Shed No Tears:

The Lamp, 1904 **Head Over Heels** Martyn de Tours, 2025-08-22 This book of poetry letters and words was influenced by a wide range of interests feelings contradictions attractions sentiments curiosities na vet s fancies and flights of imagination and creativity Most importantly for me at least it alludes to the human condition It is a book that has everything a contemporary poet might rightly detest and even from which they might shy away As a collection of poems it is all over the shop And deliberately so At times it is like a drunken monkey that has been stung by a scorpion Other times it is a calming balsam It is supposed to be different not accidentally diverse It aspires to be delightful and at the same time tries to circumvent the disastrous Some of the pieces are bagatelles Some are free form and some even rhyme Others combine Celtic mysteries from Wales Ireland Scotland Isle of Man China the USA Turkey Switzerland Galicia Asturias Brittany and elsewhere with contemporary frivolity In contrast others talk about magical and mundane events in everyday life There is no central theme other than the colours of saying the games of imagination and the songs without music Lastly I have sought to indulge my ego in writing words that try and avoid the maudlinly romantic the cloyingly sentimental and the depressingly banal I hope that the reader enjoys the mixture that I have prepared and will be delighted by the incongruent tapestry of imagination resonances shapes textures and colours If not Blame me Brainstorm Sam Perroni, 2021-12-21 Brainstorm is an amazing five year probe into the mysterious death of beloved movie star Natalie Wood by a real life criminal law authority who determinedly pursued the truth in the face of Los Angeles County officials hell bent on keeping it buried forever After four decades there is still more to learn about Natalie Wood s tragic drowning Brainstorm is one man s passionate quest to unearth the truth Beth Karas Host of Oxygen s Snapped Notorious former prosecutor and investigative journalist If you have any interest in deciding for yourself whether someone got away with the murder of Natalie Wood this book is for you Marilyn Wayne eyewitness Brainstorm An Investigation of the Mysterious Death of Film Star Natalie Wood is the first person account of Sam Perroni s probing investigation of the actress s death Through lawsuits freedom of information requests and persistent digging Perroni obtained unseen and confidential files documents photographs and information from long lost witnesses revealing the true circumstances surrounding Natalie Wood s drowning *Forever Righteous on God* Clyde Washington, 2021-09-21 And to live by faith was all he had He had no choice but to go to God All the doors of justice were closed to him And in going to God he was told to paint and write This was a world he would find peace away from all the lies and liars He found a world of his own that hides a lot of the pain The more pain the people gave him the more he would paint that pain Then in his spirit world he wrote the poems that went with these paintings He must not sell them for all were a part of him The more he listened to his calling the more paintings he received the more writing that came with them It was controlling him He wanted to think and feel like everyone else He was driven by the force of God **Causal Inference and Discovery in Python** Aleksander Molak, 2023-05-31 Demystify causal inference and casual discovery by uncovering causal

Cut-Throat Wayne Thallon, 2012-06-22 Fact is often stranger than fiction and when Rod McLean an escaped drug baron and alleged MI6 agent was mysteriously found dead in a London flat after two months on the run even Hollywood couldn't have scripted it better McLean had only served seven years of his twenty eight year sentence he received following a 1996 sting operation off the Caithness coast in which a Customs officer lost his life Despite being described as one of the most ruthless and important figures on the country's drug scene McLean had found his security status downgraded from Category A to D and had been transferred to HMP Leyhill an open prison which had seen 82 prisoners escape in 2002 alone Shortly after the media had accused the security services of helping him to escape McLean was found dead But not only did it take the Metropolitan Police 29 days to make the news public it also took them that long to inform Avon and Somerset the very police force who were still trying to recapture him Why Who was McLean and what made him so

important So important in fact that the Home Secretary David Blunkett had been compelled to order a report into his disappearance much of which remains secret to this day Cut Throat is a truly unique account of Rod McLean s life and death told in the first person using material from McLean s own hand Whether as a mercenary in the Congo an armed robber in Newcastle or as an international drug smuggler and gun runner who operated where few others have dared McLean will take you through his life as he struggles against the darkest realms of humanity and himself until the very end an end which overshadows the greatest secret of all not of how he died but of how he lived
