson's larger than life exploits the real story based on years of research including newly discovered diaries and correspondence in English and Chinese with deep insight into the conflicted idealism about the Chinese Communists that would prove Carlson's undoing in the McCarthy era Tracing the rise and fall of an unlikely American war hero *The Raider* is a story of exploration of cultural misunderstanding and of one man's awakening to the sheer breadth of the world *The China Mystique* Karen J. Leong, 2005-07-25 Focusing on three women Pearl S Buck Anna May Wong Mayling Soong this book studies the shifting images of China in American culture particularly during the 1930s 40s *Through the Looking Glass* Paul French, 2009-05-01 The convulsive history of foreign journalists in China starts with newspapers printed in the European factories of Canton in the 1820s It also starts with a duel between two editors over the future of China and ends with a fistfight in Shanghai over the revolution This book tells the story of China's foreign journalists

Shanghai on Strike Elizabeth J. Perry, 1993 This work is an important addition to the rather limited literature on the social history of China during the first half of the twentieth century It draws on abundant sources and studies which have appeared in the People's Republic of China since the early 1980s and which have not been systematically used in Western historiography China has undergone a series of fundamental political transformations from the 1911 Revolution that toppled the imperial system to the victory of the communists all of which were greatly affected by labor unrest This work places the politics of Chinese workers in comparative perspective and a remarkably comprehensive and nuanced picture of Chinese labor emerges from it based on a wealth of primary materials It joins the concerns of new labor history for workers culture

and shopfloor conditions with a more conventional focus on strikes unions and political parties As a result the author is able to explore the linkage between social protest and state formation

The Shanghai Capitalists and the Nationalist Government, 1927-1937 Parks M. Coble, 1986 A common generalization about the Nationalist Government in China during the 1927 1937 decade has been that Chiang Kai shek's regime was closely allied with the capitalists in Shanghai This book brings to light a different picture that Nanking sought to control the capitalists politically to prevent them from having a voice in the political structure and to milk the wealth of the urban economy for government coffers This study documents major political conflicts between the capitalists and the government and demonstrates that the regime gradually suppressed the main organizations of the capitalists and gained control of many of their financial and industrial enterprises This is the first systematic examination of the political role of the Shanghai capitalists during the Nanking decade A number of related issues the operation of the government bond market the role of the Shanghai underworld and its ties to Chiang Kai shek the personalities and policies of key government officials such as TV Soong and H H Kung the Japanese attempt to control the economic policies of the Nanking government and the growth of bureaucratic capitalism are brought into focus
