Firefight Ginger Adams Otis, 2015-05-26 In 1919 when Wesley Williams became a New York City firefighter he stepped into a world that was 100% white and predominantly Irish As far as this city knew black men in the Fire Department of New York FDNY tended horses Nearly a century later many things in the FDNY had changed but not the scarcity of blacks New York had about 300 black firefighters roughly 3 percent of the 11 000 New York firefighters in a city of two million African Americans That made the FDNY a true aberration compared to all the other uniformed departments like the NYPD Decades earlier women and blacks had sued over its hiring practices and won But the FDNY never took permanent steps to eradicate the inequities which led to a courtroom show down between New York City's billionaire Mayor Mike Bloomberg and a determined group of black activist firefighters It was not until 2014 that the city settled the 98 million lawsuit At the center of this book are stories of courage about firefighters risking their lives in the line of duty but also risking their livelihood by battling an unjust system Among them FDNY Captain Paul Washington a second generation black firefighter who spent his multi decade career fighting to get minorities on the job He faced an insular culture made up of relatives who never saw their own inclusion as favoritism Based on author Ginger Adams Otis years of on the ground reporting *Firefight* is an exciting blend of the high octane energy of firefighting and critical Civil Rights history *Improve the Basic Workweek and Revise the Pay Structure of Firefighter Personnel of Executive Agencies* United States. Over the past century, some of the world's largest wildland fires have occurred in Oregon. Accidentally set by a disgruntled cook on an English ship, the Great Fire of 1845 displaced multiple tribes and boiled wildlife alive in the Columbia River. The Tillamook Burn started up every 6 years from 1933 to 1951 and incited one of the largest reseeded efforts in the world, with 72 million seedlings planted. The Long Draw Fire of 2012, the state's largest in more than 150 years, started as a small spark and raged into an ocean of flames thousands of acres wide in a matter of hours. Veteran wildland firefighter Sean Davis shares harrowing firsthand accounts that illustrate what it takes to battle an inferno.
