Local Democracy Under Siege Dorothy Holland, Catherine Lutz, Lesley Bartlett, Marla Frederick-McGlathery, 2007-02-07 2007 Society for the Anthropology of North America SANA Book Award Complete List of Authors Dorothy Holland Donald M Nonini Catherine Lutz Lesley Bartlett Marla Frederick McGlathery Thaddeus C Guldbrandsen and Enrique G Murillo Jr What is the state of democracy at the turn of the twenty first century To answer this question seven scholars lived for a year in five North Carolina communities They observed public meetings of all sorts had informal and formal interviews with people and listened as people conversed with each other at bus stops and barbershops soccer games and workplaces Their collaborative ethnography allows us to understand how diverse members of a community not just the elite think about and experience politics in ways that include much more than merely voting This book illustrates how the social and economic changes of the last three decades have made some new routes to active democratic participation possible while making others more difficult Local Democracy Under Siege suggests how we can account for the current limitations of U S democracy and how remedies can be created that ensure more meaningful participation by a greater range of people Complete List of Authors pictured From Left to Right bottom row Enrique Murillo Jr Thaddeus Guldbrandsen Marla Frederick McGlathery Top row Dorothy Holland Catherine Lutz Lesley Bartlett and Don Nonini

How Corporations Hurt Us All Dan Butts, 2003 The recent accounting and corporate scandals of Enron

WorldCom Tyco K Mart and McWane producer of cast iron water and sewer pipes which has killed 9 workers and injured 4600 more with impunity since 1995 and other greedy and lawless billion dollar behemoths are just the tip of the iceberg relative to the serious and pervasive harm that corporations and greed are doing to people communities the earth and to our children s and grandchildren s future How Corporations Hurt Us All examines many crises including how Big Oil billion dollar weapons contractors and unaccountable private firms like DynCorps are continuing dangerous and immoral Cold War policies by driving multiple wars and military operations our collapsing corporate health care system that restricts free speech stifles public debate and manipulates public opinion to serve narrow corporate and political goals Some of the world s largest multinational corporationsDExxonMobil 1 oil company Wal Mart 1 retailer HCA 1 hospital conglomerate Citigroup the world s 1 financial institution and other rogue operations are profiled in the book The good news is that there are effective approaches to all of these interrelated greed driven crises Even more hopeful are the corporate reform and global economic democracy movements representing thousands of dedicated citizens groups and millions fo individuals throughout the world Yet what is ultimately necessary to reverse global economic social and environmental deterioration and eventual collapse insure world peace and security strength our weakened civil liberties and fulfill our human potential as the book explains is forging a broad consensus on a new bottom line or organizing principle for business and society

The Burden of Academic Success Allison L. Hurst,2010-03-01 The Burden of Academic Success Loyalists Renegades and Double Agents explores class identity reconstructions among working class students attending a public university Rather than focus on working class failure this book takes a critical look at the psychological and social costs of academic success Based on several hours of interviews with a diverse group of working class students this book describes how successful students respond to react to and manage their academic success The book does for class what other theorists have done for race examining the dynamic interplay of class identity and educational success social mobility The distinguishing features of the book are rich narrative detail compelling stories of student success and struggle intersectional analysis exploring the ways class race and gender inform each other in students understandings and narratives with an interwoven theory throughout and a new typology for understanding working class student responses to the burden of academic success The Burden of Academic Success is ideal for courses on sociology education and American studies as well as for use by college educators and administrators

Dividing Classes Ellen Brantlinger,2013-04-03 In this study of the school system of an Indiana town Ellen Brantlinger studies educational expectations within segments of the middle class that have fairly high levels of attainment Building on her findings she examines the relationship between class structure and educational success This book asserts the need to look beyond poor peoples values and aspirations and rather to consider the values of dominant groups to explain class stratification and educational outcomes

Resources in Education ,1998-04 **Faith, Physics, and Psychology** John Fitzgerald Medina,2006 In Faith Physics and Psychology John Fitzgerald Medina offers a new

understanding of the important role of religion and spirituality in the building of a global society Knowledge and Power in the Global Economy David Gabbard, 2017-07-05 Advancing a three fold political agenda this volume illuminates how the meanings assigned to a whole vocabulary of words and phrases frequently used to discuss the role and reform of U S public schools reflect an essentially economic view of the world contends that education or educational reform conducted under an economized worldview will only intensify the effects of the colonial relations of political and economic domination that it breeds at home and abroad and offers a set of alternative concepts and meanings for reformulating the role of U S public schools and for considering the implications of such a reformulation more generally for the underlying premises of all human relationships and activities Toward these ends the authors in Part I critically examine many of the most commonly used terms within the rhetoric of educational reform since the early 1980s and before Part II links today s economized worldview to curricular and instructional issues These essays are especially important for comprehending how the organization of school curriculum privileges those disciplines deemed most central to market expansion math and science and how the political centrality of the economic sphere influences the nature of the knowledge presented in specific content areas Given that language constrains as well as advances human thought the twin tasks of de economizing education and decolonizing society will require a vocabulary that transcends the familiar terminologies addressed in Parts I and II The entries in Part III cultivate the beginnings of such a vocabulary as the authors elucidate innovative concepts which they view as central to the creation of truly alternative educational visions and practices Critical Issues in Education Jack L. Nelson, Stuart B. Palonsky, Mary Rose McCarthy, 2017-07-27 Few subjects engender more strongly held beliefs and contrary views than education The outcomes of debates over education and educational reform impact all citizens Media coverage of these controversies is sometimes shallow and one sided fostering the need to develop critical thinking skills These skills in turn open opportunities for personal growth joining the public debate and helping others participate in critical discussions The authors of Critical Issues in Education present two opposing positions for each of sixteen different hot button issues including multiculturalism school finance charter schools teacher evaluation cyberbullying and gender equity Prospective teachers will find the authors approach eye opening and stimulating Ideally they will teach these valuable skills to their students who will prosper academically and personally from understanding and considering diverse viewpoints
